

stand by our characterization of this process as "difficult."

Ta Chen provided exhaustive explanations of its sales transactions involving Blossom. We have no basis for rejecting Ta Chen's sales to Blossom or for requiring that Ta Chen report Blossom's subsequent home market sales. Similarly, we did not use the downstream U.S. sales through one U.S. customer, Team Alloys, that Ta Chen subsequently acquired, even though Ta Chen reported these downstream sales in a separate section C computer file.

As for home market shipping expenses, we have used the expenses as reported by Ta Chen, and have made no corrections in light of our findings at verification.

Finally, the Department agrees with Ta Chen's suggested typographical clarifications.

Final Results of Review

Based on our review of the arguments presented above, for these final results we have made changes in our margin calculations for Ta Chen. After comparison of Ta Chen's EP to normal value (NV), we have determined that Ta Chen's weighted-average margin for the period December 1, 1994 through November 30, 1995 is 0.10 percent.

The Department shall determine, and the U.S. Customs Service shall assess, antidumping duties on all appropriate entries. Individual differences between U.S. price and NV may vary from the percentage stated above. The Department will issue appraisal instructions directly to Customs.

Furthermore, the following deposit requirements will be effective upon completion of the final results of this administrative review for all shipments of WSSP from Taiwan entered, or withdrawn from warehouse, for consumption on or after the publication of the final results of this administrative review, as provided in section 751(a)(1) of the Tariff Act:

(1) The cash deposit rate for Ta Chen will be zero percent, in light of its *de minimis* weighted-average margin;

(2) For previously reviewed or investigated companies other than Ta Chen, the cash deposit rate will continue to be the company-specific rate published for the most recent period;

(3) If the exporter is not a firm covered in this review, a prior review, or the LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and

(4) If neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the

Department, the cash deposit rate will be 19.84 percent. See Amended Final Determination and Antidumping Duty Order; Certain Welded Stainless Steel Pipe From Taiwan, 57 FR 62300 (December 30, 1992). These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

All U.S. sales by the respondent Ta Chen will be subject to one deposit rate according to the proceeding. The cash deposit rate has been determined on the basis of the selling price to the first unrelated customer in the United States. For appraisal purposes, where information is available, we will use the entered value of the subject merchandise to determine importer-specific appraisal rates.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 751(a)(1) and 777(l)(1) of the Tariff Act.

Dated: July 8, 1998.

Richard W. Moreland,

Acting Assistant Secretary for Import Administration.
