21st Century Community Learning Centers; Notice Inviting Applications for New Awards for Fiscal Year 1999

Purpose of program: The 21st Century Community Learning Centers Program was established by Congress to award grants to rural and inner-city public schools, or consortia of such schools, to

enable them to plan, implement, or expand projects that benefit the educational, health, social services, cultural and recreational needs of the community. School-based community learning centers can provide a safe, drug-free, supervised and cost-effective after-school, weekend or summer haven for children, youth and their families.

Eligible Applicants: Only rural or inner-city public elementary or secondary schools, consortia of those schools, or LEAs applying on their behalf, are eligible to receive a grant under the 21st Century Community Learning Centers Program. An LEA considering serving more than one school is encouraged to submit a consortium application on their behalf. Applicants must demonstrate that they meet the statutory program purpose as being either a "rural" or "inner-city" school or a consortium of such schools.

Applications available: December 3, 1998.

Deadline for Transmittal of Applications: March 1, 1999.

Deadline for intergovernmental review: May 1, 1999.

Available funds: \$100 million.

Estimated range of awards: \$35,000—\$2,000,000, depending on the number of Centers included in each grant application.

Estimated average size of awards: \$375,000, for a grant that will support 3 Centers. The average funding for a single Center is \$125,000.

Estimated number of awards: 275—300, but the actual number will depend on how many awards will assist multiple Centers.

Project period: Up to 36 months. Please note that all applicants for multi-year awards are required to provide detailed budget information for the total grant period requested. The Department will negotiate at the time of the initial award the funding levels for each year of the grant award.

Note: The Department is not bound by any estimates in this notice.

Applicable regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 80, 81, 82, 85, and 86, and (b) the regulations in 34 CFR part 299.

Priorities

The Absolute Priority and Competitive Priority 1 in the notice of final priorities for this program published in the **Federal Register** on December 2, 1997 (62 FR 63773) and repeated below, apply to this competition. In addition, the Secretary gives preference to applications that

meet Competitive Priority 2 (34 CFR 75.105(c)(2)(ii) and 34 CFR 299.3(a)). The Secretary selects an application that meets Competitive Priority 2 over an application of comparable merit that does not meet this competitive priority.

Absolute Priority

Under 34 CFR 75.105(c)(3), the Secretary gives an absolute preference to applications that meet the absolute priority in the next paragraph. The Secretary funds under this competition only applications that meet this absolute priority.

Activities To Expand Learning Opportunities

The Secretary funds only those applications for 21st Century Community Learning Centers grants that include, among the array of services required and authorized by the statute, activities that offer significant expanded learning opportunities for children and youth in the community and that contribute to reduced drug use and violence.

Competitive Priorities

Under 34 CFR 75.105(c)(2)(i), the Secretary gives preference to applications that meet one or both of the two competitive priorities in the next two paragraphs.

Competitive Priority 1—Projects designed to assist students to meet or exceed State and local standards in core academic subjects such as reading, mathematics or science, as appropriate to the needs of the participating children. The Secretary awards up to five (5) points for projects that address this priority. These points are in addition to the 100 points an application may earn under the selection criteria that will be included in the application package.

Competitive Priority 2—Projects that will use a significant portion of the program funds to address substantial problems in an Empowerment Zone, including a Supplemental Empowerment Zone, or an Enterprise Community designated by the United States Department of Housing and Urban Development or the United States Department of Agriculture.

Note: A list of areas that have been designated as Empowerment Zones and Enterprise Communities is published as an appendix to this notice.

AGENCY: Federal Energy Technology Center (FETC), U.S. Department of Energy (DOE).

ACTION: Notice of Restricted Eligibility.

SUMMARY: The Department of Energy announces that it intends to conduct a competitive Program Solicitation and award financial assistance (grants) to U.S. Historically Black Colleges and Universities and Other Minority Institutions in support of innovative research and development of advanced concepts pertinent to fossil resource conversion and utilization. Applications will be subjected to a review by a DOE technical panel, and awards will be made to a limited number of applicants on the basis of the scientific merit of the application, application of relevant program policy factors, and the availability of funds. Collaboration with private industry is encouraged.

FOR FURTHER INFORMATION CONTACT: Mr. John R. Columbia, U.S. Department of Energy, Federal Energy Technology Center, Acquisition and Assistance Division, P.O. Box 10940, MS 921-143, Pittsburgh PA 15236-0940, Telephone: (412) 892-6219, FAX: (412) 892-6216, E-mail: Columbia@FETC.DOE.GOV. The solicitation (available in both Word Perfect 6.1 for Windows and Portable Document Format (PDF)) will be released on DOE's FETC World Wide Web Server Internet System (<http://www.fetc.doe.gov/business/solicit>) on or about November 30, 1998. SUPPLEMENTARY INFORMATION:

Title of Solicitation

"Support of Advanced Fossil Resource Utilization Research by Historically Black Colleges and Universities and Other Minority Institutions."

Objectives

Through Program Solicitation No. DE-PS26-99FT40192, the Department of Energy seeks applications from Historically Black Colleges and Universities (HBCU) and Other Minority Institutions (OMI) and HBCU/OMI-affiliated research institutes for innovative research and development of advanced concepts pertinent to fossil resource conversion and utilization. The resultant grants are intended to maintain and upgrade educational, training, and research capabilities of our HBCU/OMI in the fields of science and technology related to fossil energy resources; to foster private sector participation, collaboration, and interaction with HBCU/OMI; and to provide for the exchange of technical information and to raise the overall level of HBCU/OMI competitiveness with other institutions in the field of fossil energy research and development. Thus, the establishment of linkages between the HBCU/OMI and the private sector fossil energy community is critical to the success of this program, and consistent with the Nation's goal of ensuring a future supply of fossil fuel scientists and engineers from an previously under-utilized resource.

Eligibility

Eligibility for participation in this Program Solicitation is restricted to Historically Black Colleges and Universities (HBCU) and Other Minority Institutions (OMI) recognized by the Office for Civil Rights (OCR), U.S. Department of Education, and identified on the OCR's United States Department of Education list of U.S. Accredited Postsecondary Minority Institutions list in effect on the closing date of the program solicitation. *Applications submitted by any institution not on OCR's aforementioned list are ineligible for technical evaluation and award.* For information regarding the qualification criteria and process of becoming recognized by the Education Department's Office for Civil Rights as a "Minority Institution", institutions should contact the Education Department directly at the following
