Application Procedures

A. Problem Statement

The applicant must provide a statement describing the jurisdiction's terrorist vulnerability and threat assessment.

B. Equipment Needs

The applicant must provide an assessment of equipment needs of the fire service, law enforcement, emergency medical services, and hazardous materials response and prioritize requested equipment in the following categories: personal protective equipment, detection and decontamination equipment, and communications equipment.

D. Goals and Objectives

The applicant must provide a description of the goals and objectives of the jurisdiction's plan to acquire equipment and describe how the equipment will enhance operations.

E. Implementation and Evaluation Plan

The applicant must provide a program implementation plan for equipment acquisitions and deadlines for completion of each increment of the procurement process.

F. Additional Resources

Applicants are encouraged to leverage other resources at the State and local level, in support of its equipment acquisition plan.

G. Equipment Coordination Certification

The Chief Executive Officer (CEO) of the jurisdiction must sign a certificate confirming that the application was coordinated with the fire service, emergency medical services, hazardous materials response units, and law enforcement agencies, operating within the jurisdiction.

Application Kits

Application kits will be mailed to the Chief Executive Officers in each of the targeted jurisdictions.
