

Council will meet beginning at 8:00 a.m. in the conference room of the Holiday Inn Express, 1800 Monterey Street in San Luis Obispo. Agenda items will include a discussion of giant Sequoia ecology, fees and guidelines for recreation on public land, the distribution of range improvement funds, and agricultural land retirement in the Central Valley. A public comment period is scheduled beginning at 11:00 a.m., March 30. Anyone may discuss any public land issue with the Council at that time. Written comments will be accepted at the meeting, or at the address below.

FOR FURTHER INFORMATION CONTACT: Larry Mercer, Public Affairs Officer, Bureau of Land Management, 3801 Pegasus Drive, Bakersfield, CA 93308, telephone 661-391-6010.

Dated: March 9, 1999.

John Skibinski,

Associate Field Office Manager.

Land Use Restrictions: Utah; Grand Staircase-Escalante National Monument; Off-Highway Vehicle Use

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of a temporary closure to off-highway vehicle use for protection of the Kodachrome Bladder Pod (*Lesquerella tumulosa*) endangered plant species near Kodachrome Basin, Utah.

SUMMARY: This notice closes approximately 3,062 acres to off-highway vehicle (OHV) use, with one designated route within the closed area. OHV access on the designated route, Rock Springs Bench Road, will remain open. Access and use on private land are not affected by this closure. The legal descriptions for the closed area is: All of T38S R02W Sections 23, 22, 21 and the parts of T38S R02W Sections 15, 16, and 17 that are within Grand Staircase-Escalante National Monument boundaries. Temporary fencing and signing may be used as necessary to facilitate this action. The authority for this action is 43 CFR 8341.2.

DATES: This closure will begin immediately and remain in effect pending completion of a Grand Staircase-Escalante National Monument

Management Plan, which is expected to be completed by the fall of 1999.

ADDRESSES: Copies of maps are available at the Bureau of Land Management (BLM), Grand Staircase-Escalante National Monument Office, 337 S. Main, Suite 010, Cedar City, Utah, 84720.

FOR FURTHER INFORMATION CONTACT: Tom Leatherman, Grand Staircase-Escalante National Monument Office, at (435) 865-5107.

SUPPLEMENTARY INFORMATION: The 3,062 acre habitat includes the area near Kodachrome Basin State Park. The Bladder Pod was listed as an endangered plant species on October 6, 1993. Most of the area is currently designated as open to OHV use as documented in the Paria Management Framework Plan completed in 1981. Under the Endangered Species Act of 1973, BLM is required to protect the habitat for all listed species. Monitoring plots were established in 1997 to determine changes in the population. In 1998, when these plots were visited, mortality from OHV use was documented. An interdisciplinary team was assigned to review the protection requirements and determine appropriate actions to protect this population. The team determined impairment was occurring and that closure of the area was appropriate to protect this species. Therefore, BLM is temporarily closing the area to OHV use. The Rock Springs Bench Road, a designated OHV access route, will remain open. Access and use on private lands in the area is not affected by these restrictions.

G. William Lamb,

State Director.

Notice of Realty Action Lease/conveyance for Recreation and Public Purposes

AGENCY: Bureau of Land Management, DOI.

ACTION: Recreation and public purpose lease/conveyance.

SUMMARY: The following described public land in Las Vegas, Clark County, Nevada has been examined and found suitable for lease/conveyance for recreational or public purposes under the provisions of the Recreation and Public Purposes Act, as amended (43 U.S.C. 869 *et seq.*). The City of Las

Vegas proposes to use the land for a Metropolitan Police Academy and Public Park.

Mount Diablo Meridian, Nevada

Park Site:

T. 20S. R. 60E. Sec. 7
N $\frac{1}{2}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$,
SW $\frac{1}{4}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$

25 acres

Metropolitan Police Academy:

T. 20S. R. 60E. Sec. 7
S $\frac{1}{2}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$
5 acres

Containing 30 acres, more or less.

The land is not required for any federal purpose. The lease/conveyance is consistent with current Bureau planning for this area and would be in the public interest. The lease/patent, when issued, will be subject to the provisions of the Recreation and Public Purposes Act and applicable regulations of the Secretary of the Interior, and will contain the following reservations to the United States:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).

2. All minerals shall be reserved to the United States, together with the right to prospect for, mine and remove such deposits from the same under applicable law and such regulations as the Secretary of the Interior may prescribe.

and will be subject to:

An easement 50 feet in width along the South boundary, 40 feet in width along the West boundary in favor of the City of Las Vegas for roads, public utilities and flood control purposes.

Detailed information concerning this action is available for review at the office of the Bureau of Land Management, Las Vegas Field Office, 4765 W. Vegas Drive, Las Vegas, Nevada.

Upon publication of this notice in the **Federal Register**, the above described land will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease/conveyance under the Recreation and Public Purposes Act, leasing under the mineral leasing laws and disposals under the mineral material disposal laws. For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested parties may submit comments regarding the proposed lease/conveyance for classification of the lands to the Field Manager, Las Vegas Field Office, 4765 Vegas Dr., Las Vegas, Nevada 89108.

Classification Comments

Interested parties may submit comments involving the suitability of the land for a Metropolitan Police Academy and Public Park. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments

Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a Metropolitan Police Academy and Public Park.

Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification of the land described in this Notice will become effective 60 days from the date of publication in the **Federal Register**. The lands will not be offered for lease/conveyance until after the classification becomes effective.

Dated: March 9, 1999.

Rex Wells,

Assistant Field Office Manager, Division of Lands, Las Vegas, NV.

Notice of Intent To Prepare a Plan Amendment to the Box Elder Resource Management Plan (RMP)

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent to prepare a plan amendment to the Box Elder Resource Management Plan (RMP).

SUMMARY: The Bureau of Land Management (BLM), Salt Lake Field Office, Utah is preparing an Environmental Assessment (EA) to consider a proposed amendment to the Box Elder RMP which would terminate all livestock grazing on the Newfoundland Mountains upon relinquishment of the current sheep permit.

DATES: The comment period for identification of issues for the proposed plan amendment will commence with the date of publication of this notice. Comments must be submitted on or before April 19, 1999.

ADDRESSES: Comments on the proposed plan amendment should be sent to Bureau of Land Management, Salt Lake Field Office, 2370 South 2300 West, Salt Lake City, Utah 84119.

FOR FURTHER INFORMATION CONTACT: Sam Montgomery, Assistant Field Manager, Renewable Resources, telephone (801) 977-4311. Existing planning documents and information are available at the above address or telephone number.

SUPPLEMENTARY INFORMATION: The Box Elder RMP was approved April 18, 1986. In the RMP, Wildlife Decision No. 4 states that the BLM will cooperate with the Utah Department of Wildlife Resources in a bighorn sheep reintroduction on the Newfoundland Mountain Range provided that the present domestic sheep permit is voluntarily relinquished or converted to cattle use. However, the proposed amendment would terminate all domestic livestock grazing. The EA would analyze livestock grazing and impacts of this proposal and alternatives. Issues preliminarily identified are: bighorn sheep, forage allocation, and wilderness potential. Public participation is being sought at this initial stage in the planning process to ensure the RMP amendment addresses all issues, problems and concerns from those interested in the management of lands within the Salt Lake Field Office.

G. William Lamb,

State Director.

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Agency Information Collection Activities: Proposed Collections; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of new information collection.

SUMMARY: As part of our continuing effort to reduce paperwork and respondent burden, we invite the public and other Federal agencies to comment on our proposal to request Office of Management and Budget (OMB) approval of a new information collection form for reporting drilling

activity (Form MMS-133, Drilling Activity Report). The Paperwork Reduction Act of 1995 (PRA) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

DATES: Submit written comments by May 17, 1999.

ADDRESSES: Mail or hand-carry comments to the Department of the Interior; Minerals Management Service; attention: Rules Processing Team; Mail Stop 4024; 381 Elden Street; Herndon, Virginia 20170-4817.

FOR FURTHER INFORMATION CONTACT: Alexis London, Rules Processing Team, telephone (703) 787-1600. You may also contact Alexis London to obtain a copy of the information collection form at no cost.

SUPPLEMENTARY INFORMATION:

Title (OMB Control Number): Form MMS-133, Drilling Activity Report (1010-NEW).

Abstract: The Outer Continental Shelf (OCS) Lands Act, 43 U.S.C. 1331 *et seq.*, as amended, requires the Secretary of the Interior to preserve, protect, and develop oil and gas resources in the OCS; make such resources available to meet the Nation's energy needs as rapidly as possible; balance orderly energy resources development with protection of the human, marine, and coastal environment; ensure the public a fair and equitable return on the resources offshore; and preserve and maintain free enterprise competition.

To carry out these responsibilities, we issued rules governing oil and gas and sulphur operations in the OCS. Regulations requiring the information collection that is the subject of this notice are 30 CFR 250, subpart D, "Drilling Operations." The reporting and recordkeeping of information required in our regulations are mandatory. Specifically, § 250.416(c)(3) requires respondents to submit copies of the daily driller's report at a frequency determined by the MMS District Supervisor, but in no prescribed format. Current practice in the Gulf of Mexico Region (GOMR) allows respondents to submit these data on a weekly basis during drilling operations.

In 1997, the GOMR developed an unofficial form for respondents to use in lieu of submitting the actual daily driller's report. This was an effort to standardize the reporting; identify the necessary information; capture the pertinent data in tabular form, rather than long narrative explanations; and eventually facilitate the submission of these data electronically. It was also
