

productivity of its natural resources. Some of the lands within the NRA fall under the purview of the United States mining laws of 1872, as amended, which governs the prospecting for and appropriation of metallic and most nonmetallic minerals. This law provides individuals the right to search for and extract valuable locatable minerals and secure title to the lands involved. A prospector, upon discovering a valuable mineral deposit, may locate a mining claim. Recording that claim in the local courthouse, and with the appropriate BLM State Office, affords the mining claimant protection from subsequent locators. A mining claimant is then entitled to reasonable access to the claim for further prospecting, mining or necessary related activities, subject to other laws and applicable regulations. The Forest Service (FS) will collect information using the Plan of Operations Form FS-2800-5 or whatever format or medium that the operator chooses to process request to mine on federally-owned and/or managed lands.

### Bureau of Export Administration

#### Action Affecting Export Privileges; Kiyoyuki Yasutomi

On Tuesday, December 8, 1998, **Federal Register** published an Order issued by the Bureau of Export Administration (BXA) on December 1, 1998 (63 FR 67644). The Order identifies Kiyoyuki Yasutomi, with an address at M.E.I. Japan, 6F Sanyo Bldg, 1 Maitocho, Shinjuku ku, Tokyo 160 Japan, as a person denied all U.S. export privileges. The reference to "M.E.I. Japan" has caused some confusion in the export community as to the identity of the company listed in Yasutomi's address. To eliminate that confusion, BXA is amending the Order to identify the abbreviation "M.E.I. Japan" listed in the address in both the caption and the text of that Order. Under the Order, Kiyoyuki Yasutomi is the person denied export privileges. The acronym "M.E.I." stands for "Micro Electronics International."

#### Amendment

In the address in the caption and in paragraph I of the text of the Order of December 1, 1998, "M.E.I. Japan" should read "M.E.I. Japan, also known as Micro Electronics International Japan".

Dated: March 26, 1999.

#### Final Results of Expedited Sunset Review: Barbed Wire and Barbless Fencing Wire from Argentina

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce

**ACTION:** Notice of Final Results of Expedited Sunset Review: Barbed Wire and Barbless Fencing Wire from Argentina

**SUMMARY:** On December 2, 1998, the Department of Commerce ("the Department") initiated a sunset review of the antidumping order on barbed wire and barbless fencing wire from Argentina (63 FR 66527) pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). On the basis of a notice of intent to participate and substantive comments filed on behalf of the domestic industry and inadequate response (in this case, no response) from respondent interested parties, the Department determined to conduct an expedited review. As a result of this review, the Department finds that revocation of the antidumping order would be likely to lead to continuation or recurrence of dumping at the levels indicated in the Final Results of Review section of this notice.

**FOR FURTHER INFORMATION CONTACT:** Scott E. Smith or Melissa G. Skinner, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, D.C. 20230; telephone: (202) 482-6397 or (202) 482-1560, respectively.

Guidance on methodological or analytical issues relevant to the Department's conduct of sunset reviews is set forth in the Department's Policy Bulletin 98:3 "*Policies Regarding the Conduct of Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders; Policy Bulletin*, 63 FR 18871 (April 16, 1998) ("*Sunset Policy Bulletin*").
