**INTERNATIONAL TRADE  
COMMISSION**

[Inv. No. 337-TA-406]

**Certain Lens-Fitted Film Packages;  
Notice of Commission Determination  
to Review-in-Part a Final Initial  
Determination Finding a Violation of  
Section 337; Schedule for Written  
Submissions on Remedy, the Public  
Interest, and Bonding**

**AGENCY:** International Trade  
Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission has determined to review-in-part the final initial determination (ID) issued by the presiding administrative law judge (ALJ) on February 24, 1999, finding a violation of section 337 of the Tariff Act of 1930, 19 U.S.C. § 1337, in the above-captioned investigation. Specifically, the Commission has determined to review the standard for the burden of proof applied in the ID for establishing repair versus reconstruction of a patented product and the ID's determination of no infringement of the design patents asserted in this investigation. The Commission has also determined to review the infringement issues insofar as necessary to correct certain clerical errors brought to the Commission's attention by the Office of Unfair Import Investigations.

**FOR FURTHER INFORMATION CONTACT:** Jean Jackson, Esq., Office of the General Counsel, U.S. International Trade Commission, telephone 202-205-3104. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). Hearing-impaired persons are advised that information on the matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

**SUPPLEMENTARY INFORMATION:** This investigation was instituted on March 25, 1998, based on a complaint by Fuji Photo Film Co., Ltd. (Fuji) of Tokyo, Japan. 63 FR 14474. Fuji's complaint alleged unfair acts in violation of section 337 in the importation and sale of certain lens-fitted film packages (*i.e.*, disposable cameras). The complaint alleged that 27 respondents had infringed one or more claims of 15 patents held by complainant Fuji. On October 23, 1998, the Commission determined not to review two IDs finding a total of eight respondents, *viz.*, Boshi Technology Ltd., Fast Shot, Haichi International, Innovative Trading Company, Labelle Time, Inc., Linfa Photographic Ind. Co. Ltd., Forcecam, Inc. and Rino Trading Co. Ltd., in default for failure to respond to the complaint and notice of investigation. An evidentiary hearing was held November 2-13, 1998. Eight respondents participated in the hearing, Achiever Industries Limited, Argus Industries, China Film Equipment, Dynatec International Inc., Jazz Photo Corp., Opticolor Camera, P.S.I. Industries, and Sakar International, Inc. On December 4, 1998, the Commission determined not to review an ID granting complainant's oral motion to withdraw

a single claim of one patent from the investigation. 63 FR 67918 (December 9, 1998). Ten respondents that had filed responses to the complaint and notice of investigation failed to appear at the hearing, viz., Ad-Tek Specialties Inc., AmerImage, Inc. d/b/a/ Rainbow Products, Boecks Camera LLC, BPS Marketing, E.T. Trading d/b/a Klikit, Penmax, Inc., PhilmEx Photographic Film, T.D.A. Trading Corp., Vantage Sales, Inc. and Vivitar Corp.

On February 24, 1999, the ALJ issued his final ID, finding a violation of section 337 by 26 of 27 named respondents. (Complainant Fuji admitted at closing argument that one named respondent, Opticam Inc, was not violating section 337). He found that Fuji had not carried its burden of proof in showing infringement of three design patents. The ALJ also issued his recommendations on remedy and bonding. The ALJ recommended that the Commission issue a general exclusion order directing that disposable cameras that infringe the claims of the 12 utility patents at issue be excluded from entry into the United States. He also recommended that cease and desist orders be issued to the 21 domestic respondents found in violation. Finally, he recommended a 100 percent bond during the period of Presidential review.

On March 8, 1999, the eight respondents that appeared at the hearing, complainant Fuji, and the Commission investigative attorney (IA) filed petitions for review of the ID. On March 15, 1999, the private parties filed responses. The IA filed his response to the petitions on March 17, 1999.

Having examined the record in this investigation, including the ALJ's final ID, the petitions for review, and the responses thereto, the Commission has determined to review: (1) the standard for the burden of proof applied in the ID for establishing repair versus reconstruction of a patented product, and (2) the ID's determination that the design patents asserted in this investigation were not infringed. The Commission has also determined to review the infringement issues insofar as necessary to correct certain clerical errors brought to the Commission's attention by the Office of Unfair Import Investigations. The Commission requires no further briefing on these issues.

In connection with the final disposition of this investigation, the Commission may issue (1) an order that could result in the exclusion of the subject articles from entry into the United States, and/or (2) cease and desist orders that could result in

respondents being required to cease and desist from engaging in unfair action in the importation and sale of such articles. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, the party should so indicate and provide information establishing that activities involving other types of entry either are adversely affecting it or likely to do so. For background, see *In the Matter of Certain Devices for Connecting Computers via Telephone Lines*, Inv. No. 337-TA-360, USITC Pub. No. 2843 (December 1994) (Commission Opinion).

If the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the effect that an exclusion order and/or cease and desist orders would have on (1) The public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are subject to investigation, and (4) U.S. consumers. The Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation.

If the Commission orders some form of remedy, the President has 60 days to approve or disapprove the Commission's action. During this period, the subject articles would be entitled to enter the United States under a bond, in an amount determined by the Commission and prescribed by the Secretary of the treasury. The Commission is therefore interested in receiving submissions concerning the amount of the bond that should be imposed.

#### Written Submissions

The parties to the investigation, interested government agencies, and any other interested parties are encouraged to file written submissions on remedy, the public interest, and bonding. Such submissions should address the February 24, 1999, recommended determination by the ALJ on remedy and bonding. Complainant and the Commission investigative attorney are also requested to submit proposed remedial orders for the Commission's consideration. The written submissions and proposed remedial orders must be filed no later than close of business on April 29, 1999. Reply submissions must be filed no later than the close of

business on May 6, 1999. No further submissions on these issues will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must file with the Office of the Secretary the original document and 14 true copies thereof on or before the deadlines stated above. Any person desiring to submit a document (or portion thereof) to the Commission in confidence must request confidential treatment unless the information has already been granted such treatment during the proceedings. All such requests should be directed to the Secretary of the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See section 201.6 of the Commission's Rules of Practice and Procedure, 19 CFR 201.6. Documents for which confidential treatment by the Commission is sought will be treated accordingly. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary.

This action is taken under the authority of section 337 of the Tariff Act of 1930, 19 U.S.C. 1337, and sections 210.45-210.51 of the Commission's Rules of Practice and Procedure, 19 CFR 210.45-210.51.

Copies of the public version of the ID, and all other nonconfidential documents filed in connection with this investigation, are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone 202-205-2000.

Issued: April 19, 1999.

By order of the Commission.

Secretary.
