El Paso Natural Gas Company; Notice of Request Under Blanket Authorization

September 23, 1998.

Take notice that on September 14, 1998, El Paso Natural Gas Company, (El Paso) PO Box 1492, El Paso, Texas 79978, filed in Docket No. CP98-777-000 a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.212). El Paso filed for authorization to upgrade an existing bi-directional meter station in Lea County, New Mexico, under El Paso's blanket certificates issued in Docket No. CP82-435 and CP88-433-000, pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Specifically, El Paso would upgrade its Grama Ridge Meter Station by changing one of the three existing orifice plates with a new 5.75 bore orifice plate. The new 5.75 orifice would initiate an increase of the maximum peak day capacity from 50,000 Mcf to 95,000 Mcf of natural gas for LG&E Natural Gathering and Processing Company's anticipated increase in storage withdrawal and injection at its storage facility in Lea County. El Paso estimates the cost to upgrade the station at \$200 and states that it has sufficient capacity to

accomplish the transportation of the increased service without detriment or disadvantage to its other customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.
