m. This notice also consists of the following standard paragraphs: A5, A7, A9, A10, B, C, and D2.

A5. Preliminary Permit—Anyone desiring to file a competing application for preliminary permit for a proposed project must submit the competing application itself, or a notice of intent to file such an application, to the Commission on or before the specified comment date for the particular application (see 18 CFR 4.36).

Submission of a timely notice of intent allows an interested person to file the competing preliminary permit application no later than 30 days after the specified comment date for the particular application. A competing preliminary permit application must conform with 18 CFR 4.30(b) and 4.36.

A7. Preliminary Permit—Any qualified development applicant desiring to file a competing development application must submit to the Commission, on or before a specified comment date for the particular application, either a competing development application or a notice of intent to file such an application. Submission of a timely notice of intent to file a development application allows an interested person to file the competing application no later than 120 days after the specified comment date for the particular application. A competing license application must conform with 18 CFR 4.30(b) and 4.36.

A9. Notice of intent—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

A10. Proposed Scope of Studies under Permit—A preliminary permit, if issued, does not authorize construction. The term of the proposed preliminary permit would be 36 months. The work proposed under the preliminary permit would include economic analysis, preparation of preliminary engineering plans, and a study of environmental impacts. Based on the results of these studies, the Applicant would decide whether to proceed with the preparation of a development application to construct and operate the project.

B. Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to

intervene in accordance with the requirements of rules of practice and procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

C. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS", "NOTICE OF INTENT TO FILE COMPETING APPLICATION", "COMPETING APPLICATION", "PROTEST", "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. An additional copy must be sent to Director, Division of Project Review, Federal Energy Regulatory Commission, at the above-mentioned address. A copy of any notice of intent, competing application or motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

D2. Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Linwood A. Watson, Jr.,

Acting Secretary.

Science Advisory Board; Radiation Advisory Committee (RAC); Notification of Public Advisory Committee Meeting Open Teleconference Meeting

Pursuant to the Federal Advisory Committee Act, Pub. L. 92-463, notice is hereby given that the Science Advisory Board's (SAB's) Radiation Advisory Committee (RAC) will conduct a public teleconference meeting from 4:00 p.m. to 6:00 p.m. eastern time on Tuesday, April 27, 1999. For those wishing to physically attend the meeting, it will be held in the SAB Conference Room 3709 Waterside Mall, EPA Headquarters, 401 M Street, SW, Washington, DC 20460.

All times noted are Eastern Time. The meeting is open to the public, however, due to limited space, seating at the meeting will be on a first-come basis. Important Notice: Documents that are the subject of SAB reviews are normally available from the originating EPA office and are not available from the SAB Office. Information concerning availability of documents from the relevant Program Office is included below.

At this meeting, the RAC will attempt to reach closure on its April, 1999 draft advisory of an Office of Radiation and Indoor Air (ORIA) draft white paper. The ORIA draft white paper (37 pages in length) entitled "Proposed EPA Methodology for Assessing Risks from Indoor Radon Based on BEIR VI," dated February, 1999, proposes a methodology for assessing cancer risks from indoor radon in light of the National Academy of Sciences (NAS) Biological Effects of Ionizing Radiation (BEIR VI) committee document. The draft SAB/RAC advisory in review of the ORIA draft white paper focuses on the technical aspects of the Agency's methodology report. The first public meeting which initiated the advisory began on March 24, 1999 (see **Federal Register**, Vol. 64, No. 41, Wednesday, March 3, 1999, pp. 10294-10295). The charge questions to be answered include, but are not limited to the following:

(a) Is the overall approach of using the BEIR VI age-concentration model acceptable? (BEIR VI gives model options);

(b) What advice does the RAC have on refinements and extensions we (the Agency) are considering?; and

(c) Have we (the Agency) adequately accounted for the sources of uncertainty?

FOR FURTHER INFORMATION CONTACT:

Members of the public wishing further information concerning the teleconference meeting, such as copies of the proposed meeting agenda or RAC draft advisory dated April, 1999, or who wish to submit written comments should contact Mrs. Diana L. Pozun at (202) 260-8432; fax (202) 260-7118, or via E-Mail: pozun.diana@epa.gov. Members of the public who wish to make a brief oral presentation to the Committee must contact Dr. K. Jack Kooyoomjian *in writing* (by letter or by fax—see contact information below) no later than 12 noon Eastern Time, Tuesday, April 20, 1999 in order to be included on the Agenda. In general, public comments at teleconferences will be normally limited to three minutes per speaker or organization. The request should identify the name of the individual making the presentation, the organization (if any) they will represent, and at least 35 copies of an outline of the issues to be addressed or of the presentation itself.

The SAB expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements. Written comments (at least 35 copies) received in the SAB Staff Office sufficiently prior to a meeting date, may be mailed to the relevant SAB committee or subcommittee prior to its meeting; comments received too close to the meeting date will normally be provided to the committee at its meeting. Written comments may be provided to the relevant committee or subcommittee up until the time of the meeting. For further information, contact Dr. K. Jack Kooyoomjian, Designated Federal Officer for the Radiation Advisory Committee, Science Advisory Board (1400), U.S. EPA, Washington, DC 20460, phone (202)-260-2560; fax (202)-260-7118; or via E-Mail at: kooyoomjian.jack@epa.gov.

For questions pertaining to the white paper, please contact Dr. Mary E. Clark, (6601J), ORIA, U.S. Environmental Protection Agency, 401 M Street, SW, Washington, DC 20460, tel. (202) 564-9348; fax (202)-565-2043; or E-mail: clark.marye@epa.gov. Documents pertaining to BEIR VI may also be obtained on the world wide web at the following address: <http://www.nap.edu/reading room/> and search on "radon."

Additional information concerning the SAB, its structure, function, and composition, may be found on the SAB Website (<http://www.epa.gov/sab>) and in The annual Report of the Staff Director which is available from the SAB Publications Staff at (202) 260-4126 or via fax at (202) 260-1889.

Individuals requiring special accommodation at SAB meetings, including wheelchair access, should contact Dr. Kooyoomjian or Mrs. Pozun at least five business days prior to the meeting so that appropriate arrangements can be made.

Dated: April 1, 1999.

Donald G. Barnes,

Staff Director, Science Advisory Board.
