Inv. Nos. 701-TA-387-392 (Preliminary) and 731-TA-815-822 (Preliminary)

### Certain Cut-to-Length Steel Plate From the Czech Republic, France, India, Indonesia, Italy, Japan, Korea, and Macedonia; Determinations

On the basis of the record<sup>1</sup> developed in the subject investigations, the United States International Trade Commission (Commission) determines, pursuant to section 703(a) of the Tariff Act of 1930 (19 U.S.C. 1671b(a)), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports from France, India, Indonesia, Italy, and Korea of certain cut-to-length steel plate, provided for in headings 7208, 7210, 7211, 7212, 7225, and 7226 of the Harmonized Tariff Schedule of the United States, that are alleged to be subsidized by the Governments of the respective countries. The Commission further determines, pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. 1673b(a)), that there is a reasonable indication that an industry in the United States is materially injured by reason of such imports from France, India, Indonesia, Italy, Japan, and Korea that are alleged to be sold in the United States at less than fair value (LTFV). Finally, pursuant to 19 U.S.C. 1677(24)(A), the Commission determines that the subject imports from the Czech Republic that are alleged to be sold at LTFV and the subject imports from Macedonia that are alleged to be subsidized and sold at LTFV are negligible.<sup>2</sup> The Commission's investigation with respect to the Czech Republic is thereby terminated pursuant to 19 U.S.C. 1673b(a)(1) and its investigation with respect to Macedonia are thereby terminated pursuant to 19

<sup>1</sup> The record is defined in sect. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

<sup>2</sup> Chairman Lynn M. Bragg finds that there is a potential that such imports from the Czech Republic will imminently account for more than three percent of the total import volume of all such merchandise, and determines that there is a reasonable indication that an industry in the United States is threatened with material injury by reason of imports of the subject merchandise from the Czech Republic that are alleged to be sold at LTFV.

U.S.C. 1671b(a)(1) and 19 U.S.C. 1673b(a)(1).

### Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling which will be published in the **Federal Register** as provided in section 207.21 of the Commission's rules upon notice from the Department of Commerce (Commerce) of affirmative preliminary determinations in the investigations under sections 703(b) and 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in the investigations under sections 705(a) and 735(a) of the Act. Parties that filed entries of appearances in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.
