[Docket No. CP99-230-000]

#### Southwest Gas Storage Company; Notice of Application

March 4, 1999.

Take notice that on March 1, 1999, Southwest Gas Storage Company (Southwest), P.O. Box 1642, Houston, Texas 77251-1642, filed in Docket No. CP99-230-000 an application pursuant to Section 7 of the Natural Gas Act (NGA) requesting a blanket certificate of public convenience and necessity and permission and approval to abandon, authorizing Southwest to engage in any of the activities specified in Subpart F

of Part 157 of the Commission's Regulations, as may be amended from time to time, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/htm> (call 202-208-2222 for assistance).

It is stated that Southwest is a "natural gas company" with the meaning of the NGA and as determined by the Commission in Docket No. CP79-490. Southwest asserts that it does not have any outstanding budget-type certificates or any ongoing storage field tests commenced under a budget-type certificate. Southwest states that it does have currently effective storage rate schedules, providing open access firm storage service under its Rate Schedule FSS and interruptible storage service under its Rate Scheduled ISS. Southwest further states that it has a storage blanket certificate issued in Docket Nos. CP90-1014-000.

Any person desiring to be heard or to make any protest with reference to said application should on or before March 15, 1999, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to the proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, and if the commission on its own review of the matter finds that the abandonment is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be

unnecessary for Southwest to appear or be represented at the hearing.

[Docket No. TM99-6-29-000]

#### Transcontinental Gas Pipe Line Corporation; Notice of Filing

March 4, 1999.

Take notice that on March 1, 1999 Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, certain revised tariff sheets enumerated in Appendix A attached to the filing, with an effective date of April 1, 1999.

Transco states that the instant filing is submitted pursuant to Section 38 of the General Terms and Conditions of Transco's FERC Gas Tariff which provides that Transco will file, to be effective each April 1, a redetermination of its fuel retention percentages applicable to transportation and storage rate schedules. The derivations of the revised fuel retention percentages included herein are based on Transco's estimate of gas required for operations (GRO) for the forthcoming annual period April 1999 through March 2000 plus the balance accumulated in the Deferred GRO Account at January 31, 1999.

Transco has included two adjustments in the estimated GRO for the forthcoming annual period. The first adjustment is an increase in the System Transportation estimated GRO to reflect a prior period adjustment for the period August 1991 through July 1998 that will be recorded in February 1999. This adjustment accounts for an error in Transco's accounting system (which was corrected in August 1998) that incorrectly generated offsetting entries for certain receipts during that period, which resulted in an inaccurate determination of Transco's actual GRO for that period. The second adjustment is an increase in the Rate Schedule GSS estimated GRO to reflect a gas measurement correction that will also be recorded in February 1999. Consistent with the Commission's October 2, 1998 Letter Order in Docket No. TM98-9-29-001, Transco has included these known adjustments to the estimated GRO to accurately reflect the estimated GRO quantity.

Transco states that included in Appendix B attached to the filing are the workpapers supporting the derivation of the revised fuel retention factors.

Transco states that copies of the filing have been served upon its customers and interested State Commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions of protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

#### Transcontinental Gas Pipe Line Corporation; Notice of Refund Report

March 4, 1999.

Take notice that on February 25, 1999, Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing with the Federal Energy Regulatory Commission (Commission) recalculated rates and supporting workpapers pursuant to Ordering Paragraph (B) of the Commission's Opinion and Order On Rehearing (Opinion 414-B) issued on December 1, 1998, in Docket No. RP95-197-033.

Ordering Paragraph (B) of Opinion 414-B required Transco to file recalculated rates and to make refunds based on the directives in Opinion 414-A (84 FERC ¶ 61,084 (1998)) within 60 days. By order issued on January 28, 1999, Transco was granted an extension of time until March 31, 1999 to file recalculated rates and to make refunds. Transco states that refunds reflecting the

rates in the instant filing will be made no later than March 31, 1999.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before March 11, 1999. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. #### Williams Gas Pipelines Central; Notice of Proposed Changes in FERC Gas Tariff

March 4, 1999.

Take notice that on March 1, 1999, Williams Gas Pipelines Central, Inc. (Williams), tendered for filing to become part of its FERC Gas Tariff, Original Volume No. 1, the following tariff sheets, with the proposed effective date of April 1, 1999:

Fifth Revised Sheet No. 6

Eighth Revised Sheet No. 6A

Williams states that this filing is being made pursuant to Article 14 of the General Terms and Conditions of its FERC Gas Tariff, Original Volume No. 1. Williams states that the instant filing is being made to recover (a) the cost of assigning a certain gas purchase contract to an unaffiliated third-party, and (b) the Reverse Auction Reserve Price assigned to two other gas purchase contracts.

Williams states that a copy of its filing was served on all participants listed on the service lists maintained by the Commission in the dockets referenced above and on all of Williams' jurisdictional customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the
