

products provide an appropriate degree of protection for their information.

In order to help consumers choose commercial off-the-shelf IT products, NIST and NSA are developing a program to evaluate conformance of IT products to international standards. This program has the following objectives:

- To develop, operate, and maintain a Common Criteria Evaluation and Validation Scheme;
- To provide for security evaluations in private sector laboratories;
- To ensure that evaluations of IT products are performed to consistent standards and to increase confidence in the security of those products;
- To improve the availability of evaluated IT products;
- To create a climate for IT security products of "Make them here, test them here, sell them world-wide".

The proposed scheme will promote evaluations of IT products conducted in the private sector by accredited testing laboratories. Products will be evaluated against the Common Criteria for Information Technology Security Evaluation, an emerging International Standards Organization (ISO) standard. Evaluation results will be validated by NIAP leading to the issuance of a validation certificate and placement on a validated products list. Certificates for the validated products will be recognized by participants in mutual recognition agreements based on the Common Criteria, thus reducing the need for multiple security evaluations.

This workshop is for the following audiences:

- Manufacturers, developers, and integrators of IT products interested in having their products evaluated against the Common Criteria;
- Testing laboratories interested in evaluating IT products to the Common Criteria;
- Government and private sector consumers desiring IT products evaluated against the Common Criteria and validated by NIAP.

The workshop will cover a variety of topics to include:

- Introduction to IT product security evaluation;
- Overview of the Common Criteria Scheme;
- Status report on the Common Criteria and Common Evaluation Methodology;
- Laboratory accreditation;
- Validation of evaluation results by NIAP.

Dated: August 6, 1998.

Robert E. Hebner,

Acting Deputy Director.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 080498F]

Gulf of Mexico Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council will convene a public meeting of its Ad Hoc Finfish Stock Assessment Panel (Panel).

DATES: The meeting of the Panel will be held beginning at 1:00 p.m. on Monday, August 24, 1998 and will conclude by 12:00 noon on Thursday, August 27, 1998.

ADDRESSES: The meeting will be held at the Gulf Coast Research Laboratory, 703 East Beach Drive, Ocean Springs, MS.

FOR FURTHER INFORMATION CONTACT: Steven Atran, Population Dynamics Statistician, Gulf of Mexico Fishery Management Council, 3018 U.S. Highway 301 North, Suite 1000, Tampa, FL 33619; telephone: 813-228-2815.

SUPPLEMENTARY INFORMATION: The Panel will be re-convened to develop additional alternatives for the overfishing criteria as required by the Sustainable Fisheries Act (SFA). In a previous meeting held June 22-25, 1998, the Panel developed a generalized procedure for selecting proxies for expressing maximum sustainable yield (MSY) and optimum yield (OY) in terms of spawning potential ratio (SPR). The Panel discussed, but did not come to a consensus on, the use of the ratio of natural mortality rate to growth rate coefficients (the M/K ratio) as a scaling factor for setting appropriate levels of SPR. When it reconvenes, the Panel will re-examine the use of M/K ratios as a basis for resiliency of fish to overfishing. In addition, the Panel will examine additional alternatives for MSY proxies for red snapper, king mackerel, and red drum based on juvenile fish recruitment, stock biomass levels, or other relevant indices.

Although other issues not contained in this agenda may come before the Panels for discussion, in accordance

with the Magnuson-Stevens Fishery Conservation and Management Act, those issues may not be the subject of formal action during this meeting. Panel action will be restricted to those issues specifically identified in the agenda listed in this notice.

A copy of the agenda can be obtained by contacting the Gulf Council (see ADDRESSES).

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Anne Alford at the Council (see ADDRESSES) by August 17, 1998.

Dated: August 5, 1998.

Bruce C. Morehead,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-F

DEPARTMENT OF COMMERCE

Patent and Trademark Office

Disclosure Document Program

ACTION: Proposed collection; comment request.

SUMMARY: The Department of Commerce (DOC), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to comment on the continuing and proposed information collection, as required by the Paperwork Reduction Act of 1995, Pub. L. 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before October 13, 1998.

ADDRESSES: Direct all written comments to Linda Engelmeier, Departmental Forms Clearance Officer, Department of Commerce, Room 5327, 14th and Constitution Avenue, NW, Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to the attention of Robert J. Spar, Patent and Trademark Office, Washington, D.C. 20231, by telephone at (703) 305-9285 or by facsimile transmission to (703) 308-6916.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Disclosure Document Program allows inventors to submit papers that provide evidence of the date of conception of an invention. The disclosure document papers will be

retained by the PTO for two years, during which time the inventors should file a patent application if patent protection is desired.

II. Method of collection

By mail, facsimile and hand-carry when the inventor desires to participate in the information collection.

III. Data

OMB Number: 0651-0030.
 Form Number: PTO/SB/95.
 Type of Review: Revision of a currently approved collection.
 Affected Public: Individuals or households, businesses or other for-profit, not-for-profit institutions, farms, state, local or tribal governments, and the Federal Government.

Estimated Number of Respondents: 27,000 responses per year.

Estimated Time Per Response: It is estimated to take approximately 12 minutes to complete a disclosure document deposit request.

Estimated Total Annual Respondent Burden Hours: 5,400 hours per year.

Estimated Total Annual Respondent Cost Burden: \$54,000 per year.

Title of form	Form Nos.	Estimated time for response	Estimated annual burden hours	Estimated annual responses
Disclosure Document Deposit Request	PTO/SB/95	12 mins ...	5,400	27,000
Totals	5,400	27,000

Note: The time estimate for the form includes the time to prepare the invention disclosure documents.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, e.g., the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection; they will also become a matter of public record.

Dated: August 6, 1998.

Linda Engelmeier,

Departmental Forms Clearance Officer, Office of the Chief Information Officer.

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Availability of Invention for Licensing; Government-Owned Invention

AGENCY: Department of the Navy, DOD.
 ACTION: Notice.

SUMMARY: The invention listed below is assigned to the United States Government as represented by the Secretary of the Navy and is available

for licensing by the Department of the Navy. U.S. Patent Application Ser. No. 09/007,826 entitled "Phthalonitrile Prepolymerization Composition," Navy Case No. 78596.

ADDRESSES: Requests for copies of the patent application cited should be directed to the Office of Naval Research, ONR 00CC, Ballston Tower One, 800 North Quincy Street, Arlington, Virginia 22217-5660, and must include the Navy Case number.

FOR FURTHER INFORMATION CONTACT: Mr. R. J. Erickson, Staff Patent Attorney, Office of Naval Research, ONR 00CC, Ballston Tower One, 800 North Quincy Street, Arlington, Virginia 22217-5660, telephone (703) 696-4001.

(Authority: 35 U.S.C. 207, 37 CFR Part 404.)

Dated: August 4, 1998.

Sandra K. Melancon,

Paralegal Specialist, Office of the Judge Advocate General, Alternate Federal Register Liaison Officer.

BILLING CODE 3810-FF-P

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Intent to Grant Exclusive Patent License; Dow-United Technologies Composite Products, Inc.

AGENCY: Department of the Navy, DOD.
 ACTION: Notice.

SUMMARY: The Department of the Navy hereby gives notice of its intent to grant to Dow-United Technologies Composite Products, Inc., a revocable, nonassignable, exclusive license in the United States and certain foreign countries, to practice the Government owned inventions described in U.S. Patent Nos. 4,223,123 entitled

"Aliphatic Phenoxy Polyphthalocyanine"; 4,259,471 entitled "Polyphenylether-Bridged Polyphthalocyanine"; 4,304,896 entitled "Polyphthalocyanine Resins"; 4,408,035 entitled "Phthalonitrile Resin from Diphthalonitrile Monomer and Amine"; 4,410,676 entitled "Phenolic-Cured Phthalonitrile Resins"; 5,003,039 entitled "Amino Phenyl Containing Curing Agent for High Performance Phthalonitrile Resin"; 5,208,318 entitled "Phosphazene-Containing Amine as Curing Agent for Phthalonitrile-Base Polymer"; 5,247,060 entitled "Curing Phthalonitriles with Acid"; 5,389,441 entitled "Phthalonitrile Prepolymer as High Temperature Sizing Material for Composite Fibers"; and U.S. Patent Applications 08/940,043 entitled "Fiber-Reinforced Phthalonitrile Composite Cured with Low-Reactivity Aromatic Amine Curing Agent"; and 09/007,826 entitled "Phthalonitrile Prepolymerization Composition" in the field of high temperature resins for aircraft components.

DATES: Anyone wishing to object to the grant of this license must file written objections along with supporting evidence, if any, not later than October 13, 1998.

ADDRESSES: Written objections are to be filed with the Office of Naval Research, ONR 00CC, Ballston Tower One, 800 North Quincy Street, Arlington, Virginia 22217-5660.

FOR FURTHER INFORMATION CONTACT: Mr. R. J. Erickson, Staff Patent Attorney, Office of Naval Research, ONR 00CC, Ballston Tower One, 800 North Quincy Street, Arlington, Virginia 22217-5660, telephone (703) 696-4001.
