

anticipates the potential for this trend to continue through the end of the current Summer Period. However, FGT is precluded from automatically decreasing any further its base FRCP of 3.46%, accepted in Docket No. TM98-4-34-000 effective April 1, 1998, because the flex adjustment of <0.50>% accepted in Docket No. TM98-5-34-000 is the maximum allowed pursuant to Section 27.A.2.b of FGT's Tariff.

As a result, FGT is filing herein to reestablish its based FRCP at 2.96%. Approval of the instant filing would provide FGT the opportunity to make a downward flex adjustment at least seven days before the September 1, 1998 effective date in the event FGT deems it prudent to lower its FRCP further to mitigate operational problems experienced as a result of the over recovery of fuel and to minimize the balance of the deferred fuel account to be resolved in the next Summer Period. Also, if conditions warrant, FGT would be able to flex up from the new base FRCP to a maximum of 3.46% if unanticipated under recoveries of fuel occur.

Any person desiring to be heard or to protest this filing should file a motion to intervene of a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

[Docket No. CP98-695-000]

Tennessee Gas Pipeline Company; Notice of Request Under Blanket Authorization

Issued July 31, 1998.

Take notice that on July 27, 1998, Tennessee Gas Pipeline Company (Tennessee), Post Office Box 2511, Houston, Texas 77252-2511, filed a request with the Commission in Docket No. CP98-695-000, pursuant to 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (NGA) for authorization to operate as jurisdictional certain existing delivery point facilities that were initially constructed under Section 311(a) of the Natural Gas Policy Act of 1978 (NGPA) authorized in blanket certificate issued in Docket No. CP82-413-000, all as more fully set forth in the request on file with the Commission and open to public inspection.

Tennessee proposes to operate certain existing delivery point facilities under Section 7(c) of the NGA and Tennessee's Part 157, Subpart F blanket certificate. Tennessee reports that the delivery point facilities are located in Franklin County, Alabama, Barren County, Kentucky, Scholharie County, New York, and Allen County, Kentucky, and that the delivery point facilities were constructed to implement transportation agreements under Section 311 of the NGPA. Tennessee states that granting the request would enable Tennessee to fully utilize these facilities for all transportation services, pursuant to Section 311 for the NGPA and Section 7 of the NGA and would increase the transportation options of customers on Tennessee's system.

Tennessee further states that delivery volumes through the existing delivery points would not impact Tennessee's peak day and annual deliveries. Tennessee reports that the proposed activity is not prohibited by its existing tariff and that Tennessee has sufficient capacity to accommodate the changes proposed without detriment or disadvantage to Tennessee's other customers.

Any person or the Commission's staff may, within 45 days after the Commission has issued this notice, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the NGA (18 CFR 157.205) a protest to the
