

required only to represent their status (i.e., whether small, small disadvantaged, or women-owned small businesses). Section 714(c) of the Small Business Competitiveness Demonstration Program Act requires each participating agency to collect data pertaining to the size as well as the status of the small business concern receiving any award for services in the four designated industry groups and products or services in the agencies' ten targeted industry categories. The size of the small businesses is collected in terms of the number of employees or dollar volume of sales. The number of employees is based on the average of the pay periods for the last twelve months. The volume of sales is based on the average annual gross revenue for the last three fiscal years (see FAR 19.101). The size information is collected during the solicitation process as part of the representation requirement. This data will be used to evaluate the small business impact of the Program.

The former information collection requirements set forth in section 714(b) of the Small Business Competitiveness Demonstration Program Act, pertaining to the simplified system to collect data on the participation of small business concerns as subcontractors under prime contracts for architectural and engineering (A&E) services, expired on September 30, 1997. Accordingly, this proposed reinstatement excludes that data collection requirement.

B. Annual Reporting Burden

Public reporting burden for this collection of information is estimated to average five minutes per response, including the time to gather the information and complete the solicitation provision. The annual reporting burden is estimated as follows: Respondents, 603,524; responses per respondent, 1; total annual responses, 603,524; preparation hours per response, .08333, and total response burden hours, 50,273.

Obtaining Copies of Proposals

A copy of the Paperwork justification is available from the Office of Federal Procurement Policy, Room 352, OEOB, Washington, DC 20503. Please cite the Small Business Competitiveness Demonstration Program in all correspondence.

THE NATIONAL FOUNDATION FOR THE ARTS AND HUMANITIES

Proposed Collection, Comment Request; Institute of Museum and Library Services

ACTION: Notice.

SUMMARY: The Institute of Museum and Library Services as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3508(2)(A)]. This program helps to ensure that requested data can be

provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently the Institute of Museum and Library Services is soliciting comments concerning the proposed Conservation Assessment Program evaluation questionnaires.

A copy of the proposed information collection request can be obtained by contacting the individual listed below in the addresses section of this notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section below on or before November 30, 1998.

IMLS is particularly interested in comments that help the agency to:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
 - Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
 - Enhance the quality, utility and clarity of the information to be collected; and
 - Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
- ADDRESSES:** Send comments to: Dr. Rebecca Danvers, Director of the Office of Research and Technology, Institute of Museum and Library Services, 1100 Pennsylvania Ave., NW, Room 802, Washington, D.C. 20506. Dr. Danvers can be reached on (202) 606-2478 or at rdanvers@imls.fed.us.

SUPPLEMENTARY INFORMATION:

I. Background

The Museum and Library Services Act, Pub. L. 104-208 enacted on September 30, 1996, authorized the IMLS to make grants to improve library and museum services. As part of its continuing efforts to ensure that all grant programs achieve their goals, the Institute has embarked on a project to evaluate all of its grant programs. This evaluation focuses on the Conservation Assessment Program. The Conservation Assessment Program (CAP) provides eligible museums with a source of general conservation survey grants. The

general conservation survey or assessment provides an overview of all of the museum's collections, as well as its environmental conditions, and policies and procedures relating to collections care. The assessment report assists the institution by:

- Providing recommendations and priorities for conservation actions, both immediate and long-term;
- Facilitating the development of long-range institutional plans for the care and preservation of the collections; and
- Serving as a fundraising tool for future conservation projects.

II. Current Actions

This is a new information collection. The data collection is needed to assess the effectiveness of the Conservation Assessment Program.
