

hazard reduction to assure that occupants are informed on a timely basis. HUD's existing lead-based paint regulations for public housing projects constructed before 1978 require written notice to current residents, applicants, and prospective purchasers when units are tested for the presence of lead-based paint and found to contain lead greater or equal to the HY/D standard. The final rule requirements will result in an incremental increase in the cost and hour burdens for the public housing programs. For all other HUD programs, the requirements create new cost and hour burdens. For multifamily properties, the rule provides owners an option of whether to distribute such notices to dwelling units or to post them in centrally located places within the property. For the estimation of paperwork burden, HUD is assuming that 25 percent of the multifamily units will receive notices through direct distribution but that central posting will be done as well in all multifamily properties covered by the rule.

3. Record Keeping

Designated parties are responsible for keeping a copy of each notice, evaluation, clearance, or abatement report for at least three years. In addition, designated parties are required to make such reports available to HUD, if requested. These new requirements are designed to provide a basis for ensuring that Federal funds are expended properly.

4. Reporting Child With an Environmental Intervention Blood Lead Level

For Four types of housing assistance programs, HUD has retained the proposed-rule requirement that additional evaluation and hazard reduction activities be conducted when a child residing in the property is identified as having an environmental intervention blood lead level. As part of these activities the designated party is required to report the name and address of a child with an environmental intervention blood lead level to the public health department (State or local health department or the Indian Health Service), if the case was originally reported to the owner by a source other than the public health department. For purposes of burden estimation, HUD assumes that owners will learn about one-half of the cases from sources other than a public health department. With regard to HUD's tenant-based rental assistance programs, this information collection requirement is not new. For the other three HUD programs with environmental intervention blood lead

level requirements the reporting requirement would create new cost and hour burdens. Those programs are public housing, project-based rental assistance, and HUD-owned multifamily housing.

Agency Form Number: No HUD forms are required.

Members of the Affected Public: Households, businesses, not-for-profit organizations, the Federal government, and State, local and tribal governments.

Total Burden Estimate (first year of the rule):

Number of respondents: 78,215.

Number of responses: 772,271.

Number of response: 219,486.

Status of the proposed information collection: Revision of a currently approved collection.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: April 12, 1999.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4432-N-15]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Mark Johnston, room 7256, Department of Housing and Urban Development, 451 Seventh Street SW, Washington, DC 20410; telephone (202) 708-1226; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies

regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories; Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Brian Rooney, Division of Property Management, Program Support Center, HHS, room 5B-41, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this

Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: GSA: Mr. Brian K. Polly, Assistant Commissioner, General Services Administration, Office of Property Disposal, 18th and F Streets, NW, Washington, DC 20405; (202) 501-0052; INTERIOR: Ms. Lola Kane, Department of the Interior, 1849 C Street, NW, Mail Stop 5512-MIB, Washington, DC 20240; (202) 208-4080; NAVY: Mr. Charles C. Cocks, Department of the Navy, Director, Real Estate Policy Division, Naval Facilities Engineering Command, Washington Navy Yard, 1322 Patterson Ave., SE, Suite 1000, Washington, DC 20374-5065; (202) 685-9200; (These are not toll-free numbers).

Dated: April 8, 1999.
