Currency Conversion

We made currency conversions in accordance with section 773A of the Act based on rates certified by the Federal Reserve Bank in effect on the dates of the U.S. sales. See *Change in Policy Regarding Currency Conversions*, 61 FR 9434 (March 8, 1996).

Final Results of the Review

As a result of our review, we determine that the following margin exists for the period August 1, 1996 through July 31, 1997:

Manufacturer/exporter	Margin (percent)
Prayon	4.35

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. Individual differences between normal value and export price may vary from the percentage stated above. We have calculated an importer-specific duty assessment rate based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of the same sales. The rate will be assessed uniformly on all entries of that particular company made during the POR. The Department will issue appraisement instructions directly to the Customs Service.

Furthermore, the following deposit requirements will be effective upon publication of this notice of amended final results of review for all shipments of IPA from Belgium entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a) of the Act: (1) For the companies named above, the cash deposit rate will be the rate listed above (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a previous segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the most recent final results which covered that manufacturer or exporter; (3) if the exporter is not a firm covered in this review or in any previous segment of this proceeding, but the manufacturer is, the cash deposit rate will be that established for the manufacturer of the merchandise in these final results of review or in the most recent final results which covered

that manufacturer; and (4) if neither the exporter nor the manufacturer is a firm covered in this review or in any previous segment of this proceeding, the cash deposit rate will be 14.67 percent, the "all others" rate established in the LFTV investigation. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with section 351.306 of the Department's regulations. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: October 7, 1998.

Robert S. LaRussa,

Assistant Secretary, Import Administration.

Roller Chain, Other Than Bicycle, From Japan: Postponement of Preliminary Results of Antidumping Duty Administrative Review (A-588-028)

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Extension of time limits for preliminary results of antidumping duty administrative review.

SUMMARY: The Department of Commerce is extending the time limits of the preliminary results of the antidumping duty administrative review of the antidumping finding on roller chain, other than bicycle, from Japan, covering

the period April 1, 1997, through March 31, 1998, since it is not practicable to complete the review within the time limits mandated by Section 751(a)(3)(A) of the Tariff Act of 1930 (the Act), as amended.

EFFECTIVE DATE: October 14, 1998.

FOR FURTHER INFORMATION CONTACT: Ron Trentham or Cameron Werker, Antidumping Duty and Countervailing Duty Enforcement, Office Four, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-6320 and 482-3874, respectively.

SUPPLEMENTARY INFORMATION:

Applicable Statute

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Rounds Agreements Act.

Background

On May 22, 1998 (63 FR 29370, May 29, 1998) the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on roller chain, other than bicycle, from Japan, covering the period April 1, 1997, through March 31, 1998. In our notice of initiation, we stated that we intended to issue the final results of this review no later than April 30, 1999. On August 6, 1998, Kaga Industries Co. Ltd., Sugiyama Chain, and Izumi Chain Manufacturing Co. Ltd., respectively, submitted requests for postponement of the preliminary results on roller chain, other than bicycle from Japan, due to the complexity of issues presented by the review, including model match issues stemming from the 1996-1997 administrative review and the limited resources of both respondents and the Department.

Postponement of Preliminary Results of Review

Section 751(a)(3)(A) of the Act requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) allows the Department to extend this time period to 365 days and 180 days, respectively.

We determine that it is not practicable to complete the preliminary results of this review within the original time frame because of the large number of respondents and the complexity of the legal and methodological issues in this review (see Decision Memorandum from Holly Kuga, Acting Deputy Assistant Secretary to Robert LaRussa, Assistant Secretary).

Accordingly, the deadline for issuing the preliminary results of this review is now due no later than April 29, 1999. The deadline for issuing the final results of this review will be no later than 120 days from the publication of the preliminary results.

This extension is in accordance with section 751(a)(3)(A) of the Act (19 U.S.C. 1675(a)(3)(A)).

Dated: October 7, 1998.

Holly Kuga,

Acting Deputy Assistant Secretary for Group II.

SUPPLEMENTARY INFORMATION: The HMS AP will review a recently prepared

fishery management plan (FMP) for highly migratory species occurring in the Atlantic Ocean and Gulf of Mexico by NMFS. It includes, among other provisions: overfishing definitions, biomass targets, and rebuilding schedules; essential fish habitat; and other management measures, e.g. season and area closures, quota reductions, gear restrictions, and prohibited species.

The Billfish AP will review NMFS' amendment to the Billfish FMP, which includes Atlantic blue and white marlin, Western Atlantic sailfish, and longbill spearfish. These species are also considered as HMS species, but they are managed under a separate FMP. The Billfish FMP amendment also includes provisions for overfishing definitions, biomass targets, and rebuilding schedules; essential fish habitat; and other management measures, including: gear restrictions, minimum size limit increases, bag limit modifications, and retention prohibitions.

All HMS are under the direct management of NMFS, and some species are cooperatively managed with other countries through agreements under the International Commission for the Conservation of Atlantic Tunas (ICCAT). The Council's HMS AP and Billfish AP are charged with reviewing the provisions of these FMPs and amendments and providing recommendations to the Council, which in turn may provide recommendations to NMFS.

Although other issues not on the agenda may come before the APs for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act, those issues may not be the subject of formal action during this meeting.
