### Customs Service

#### Extension of General Program Test: Quota Preprocessing

**AGENCY:** Customs Service, Treasury.

**ACTION:** General notice.

**SUMMARY:** This notice announces that the testing period for the quota

preprocessing program, which allows for the electronic processing of quota-class apparel merchandise, is being extended through the remainder of 1999. The test is being extended so that Customs can further evaluate the program's effectiveness and determine whether the program should be extended to other ports in addition to the ports located at New York/Newark and Los Angeles where the test is currently being run. Public comments concerning any aspect of the test are solicited.

**DATES:** The test is extended from March 15, 1999, until December 31, 1999, with evaluations of the test occurring periodically. Applications to participate in the test and comments concerning the test will be accepted throughout the testing period.

**ADDRESSES:** Written comments regarding this notice or any aspect of this test should be addressed to Lori Bowers, U.S. Customs Service, QWG Team Leader, 1000 Second Ave., Suite 2100, Seattle, WA 98104-1020 or may be sent via e-mail to [preprocessing@quota.customs.sprint.com](mailto:preprocessing@quota.customs.sprint.com). Applications should be sent to the prototype coordinator at any of the four following port(s) where the applicant wishes to submit quota entries for processing:

(1) Julian Velasquez, Port of Los Angeles, 300 S. Ferry St., Terminal Island, CA 90731;

(2) Tony Piscitelli, Los Angeles International Airport, 11099 S. La Cienega Blvd., Los Angeles, CA 90045;

(3) Barry Goldberg, JFK Airport, JFK Building 77, Jamaica, NY 11430; and

(4) John Lava, Ports of New York/Newark, 6 World Trade Center, New York, NY 10048.

**FOR FURTHER INFORMATION CONTACT:** Lori Bowers (206) 553-0452 or Bob Abels (202) 927-0001.

**SUPPLEMENTARY INFORMATION:** On July 24, 1998, Customs published a general notice in the **Federal Register** (63 FR 39929) announcing the limited testing, pursuant to the provisions of § 101.9(a) of the Customs Regulations (19 CFR 101.9(a)), of a new operational procedure regarding quota preprocessing which allows the electronic processing of quota-class apparel merchandise. The new procedure was designed to allow certain quota entries to be processed prior to carrier arrival, thus, reducing the quota processing time. The test was to be conducted at only four ports located in New York/Newark and Los Angeles and was to commence no earlier than August 24, 1998, and run for approximately six months. The notice

informed the public of the new procedure and eligibility requirements for participation in the test. The goals of the quota preprocessing prototype being tested, as set forth in the July 24, 1998 **Federal Register** notice are:

- (1) To reduce the processing time of quota entries;
- (2) To process quota entries submitted as part of the preprocessing program in the same amount of time as non-quota entries;
- (3) To increase the quantity of quota entries released within one calendar day of the arrival of the carrier; and
- (4) To equalize the submission of quota entries over the five-day work week.

The quota preprocessing test began on September 15, 1998; the six-month time period of the original test expires on March 14, 1999. Approximately 400 brokers and importers have participated in the test so far, and Customs has received 84 evaluations: 22 from brokers and 62 from importers. The initial test evaluations were positive, showing general acceptance of the program. However, Customs would have liked greater participation. In fact, the biggest complaint contained in the evaluations received to date is that the preprocessing test occurred at the end of the year when many of the quotas were filled 85% or more. Many participants felt that had the test been conducted at the beginning of the year, it would have received greater participation.

Because of this complaint that conducting the test so near to the end of the year was an unfair measure of the prototype, Customs is extending the prototype testing period through the end of this calendar year. This will enable the importing community to more fully participate in the quota preprocessing test and allow Customs to more fully explore the benefits and drawbacks of the program.

Accordingly, this document announces that Customs is extending the test of the quota preprocessing prototype at the ports where testing is already underway until the end of 1999. Those ports are: the port of Los Angeles; the port of New York/Newark; JFK Airport; and Los Angeles International Airport. Anyone interested in participating in the test should refer to the test notice published in the July 24, 1998 **Federal Register** for eligibility and application information. Any expansion of the test to other ports will be the subject of another **Federal Register** notice.

Dated: March 19, 1999.

The Privacy Act notice for Treasury/Customs .244 was last published in its entirety on December 17, 1998, at 63 FR 69809. Committee on Government Reform and Oversight of the House of Representatives, the Committee on Governmental Affairs of the Senate, and the Office of Management and Budget, pursuant to Appendix I to OMB Circular A-130, Federal Agency Responsibilities for Maintaining Records About Individuals, dated February 8, 1996.
