Synopsis of the Public Notice

A. Introduction

1. By public notice dated November 10, 1998, the Wireless Telecommunications Bureau ("Bureau") postponed the commencement of the multilateral Location and Monitoring Service ("LMS") auction to February 23, 1999. See "Wireless Telecommunications Bureau Postpones December 15, 1998 Auction Date for 528 Multilateral Location and Monitoring Service Licenses; Commencement of the Auction Postponed to February 23, 1999," *Public Notice*, 63 FR 63,730 (November 16, 1998) ("LMS Postponement Public Notice"). Thus, the short-form (FCC Form 175) application deadline was postponed from November 16, 1998 to January 25, 1999. As a result of this postponement, applicants are now required to file applications electronically. Beginning January 1, 1999, all short-and long-form applications must be electronically filed. 47 CFR 1.2105(a) and 1.2107(c).

2. In order to avoid any uncertainty regarding filing requirements that may result from this postponement, the Bureau hereby waives the electronic filing requirement for LMS short-form applications and will accept manually-filed applications. Nevertheless, the Bureau *strongly encourages* potential applicants to utilize electronic filing for the filing of their short-form applications. The electronic filing of short-form applications is in the best interest of auction participants, as well as members of the public monitoring Commission auctions. The electronic filing requirement for long-form applications remains in force.

3. The window for filing the FCC Form 175 is now open and will remain open until 5:30 p.m. ET on January 25, 1999. Previously filed electronic applications will remain intact.
