SIPI asserts that the purpose of this filing is to comply with Order No. 587 issued on July 17, 1996, and the Notice Clarifying Procedures for Filing Pro-Forma Tariff Sheets issued on September 12, 1996, in Docket No. RM96-1-000. T C P Gathering Co.; Notice of Tariff Filing

February 13, 1998.

Take notice that on February 9, 1998, T C P Gathering Co., (TCP) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, the following revised tariff sheet, to be effective June 1, 1997:

Substitute First Revised Sheet No. 103

TCP states that the above reference tariff sheet is being filed to correct pagination of Sheet No. 103. On July 28, 1997, an order was received directing TCP to repaginate First Revised Sheet No. 103 in the June 9th filing as "Second Revised Sheet No. 103". TCP complied with this request in its August 12, 1997 filing. However, due to a timing discrepancy not apparent at the time, this page reference was inappropriate. "Second Revised Sheet No. 103" designation had already been used in a July 1, 1997 filing in this docket to reflect other changes required by OPR in previous orders. Therefore,

TCP is submitting repaginated Sheet No. 103 as Substitute First Revised Sheet No. 103.

TCP states that copies of the filing were served upon TCP's jurisdictional customers, interested public bodies and all parties to the proceeding.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

Texas Eastern Transmission Corporation; Notice of Compliance Filing

February 13, 1998.

Take notice that on February 10, 1998, Texas Eastern Transmission Corporation (Texas Eastern) tendered for filing notification of the proposed change of service resulting from the transfer of certain facilities.

Texas Eastern asserts that the purpose of this filing is to comply with the Commission's order issued December 1, 1997, as clarified on February 6, 1998, in Docket No. CP97-677-000 which authorizes Texas Eastern to abandon by sale to CCNG Gas Gathering, L.P. (CCNG) certain facilities. Texas Eastern states that no contracts will be terminated as a result of the abandonment and that equivalent quantities of natural gas can be made available to Duke Energy Trading and Marketing, L.L.C. (DETM), the only shipper currently using the facilities to be transferred, at other interconnections on Texas Eastern's system.

Texas Eastern states that copies of the filing were served on their firm customers and interested state commissions.

Any person desiring to be heard or to protest this filing should file a motion

to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Transcontinental Gas Pipe Line Corporation; Notice of Proposed Changes in FERC Gas Tariff

February 13, 1998.

Take notice that on February 10, 1998, Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, Substitute Original Sheet No. 33. The tariff sheet is proposed to become effective May 1, 1997.

Transco states that the purpose of the instant filing is to supplement Transco's Stipulation and Agreement (Agreement) filed on January 20, 1998 in order to correct an error on Original Sheet No. 33 proposed effective May 1, 1997, which sheet was included in Appendix D to the Agreement. Specifically, Original Sheet No. 33, which sets forth the rates and charges applicable to gathering service provided by Transco, incorrectly reflects rates and charges for firm gathering service effective May 1, 1997. Original Sheet No. 33 should only reflect rates and charges for interruptible gathering service as of that date. Thus, Substitute Original Sheet No. 33 submitted herein, eliminates the reference to firm gathering service on the tariff sheet proposed effective May 1, 1997.

The test of the Agreement at Section C of Article VI, correctly states the agreement of the participants that Transco shall implement the firm rate

for gathering service "upon the effectiveness of this Agreement". The pro forma Sheet No. 33 included in Appendix D to the Agreement will remain unchanged, as it reflects rates and charges applicable to interruptible and firm gathering service to be effective prospectively upon the effective date of the Agreement.

Transco states that it is serving copies of the instant filing to its affected customers and interested State Commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
