#### Northern Natural Gas Company; Notice of Amendment

February 12, 1998.

Take notice that on February 6, 1998, Northern Natural Gas Company (Northern), 1111 South 103rd Street, Omaha, Nebraska 68124, filed in Docket No. CP98-14-001 an amendment to the pending application filed on October 9, 1997, in Docket No. CP98-14-000, pursuant to Section 7(b) of the Natural Gas Act (NGA), for permission and

approval to abandon service to Southern Union Gas Company (Southern Union), all as more fully set forth in the amendment which is on file with the Commission and open to public inspection.

By the pending application in Docket No. CP98-14-000, Northern proposes to abandon by sale to PG&E-TEX, L.P. (PG&E), facilities located in the Permian Area of West Texas, consisting of 250 miles of pipeline ranging from 6-inch to 24-inch in diameter, nine compressor units located at two compressor stations, treating and dehydration facilities, all delivery points located along the length of the pipelines to be abandoned, and all appurtenant facilities.

In the subject amendment, Northern states that the individually certificated services with Southern Union, authorized by order issued September 20, 1989, in Docket No. CP89-14-000 (48 FERC ¶ 61,325 (1989)), was inadvertently omitted from Northern's request for abandonment of service in the original application. Northern states that the July 14, 1988, agreement between Northern and Southern Union provides for the sale of up to 1,100 Mcf per day of natural gas to Southern Union for resale to the City of McCamey, Texas; however, no service has been provided to Southern Union under this agreement since Northern's implementation of Order No. 636 on November 1, 1993.

In addition, subject to the terms of a third amendment to the Purchase and Sale Agreement of the facilities, the price of the facilities to be sold to PG&E is reduced from \$19,250,000 to \$18,250,000.

Any person desiring to be heard or to make any protest with reference to said amendment should on or before March 5, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's

Rules. All persons who have heretofore filed need not file again.

#### PG&E Gas Transmission, Northwest Corporation; Notice of Amendment

February 11, 1998.

Take notice that on February 4, 1998, PG&E Gas Transmission, Northwest Corporation (PG&E GT-NW) (formerly Pacific Gas Transmission Company), located at 2100 Southwest River Parkway, Portland, Oregon 97201, filed in Docket No. CP98-167-001, pursuant to section 7 of the Natural Gas Act (NGA), to amend its application which was filed on December 30, 1997.

PG&E GT-NW states that the purpose of this amendment is to reflect the termination of a firm transportation agreement with El Paso Energy Marketing Canada, Inc. involving deliveries of 17,702 Dth/day over a three year period. Accordingly, PG&E GT-NW filed a revised Exhibit I and a revised Exhibit N. PG&E GT-NW states that in all other aspects, the December 30 application remains unchanged.

PG&E GT-NW further states that even with the elimination of this service agreement, the remaining executed contracts will generate revenues on a cumulative basis over the next ten years that will be in excess of the cost of service associated with the proposed facilities for the same ten year period.

Any person desiring to participate in the hearing process or to make any protest with reference to said petition to amend should on or before February 23, 1998, file with the Federal Energy Regulatory Commission, 888 First St., N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). The Commission's rules require that protestors provide copies of their protests to the party or parties directly involved. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules. All persons who have heretofore filed need not file again.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by every one of the intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order. However, an intervenor must submit copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as an original and 14 copies with the Commission.

A person does not have to intervene, however, in order to have comments considered. A person, instead, may submit two copies of comments to the Secretary of the Commission. Commenters will be placed on the Commission's environmental mailing

list, will receive copies of environmental documents and will be able to participate in meetings associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek rehearing or appeal the Commission's final order to a federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.
