### The Proposal

The FAA is considering an amendment to 14 CFR part 71 to modify the legal description of the Class D airspace at Cincinnati, OH, by changing the reference to the Cincinnati/Northern Kentucky International Airport, KY, Class C airspace area to Class B. The area would be depicted on appropriate aeronautical charts. Class D airspace designations are published in paragraph 5000, of FAA Order 7400.9F dated September 10, 1998, and effective September 16, 1998, which is incorporated by reference in 14 CFR 71.1 The Class D airspace designations listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an establishment body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Sawyer, MI.

**DATES:** Comments must be received on or before June 21, 1999.

#### The Proposal

The FAA is considering an amendment to 14 CFR part 71 to establish Class E airspace at Gwinn, MI, and by revoking the Class E airspace at Sawyer, MI, and K.I. Sawyer, MI. The legal description for the Sawyer Airport has changed from Sawyer, MI, to Gwinn, MI, and K.I. Sawyer AFB has been closed. Controlled airspace extending upward from the surface is needed to contain aircraft executing instrument approach procedures. The area would be depicted on appropriate aeronautical charts. Class E airspace areas designated as a surface area for an airport are published in paragraph 6002, and Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005, of FAA Order 7400.9F dated September 10, 1998, and effective September 16, 1998, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an establishment body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT

Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** This notice proposes to amend Class E airspace at Sanford, NC. The Sanford-Lee County Brick Field Airport has been relocated approximately 10 miles northeast and the name of the airport has been changed to Sanford-Lee County Regional Airport. An Instrument Landing System (ILS)/Distance Measuring Equipment (DME) Runway (RWY) 3 Standard Instrument Approach Procedure (SIAP) has been developed for Sanford-Lee County Regional Airport. As a result, additional controlled airspace extending upward from 700 feet Above Ground Level (AGL) is needed to accommodate the SIAP and for Instrument Flight Rules (IFR) operations at Sanford-Lee County Regional Airport.

**DATES:** Comments must be received on or before June 3, 1999.

**ADDRESSES:** Send comments on the proposal in triplicate to: Federal Aviation Administration, Docket No. 99-ASO-7, Manager, Airspace Branch, ASO-4520, P.O. Box 20636, Atlanta, Georgia 30320.
