NUCLEAR REGULATORY COMMISSION

[Docket No. 50-302]

Florida Power Corporation; Notice of Withdrawal of Application for Amendment to Facility Operating License

The U.S. Nuclear Regulatory
Commission (the Commission) has
granted a request by the Florida Power
Corporation (FPC) to withdraw its
October 31, 1997, application for an
amendment to Facility Operating
License No. DPR 72, issued to FPC for
operation of the Crystal River Nuclear
Generating Unit 3 (CR3) located in
Citrus County, Florida. Notice of
consideration of issuance of this
amendment was published in the
Federal Register on November 12, 1997
(62 FR 60735).

The proposed amendment would
have revised the CR3 Technical
Specifications (TS) relating to decay
heat removal requirements in Mode 4.
The proposed modification would have
revised the TS and associated Bases to
require in Mode 4, one operable
emergency feedwater (EFW) train and

associated equipment, including the
EFW tank, emergency feedwater
initiation and control actuation
instrumentation for EFW, post accident
monitoring instrumentation, and the
turbine bypass valves. Additionally, the
TS and associated Bases would have
been revised to require in Mode 4, a
low-pressure injection (LPI) train,
dedicated to the borated water storage
tank, and to reflect that the available
loops for decay heat removal do not
include this dedicated LPI train.
Editorial changes would also have been
made to clarify the description of Mode
4 accidents requiring emergency core
cooling system injection, and to revise
the title of TS limiting condition for
operation 3.7.5.

FPC's letter of November 18, 1998,
informed the staff that the request was
being withdrawn because the NRC staff
had indicated that the subject of reactor
decay heat removal requirements during
Mode 4 operation would be treated as a
generic industry issue. In this letter,
FPC committed to continue to maintain
administrative controls for the
additional equipment and capability to
remove decay heat identified in the
October 31, 1997, request during Mode
4 operation of CR-3.

For further details with respect to this
action, see the application for
amendment dated October 31, 1997, and
FPC's withdrawal letter dated November
18, 1998, which are available for public
inspection at the Commission's Public
Document Room, the Gelman Building,
2120 L Street, NW., Washington, DC and
at the local public document room
located at the Coastal Region Library,
8619 W. Crystal Street, Crystal River,
Florida.

OFFICE OF PERSONNEL MANAGEMENT

Federal Prevailing Rate Advisory Committee; Open Committee Meetings

According to the provisions of section 10 of the Federal Advisory Committee Act (Pub. L. 92-463), notice is hereby given that a meeting of the Federal Prevailing Rate Advisory Committee will be held on Thursday, December 10, 1998.

The meeting will start at 10:00 a.m. and will be held in Room 5A06A, Office of Personnel Management Building, 1900 E Street, NW., Washington, DC.

The Federal Prevailing Rate Advisory Committee is composed of a Chair, five representatives from labor unions holding exclusive bargaining rights for Federal blue-collar employees, and five representatives from Federal agencies. Entitlement to membership on the Committee is provided for in 5 U.S.C. 5347.

The Committee's primary responsibility is to review the Prevailing Rate System and other matters pertinent to establishing prevailing rates under subchapter IV, chapter 53, 5 U.S.C., as amended, and from time to time advise the Office of Personnel Management.

This scheduled meeting will start in open session with both labor and management representatives attending. During the meeting either the labor members or the management members may caucus separately with the Chair to devise strategy and formulate positions. Premature disclosure of the matters discussed in these caucuses would unacceptably impair the ability of the Committee to reach a consensus on the matters being considered and would disrupt substantially the disposition of its business. Therefore, these caucuses will be closed to the public because of a determination made by the Director of the Office of Personnel Management under the provisions of section 10(d) of the Federal Advisory Committee Act (Pub. L. 92-463) and 5 U.S.C. 552b(c)(9)(B). These caucuses may, depending on the issues involved, constitute a substantial portion of a meeting.

Annually, the Chair compiles a report of pay issues discussed and concluded recommendations. These reports are available to the public, upon written request to the Committee's Secretary.

The public is invited to submit material in writing to the Chair on Federal Wage System pay matters felt to be deserving of the Committee's attention. Additional information on this meeting may be obtained by contacting the Committee's Secretary,
