

Tennessee states that pursuant to the Gaslantic Agency Agreement, Gaslantic assigned certain electronic communication, linkage services and related administrative responsibilities to TransCapacity for the term of one month beginning November 15, 1997 and continuing on a month-to-month basis thereafter until terminated. Tennessee states that the Gaslantic Agency Agreement differs from the Pro Forma Agency Agreement in only one area: the Gaslantic Agency Agreement provides that TransCapacity will have responsibility for the data sets identified in Exhibit I to the Gaslantic Agency Agreement, rather than for the data sets identified in Exhibit A to the TransCapacity TPA.

Tennessee states that due to an administrative oversight, Tennessee did not file the TransCapacity TPA, National Capacity TPA and Gaslantic Agency Agreement with the Commission prior to their contractual effective dates. Tennessee requests all waivers of the Commission's regulations that may be necessary to allow this filing to become effective on October 17, 1997. Tennessee states that an effective date of October 17, 1997 is consistent with the effective date for the TransCapacity TPA and would be prior to the contractual effective date for the National Capacity TPA and Gaslantic Agency Agreement.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.214 and Section 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before February 6, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Texas Eastern Transmission Corporation; Notice of Request for Waiver of FERC Gas Tariff

January 30, 1998.

Take notice that on January 27, 1998, Texas Eastern Transmission Corporation (Texas Eastern) tendered for filing a request for waiver of Section 1, Availability, of Rate Schedule SCT (Small Customer Transportation) included in Texas Eastern's FERC Gas Tariff, Sixth Revised Volume No. 1 to provide service to the Village of East Cape Girardeau, Illinois and Surrounding areas.

Texas Eastern states that, although Texas Eastern does not intend to expand generally the availability of Rate Schedule SCT service, Texas Eastern believes a waiver is warranted based on the facts in this instance. Texas Eastern states that East Cape Girardeau does not currently receive gas service and Texas Eastern is the closest and only economically available source of pipeline capacity to serve East Cape Girardeau and surrounding areas. Texas Eastern states that since the volume of service requested is de minimus compared to Texas Eastern's aggregate capacity entitlements, Texas Eastern's existing customers will not be detrimentally impacted.

Texas Eastern requests that the Commission approves this request for waiver on or before April 1, 1998, in order to provide certainty that natural gas service will be available to East Cape Girardeau and surrounding areas commencing on November 1, 1998 when the next heating season begins.

Texas Eastern states that copies of its filing have been served on all firm customers of Texas Eastern and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 3785.211 and 385.214 of the Commission's Rules of Practice and Procedure. All such motions or protests must be filed on or before February 6, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make the Protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the

Viking Gas Transmission Company; Notice of Filing

January 30, 1998.

Take notice that on January 27, 1998, Viking Gas Transmission Company (Viking) tendered for filing a report of interruptible throughput and revenues for the period of November 1, 1996 through October 31, 1997. Viking also states that Viking did not have sufficient net interruptible revenues during that period to trigger an obligation under Article 5, Section 4 of Viking's Rate Schedule IT, to credit net interruptible revenues to Viking's firm shippers.

Viking states that copies of the filing have been mailed to all of its jurisdictional customers and to affected state regulatory commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules of Practice and Procedure. [Docket No. CP93-541-009]

Young Gas Storage Company, Ltd.; Notice of Petition to Amend

January 30, 1998.

Take notice that on January 26, 1998, Young Gas Storage Company, Ltd. (Young), Post Office Box 1087, Colorado Springs, Colorado 80944, filed in Docket No. CP93-541-009, a petition to further amend the authorizations issued on June 22, 1994 in Docket Nos. CP93-541-000 and 001, pursuant to Section 7(c) of the Natural Gas Act, as amended, all as more fully set forth set forth in the application which is on file with the Commission and open to public inspection.

Young states that upon further study and data gained in the development of the storage field, certain changes to well requirements and minor facility adjustments are needed to continue development and management of Young Storage Field. Specifically, Young seeks authorization to connect the Young #40 observation well to the Young gathering system and to change this well classification from an observation well to an injection/withdrawal well.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 20, 1998, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission

by Section 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for the Young to appear or be represented at the hearing.
