

retested by Aero All-Gas Company, Inc., Hartford, CT. The inspectors obtained evidence from several of AAA's customers that indicates that AAA supplied its customers with cylinders marked as having been properly retested, in accordance with the HMR, by Aero All-Gas Company. An inspection conducted at Aero All-Gas Company revealed that the cylinders in question had not been retested by Aero All-Gas Company and that Aero All-Gas Company had not authorized these particular cylinders to be marked with its retester identification number (RIN). The cylinders in question were stamped with Aero All-Gas Company's (RIN) "A393".

The markings appear in the following pattern:

```

  A 3
X   Y
  3 9

```

Where A393 is Aero All-Gas Company's RIN, X is the month of the retest (i.e. 11) and Y is the year of the retest (i.e. 98).

Aero All-Gas Company is a DOT-approved cylinder retester, that conducts hydrostatic retesting. Most cylinders marked with Aero All-Gas Company's RIN have, in fact, been tested by Aero All-Gas Company. However, the results of the RSPA investigation appear to indicate that any cylinder that had been serviced by AAA and marked with Aero All-Gas Company's RIN between the latter part of 1995 and August of 1998 may not have been tested. RSPA inspectors have obtained a list of AAA's customers, and this safety notice will be mailed to everyone appearing on that list. Anyone concerned with a specific cylinder, marked as described above, can ask for a verification of Aero All-Gas Company's retest records by providing Mr. Michalski with the following information: cylinder serial number, DOT specification and the most recent retest markings (i.e. #389467, DOT-3AA1800, 10/98).

Anyone who has a cylinder that is marked with RIN A393 and dated between late 1995 and August 1998, and that was serviced during that time by AAA, should determine from Mr. Michalski whether that specific cylinder appears on Aero All-Gas Company's retest records. Any such cylinder that does not appear on Aero All-Gas Company's retest records should be considered unsafe and not charged with a hazardous material unless first properly retested by a DOT-authorized retest facility. Filled cylinders (if filled with an atmospheric gas) described in this safety advisory should be vented or otherwise safely discharged, and then

taken to a DOT-authorized cylinder retest facility for proper retest, to determine compliance with the HMR.

Under no circumstances should a cylinder described in this safety advisory, and verified as not appearing on Aero All-Gas Company's retest records, be filled, refilled or used for any purpose other than scrap, until it is reinspected and retested by a DOT-authorized retest facility.

Issued in Washington, DC on March 25, 1999.

Alan I. Roberts,

Associate Administrator for Hazardous Materials Safety.

DEPARTMENT OF THE TREASURY

Internal Revenue Service

Proposed Collection; Comment Request for Form 637

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice and request for comments.

SUMMARY: The Department of the Treasury, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)). Currently, the IRS is soliciting comments concerning Form 637, Application for Registration (For Certain Excise Tax Activities).

DATES: Written comments should be received on or before June 1, 1999 to be assured of consideration.

ADDRESSES: Direct all written comments to Garrick R. Shear, Internal Revenue Service, room 5571, 1111 Constitution Avenue NW., Washington, DC 20224.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the form(s) and instructions should be directed to Carol Savage, (202) 622-3945, Internal Revenue Service, room 5569, 1111 Constitution Avenue NW., Washington, DC 20224.

SUPPLEMENTARY INFORMATION:

Title: Application for Registration (For Certain Excise Tax Activities).

OMB Number: 1545-0014.

Form Number: Form 637.

Abstract: Form 637 is used to apply for excise tax registration. The registration applies to a person required

to be registered under Internal Revenue Code section 4101 for purposes of the federal excise tax on taxable fuel imposed under Code sections 4041 and 4081; and to certain manufacturers or sellers and purchasers that must register under Code section 4222 to be exempt from the excise tax on taxable articles. The data is used to determine if the applicant qualifies for the exemption. Taxable fuel producers are required by Code section 4101 to register with the Service before incurring any tax liability.

Current Actions: There are no changes being made to the form at this time.

Type of Review: Extension of a currently approved collection.

Affected Public: Business or other for-profit organizations, and not-for-profit institutions.

Estimated Number of Respondents: 2,000.

Estimated Time Per Respondent: 13 hours, 53 minutes.

Estimated Total Annual Burden Hours: 27,780.

The following paragraph applies to all of the collections of information covered by this notice:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

REQUEST FOR COMMENTS: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Approved: March 24, 1999.
