

average of the annual Gross Domestic Product Implicit Price Deflator index from the past four years. The Department then calculated weight-averaged annual prices according to the specified nominal delivery volumes for each year to arrive at the long-term contract price. The Department then calculated a simple average of the UPIS U.S. Base Price and the long-term contract price as determined by the Department.

Weighting

The Department used the average spot and long-term volumes of U.S. utility and domestic supplier purchases, as reported by the Energy Information Administration (EIA), to weight the spot and long-term components of the observed price. In this instance, we have used purchase data from the period 1994–1997. During this period, the spot market accounted for 77.66 percent of total purchases, and the long-term market for 22.34 percent.

As in previous determinations, the Department used the Energy Information Administration's (EIA) *Uranium Industry Annual* to determine the available average spot- and long-term volumes of U.S. utility purchases. We have updated the data to reflect the period 1994 through 1997. The EIA has withheld certain business proprietary contract data from the public versions of the *Uranium Industry Annual 1994*, *Uranium Industry Annual 1995*, *Uranium Industry Annual 1996* and the *Uranium Industry Annual 1997*. The EIA, however, provided all business proprietary data to the Department and the Department has used it to update its weighting calculation.

Calculation Announcement

The Department determined, using the methodology and information described above, that the observed market price is \$10.85. This reflects an average spot market price of \$10.71, weighted at 77.66 percent, and an average long-term contract price of \$11.30, weighted at 22.34 percent. Since this price is below \$12.00–\$13.99 as defined in Appendix A of the suspension agreement with Kazakhstan, Kazakhstan does not receive an Appendix A quota for the period October 1, 1998, to March 30, 1999. This price will also be used, as appropriate, according to Section IV.A. of the Uzbek agreement.

Comments

Consistent with the February 22, 1993, letter of interpretation, the Department provided interested parties the preliminary price determination for

this period on September 21, 1998. No interested party submitted comments.

Dated: September 29, 1998.

Joseph A. Spetrini,

Deputy Assistant Secretary, for Antidumping Countervailing Duty—Group III.

DEPARTMENT OF COMMERCE

International Trade Administration

U.S. Automotive Parts Advisory Committee; Closed Meeting

AGENCY: International Trade Administration, Commerce.

ACTION: Closed meeting of U.S. Automotive Parts Advisory Committee.

SUMMARY: The U.S. Automotive Parts Advisory Committee (the "Committee") advises U.S. Government officials on matters relating to the implementation of the Fair Trade in Auto Parts Act of 1988. The Committee: (1) Reports annually to the Secretary of Commerce on barriers to sales of U.S.-made auto parts and accessories in Japanese markets; (2) assists the Secretary in reporting to the Congress on the progress of sales of U.S.-made auto parts in Japanese markets, including the formation of long-term supplier relationships; (3) reviews and considers data collected on sales of U.S.-made auto parts to Japanese markets; (4) advises the Secretary during consultations with the Government of Japan on these issues; and (5) assists in establishing priorities for the Department's initiatives to increase U.S.-made auto parts sales to Japanese markets, and otherwise provide assistance and direction to the Secretary in carrying out these initiatives. At the meeting, committee members will discuss specific trade and sales expansion programs related to U.S.-Japan automotive parts policy.

DATE AND LOCATION: The meeting will be held on October 15, 1998 from 10:30 a.m. to 3:00 p.m. at the U.S. Department of Commerce in Washington, DC.

FOR FURTHER INFORMATION CONTACT: Dr. Robert Reck, Office of Automotive Affairs, Trade Development, Room 4036, Washington, DC 20230, telephone: (202) 482–1418.

SUPPLEMENTARY INFORMATION: The Assistant Secretary for Administration, with the concurrence of the General Counsel formally determined on September 11, 1998, pursuant to Section 10(d) of the Federal Advisory Act, as amended, that the series of meetings or portions of meetings of the Committee

and of any subcommittee thereof, dealing with privileged or confidential commercial information may be exempt from the provisions of the Act relating to open meeting and public participation therein because these items are concerned with matters that are within the purview of 5 U.S.C. 552b (c)(4) and (9)(B). A copy of the Notice of Determination is available for public inspection and copying in the Department of Commerce Records Inspection Facility, Room 6020, Main Commerce.

Dated: September 28, 1998.

Henry P. Misisco,

Director, Office of Automotive Affairs.

DEPARTMENT OF DEFENSE

Department of the Army

Notice of Availability for the Draft Environmental Impact Statement (DEIS) for the Disposal and Reuse of Fort Chaffee, Arkansas

AGENCY: Department of the Army, DOD.

ACTION: Notice of Availability.

SUMMARY: In compliance with the National Environmental Policy Act (NEPA) of 1969 and the President's Council on Environmental Quality, the Army has prepared a DEIS for the disposal and reuse of Fort Chaffee, Arkansas. The approved 1995 base closure and realignment actions required by the Base Closure and Realignment Act of 1990 (Pub. L. 101–510), and subsequent actions in compliance with this law, mandated the closure of Fort Chaffee. It is Department of Defense (DOD) policy to dispose of property no longer needed by DOD.

Consequently, as a result of the mandated closure of Fort Chaffee, the Army is disposing of excess property at Fort Chaffee.

DATES: The public comment period for the DEIS will end 45 days after publication of the NOA in the **Federal Register** by the Environmental Protection Agency (EPA).

ADDRESSES: Questions and/or written comments regarding the DEIS or a request for a copy of the document may be directed to Mr. Jim Ellis at the Little Rock District, U.S. Army Corps of Engineers (ATTN: CESWL-PL-A), PO Box 867, Little Rock, AR 72203.

FOR FURTHER INFORMATION CONTACT: Mr. Jim Ellis at (501) 325-5033 or telefax at (501) 324-5605.

SUPPLEMENTARY INFORMATION: The DEIS analyzes three disposal alternatives: (1) The no action alternative, which entails maintaining the property in caretaker status after closure; (2) the encumbered disposal alternative, which entails transferring the property to future owners with Army-imposed limitations or encumbrances on the future use of the property; and (3) the unencumbered disposal alternative, which entails transferring the property to future owners with fewer or no Army-imposed restrictions on the future use of the property. The preferred action identified in this DEIS is encumbered disposal of excess property at Fort Chaffee. Based upon the analysis contained in the DEIS, encumbrances and deed restrictions associated with the Army's disposal actions for Fort Chaffee will be mitigation measures.

Planning for the reuse of the property to be disposed of is a secondary action resulting from closure. The local community established the Fort Chaffee Redeveloping Authority (FCRA) to produce a reuse development plan for the surplus property. The impacts of reuse are evaluated in terms of land use intensities. This reuse analysis is based upon implementing one of three reuse alternatives, all of which are based upon the FCRA reuse plan. The Army has not selected one of these three reuse alternatives as the preferred action. Selection of the preferred reuse plan is a decision that will be made by the FCRA.

Copies of the DEIS have been forwarded to the EPA, other Federal, state, and local agencies; public officials; and organizations and individuals who previously provided substantive comments in the EIS scoping process. Copies of the DEIS are available for review at the following libraries: Arkansas River Valley Regional Library, 501 N. Front Street,

Dardenelle, Arkansas 72834; Charleston Public Library, 501 Main Street, Charleston, Arkansas 72933; Clarksville Public Library, 2 Taylor Circle, Clarksville, Arkansas 72830; Franklin County Library, 407 W. Market, Ozark, Arkansas 72949; Fort Smith Public Library, 61 S. 8th Street, Fort Smith, Arkansas 72901; Gattis—Logan County Library, 100 E. Academy, Paris, Arkansas 72855; Logan County Library, 419 N. Kennedy Street, Booneville, Arkansas 72927; Sebastian County Library, 18 North Adair, Greenwood, Arkansas 72936; Van Buren Public Library, 111 N. 12th Street, Van Buren, Arkansas 72956; Yell County Library, 901 Atlanta Street, Danville, Arkansas 72833; and Little Rock District, U.S. Army Corps of Engineers, 700 West Capitol, Little Rock, Arkansas 72201.

A public meeting will be held during the 45-day DEIS comment period, to afford the public the opportunity to provide oral and written comments on the DEIS. The location and time of the meeting will be announced in local newspaper at least 15 days prior to the meeting. Verbal comments made at the public meeting and written comments received during the comment period will be used in the preparation of the FEIS and ROD.

Dated: September 30, 1998.

Raymond J. Fatz,

Deputy Assistant Secretary of the Army (Environment, Safety and Occupational Health), OASA (I,L&E).
