

Any person desiring to be heard or to make any protest with reference to said application should on or before November 17, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. The Commission's rules require that protestors provide copies of their protests to the party or parties directly involved. Any person wishing to become a party in any proceeding herein must file a motion to intervene in accordance with the Commission's rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by every one of the intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order. However, an intervenor must submit copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as 14 copies with the Commission.

A person does not have to intervene, however, in order to have comments considered. A person, instead, may submit two copies of comments to the Secretary of the Commission. Commenters will be placed on the Commission's environmental mailing list, will receive copies of environmental documents and will be able to participate in meetings associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek rehearing or appeal the Commission's final order to a federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and procedure, a

hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonments and a grant of the certificate are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Northern Border to appear or to be represented at the hearing.

Linwood A. Watson, Jr.,

Acting Secretary.

Northwest Pipeline Corporation; Notice of Request Under Blanket Authorization

October 27, 1998.

Take notice that on October 19, 1998, Northwest Pipeline Corporation (Northwest), 295 Chipeta Way, Salt Lake City, Utah 84158, filed a request with the Commission in Docket No. CP98-24-000, pursuant to Sections 157.205 and 157.216(b) of the Commission's Regulations under the Natural Gas Act (NGA) for authorization to abandon in place, approximately 1.3 miles of the Issaquah Lateral authorized in blanket certificate issued in Docket No. CP82-433-000, all as more fully set forth in the request on file with the Commission and open to public inspection.

Northwest proposes to abandon in place the portion of the Issaquah Lateral which was authorized to be abandoned by sale in Docket No. CP97-657-000. Northwest received approval to abandon by removal the first 407 feet of the Issaquah Lateral and appurtenant facilities, and to abandon only the remainder of the Issaquah Lateral (Docket No. CP98-656-000), amounting to approximately 1.3 miles of 6-inch pipeline, by sale to Puget Sound Energy, Inc. (Puget). Northwest reports that after extensive negotiations, Puget and Northwest have been unable to finalize an agreement for the sale of the lateral. Northwest further reports the lateral has

been taken out of service in conjunction with the authorized removal of the first 407 feet of the Issaquah Lateral.

Northwest continues that the remaining pipeline was packed with nitrogen and capped at each end in conjunction with the abandonment by removal of the first 407 feet of the lateral, and no further disturbance of ground or incurring costs would be required for the proposed abandonment in place.

Any person or the Commission's staff may, within 45 days after the Commission has issued this notice, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the NGA (18 CFR 157.205) a protest to the request. If no protest is filed within the allowed time, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the NGA.

In addition, Texas Eastern states that, in response to protests filed by the Indicated Shippers and Dynegy Marketing and Trade, the filing adds Section 4.1(H)(3) to provide that any customer which is bumped will be provided notification of the bump in the same manner as provided for notification of OFO's in Texas Eastern's Tariff.

Texas Eastern states that copies of the filing were mailed to all affected customers of Texas Eastern and interested state commissions.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations.
