

support the FONSI and summarize the conclusions resulting from the staff's environmental assessment:

1. The proposed groundwater monitoring program is sufficient to detect excursions (vertical or horizontal) of mining solutions. Furthermore, aquifer testing and the previous history of operations indicate that the production zone is adequately confined, thereby assuring hydrologic control of mining solutions;

2. Liquid process wastes will be disposed in accordance with approved waste disposal options. Monitoring programs are in place to ensure appropriate operation of the deep disposal well and to detect potential leakage from the solar evaporation ponds;

3. An acceptable environmental and effluent monitoring program is in place to monitor effluent releases and to detect if applicable regulatory limits are exceeded. Radiological effluents from facility operations have been and are expected to continue to remain below the regulatory limits;

4. All radioactive wastes generated by facility operations will be disposed offsite at a licensed byproduct disposal site;

5. Groundwater impacted by mining operations will be restored to baseline conditions on a mine unit average, as a primary goal. If baseline conditions cannot be reasonably achieved, the R&D operations have demonstrated that the groundwater can be restored to applicable class-of-use standards; and

6. Because the staff has determined that there will be no significant impacts associated with approval of the license renewal, there can be no disproportionately high and adverse effects or impacts on minority and low-income populations. Consequently, further evaluation of Environmental Justice concerns, as outlined in Executive Order 12898 and NRC's Office of Nuclear Material Safety and Safeguards Policy and Procedures Letter 1-50, Revision 1, is not warranted.

#### Alternatives to the Proposed Action

The proposed action is to renew NRC Source Material License SUA-1534, for continued operation of the Crow Butte ISL facility, as requested by CBR. Therefore, the principal alternatives available to NRC are to:

(1) Renew the license with such conditions as are considered necessary or appropriate to protect public health and safety and the environment; or

(2) Renew the license, with such conditions as are considered necessary or appropriate to protect public health and safety and the environment, but not

allow CBR to expand its operations beyond those previously approved; or

(3) Deny renewal of the license.

Based on its review, the NRC staff has concluded that the environmental impacts associated with the proposed action do not warrant either the limiting of CBR's future operations or the denial of the license renewal. Additionally, in the SER prepared for this action, the staff has reviewed the licensee's proposed action with respect to the criteria for license issuance specified in 10 CFR Part 40, Section 40.32, and has no basis for denial of the proposed action. Therefore, the staff considers that Alternative 1 is the appropriate alternative for selection.

#### Finding of No Significant Impact

The NRC staff has prepared an Environmental Assessment for the proposed renewal of NRC Source Material License SUA-1534. On the basis of this assessment, the NRC staff has concluded that the environmental impacts that may result from the proposed action would not be significant, and therefore, preparation of an Environmental Impact Statement is not warranted.

The Environmental Assessment and other documents related to this proposed action are available for public inspection and copying at the NRC Public Document Room, in the Gelman Building, 2120 L Street N.W., Washington, DC 20555.

#### Notice of Opportunity for Hearing

The Commission hereby provides notice that this is a proceeding on an application for a licensing action falling within the scope of Subpart L, "Informal Hearing Procedures for Adjudications in Materials and Operators Licensing Proceedings," of the Commission's Rules of Practice for Domestic Licensing Proceedings and Issuance of Orders in 10 CFR Part 2 (54 FR 8269). Pursuant to § 2.1205(a), any person whose interest may be affected by this proceeding may file a request for a hearing. In accordance with § 2.1205(c), a request for a hearing must be filed within thirty (30) days from the date of publication of this **Federal Register** notice. The request for a hearing must be filed with the Office of the Secretary either:

(1) By delivery to the Rulemakings and Adjudications Staff of the Office of the Secretary at One White Flint North, 11555 Rockville Pike, Rockville, MD 20852; or

(2) By mail or telegram addressed to the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555, Attention: Rulemakings and Adjudications Staff.

Each request for a hearing must also be served, by delivering it personally or by mail to:

(1) The applicant, Crow Butte Resources, Inc., 216 Sixteenth Street Mall, Suite 810, Denver, CO 80202;

(2) The NRC staff, by delivery to the Executive Director of Operations, One White Flint North, 11555 Rockville Pike, Rockville, MD 20852, or

(3) By mail addressed to the Executive Director for Operations, U.S. Nuclear Regulatory Commission, Washington, DC 20555.

In addition to meeting other applicable requirements of 10 CFR part 2 of the Commission's regulations, a request for a hearing filed by a person other than an applicant must describe in detail:

(1) The interest of the requestor in the proceeding;

(2) How that interest may be affected by the results of the proceeding, including the reasons why the requestor should be permitted a hearing, with particular reference to the factors set out in § 2.1205(g);

(3) the requestor's areas of concern about the licensing activity that is the subject matter of the proceeding; and

(4) The circumstances establishing that the request for a hearing is timely in accordance with § 2.1205(c).

Any hearing that is requested and granted will be held in accordance with the Commission's "Informal Hearing Procedures for Adjudications in Materials and Operator Licensing Proceedings" in 10 CFR part 2, subpart L.

Dated at Rockville, Maryland, this 13th day of February 1998.

For the Nuclear Regulatory Commission.

**Daniel M. Gillen,**

*Acting Chief, Uranium Recovery Branch, Division of Waste Management, Office of Nuclear Material Safety and Safeguards.*

#### OFFICE OF PERSONNEL MANAGEMENT

##### Submission For OMB Review; Comment Request Standard Form 87 and 87A

**AGENCY:** Office of Personnel Management.

**ACTION:** Proposed collection; comment request.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 (Public Law 104-13, May 22, 1995), this notice announces that the Office of Personnel Management (OPM) has

submitted to the Office of Management and Budget (OMB) a request for reclearance of an information collection on Standard Form 87 and 87A, Fingerprint Charts, and solicits comments on them.

Standard Form 87 and 87A Fingerprint Charts are completed by applicants for positions throughout the Federal Government. SF 87 is used by OPM, and SF 87A is used by agencies having a special agreement with OPM and the FBI. The information is used to conduct the checks of the FBI fingerprint files that are required by Executive Order 10450, Security Requirements for Government Employment, issued April 27, 1953, or required or authorized under other authorities.

It is estimated that 250,000 individuals will respond annually for a total burden of 20,833 hours. To obtain copies of this proposal please contact James M. Farron at (202) 418-3208 or E-mail to jmfarron@opm.gov.

**DATES:** Comments on this proposal should be received on or before March 25, 1998.

**ADDRESSES:** Send or deliver comments to:

Richard A. Ferris, Office of Personnel Management, Investigations Service, 1900 E. Street NW., Room 5416, Washington, DC 20415

and

Joseph Lackey, OPM Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, NW., Room 10235, Washington, DC 20503.

U.S. Office of Personnel Management.

**Janice R. Lachance,**

*Director.*

## RAILROAD RETIREMENT BOARD

### Proposed Collection; Comment Request

**Summary:** In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

**Comments are invited on:** (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection

of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

### Title and Purpose of Information Collection

Representative Payee Monitoring; OMB 3220-0151.

Under Section 12 of the Railroad Retirement Act (RRA), the RRB may pay annuity benefits to a representative payee when an employee, spouse or survivor annuitant is incompetent or a minor. The RRB is responsible for determining if direct payment to an annuitant or a representative payee would best serve the annuitant's best interest. The accountability requirements authorizing the RRB to conduct periodic monitoring of representative payees, including a written accounting of benefit payments received, are prescribed in 20 CFR 266.7.

The RRB utilizes the following forms to conduct its representative payee monitoring program.

Form G-99a, Representative Payee Report, is used to obtain information needed to determine whether the benefit payments certified to the representative payee have been used for the annuitant's current maintenance and personal needs and whether the representative payee continues to be concerned with the annuitant's welfare. The RRB also includes RRB Form G-99a (Enc), Representative Payee Duties, which includes the Paperwork Reduction Act notice and a list of representative payee duties with each RRB Form G-99a released. RRB Form G-99c, Representative Payee Evaluation Report, is used to obtain more detailed information from a representative payee who fails to complete and return Form G-99a, or in situations when the returned Form G-99a indicates the possible misuse of funds by the representative payee. Form G-99c contains specific questions concerning the representative payee's performance and is used by the RRB to determine whether or not the representative payee should continue in that capacity. Completion of the forms in this collection is required to retain benefits.

The RRB proposes minor editorial changes to Form G-99a (enc) and to Form G-99c to incorporate language required by the Paperwork Reduction Act of 1995. The addition of the annuitant's social security number is being proposed to Form G-99a. The completion time for Form G-99a is

estimated at 18 minutes per response. The completion time for Form G-99c is estimated at between 24 and 31 minutes per response. The RRB estimates that approximately 6,000 Form G-99a's and 535 G-99c's are completed annually.

**Additional Information or Comments:** To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, please call the RRB Clearance Officer at (312) 751-3363. Comments regarding the information collection should be addressed to Ronald J. Hodapp, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois 60611-2092. Written comments should be received within 60 days of this notice.

**Chuck Mierzwa,**

*Clearance Officer.*

### Title and Purpose of Information Collection

Appeal Under the Railroad Retirement and Railroad Unemployment Insurance Act; OMB 3220-0007.

Under Section 7(b)(3) of the Railroad Retirement Act (RRA), and section 5(c) of the Railroad Unemployment Insurance Act (RUIA) any person aggrieved by a decision on his or her application for an annuity or benefit under that Act has the right to appeal to the RRB. This right is prescribed in 20
