INTERNATIONAL TRADE COMMISSION

Investigation No. 731-TA-787 (Final); Extruded Rubber Thread From Indonesia

Determination

On the basis of the record ¹ developed in the subject investigation, the United States International Trade Commission determines, ² pursuant to section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act), that an industry in the United States is threatened with material injury ³ by reason of imports from Indonesia of extruded rubber thread,⁴ provided for in heading 4007.00.00 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce to be sold in the United States at less than fair value (LTFV).⁵

Background

The Commission instituted this investigation effective March 31, 1998, following receipt of a petition filed with the Commission and the Department of Commerce by North American Rubber

Thread Co., Ltd., Fall River, MA. The final phase of the investigation was scheduled by the Commission following notification of a preliminary determination by the Department of Commerce that imports of extruded rubber thread from Indonesia were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the Commission's investigation and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of November 19, 1998 (63 FR 64276). The hearing was held in Washington, DC, on March 25, 1999, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determination in this investigation to the Secretary of Commerce on May 7, 1999. The views of the Commission are contained in USITC Publication 3191 (May 1999), entitled Extruded Rubber Thread from Indonesia: Investigation No. 731-TA-787 (Final).

Issued: May 6, 1999.

By order of the Commission.

Determinations

On the basis of the record ¹ developed in the subject investigations, the United States International Trade Commission determines:²

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR § 207.2(f)).

² In these investigations, Vice Chairman Marcia E. Miller and Commissioners Carol T. Crawford, Jennifer A. Hillman, and Thelma J. Askey find two domestic like products, voting in the affirmative with respect to certain hot-rolled stainless steel

Continued

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CAR § 207.2(f)).

² Commissioner Askey dissenting.

³ Commissioner Crawford finds two like products corresponding to the scope of this investigation as defined by Commerce. She finds (1) that the industry in the United States producing food-grade extruded rubber thread is not materially injured, or threatened with material injury, by reason of LTFV imports from Indonesia, and (2) that the industry in the United States producing all other extruded rubber thread is materially injured by reason of such imports.

⁴ For purposes of this investigation, Commerce has defined "extruded rubber thread" as vulcanized rubber thread obtained by extrusion of stable or concentrated natural rubber latex of any cross sectional shape, measuring from 0.18 mm, which is 0.007 inches or 140 gauge, to 1.42 mm, which is 0.056 inches or 18 gauge, in diameter.

⁵ The Commission did not determine that it would have found material injury but for the suspension of liquidation of entries of the merchandise under investigation, pursuant to 19 U.S.C. § 1673d(b)(4)(B).

(1) Pursuant to section 705(b) of the Tariff Act of 1930 (19 U.S.C. § 1671d(b)) (the Act), that an industry in the United States is materially injured by reason of imports from Belgium, Italy, and South Africa of certain hot-rolled stainless steel plate in coils³ that have been found by the Department of Commerce to be subsidized by the Governments of Belgium, Italy, and South Africa;⁴

(2) Pursuant to section 735(b) of the Act (19 U.S.C. § 1673d(b)), that an industry in the United States is materially injured by reason of imports of certain hot-rolled stainless steel plate in coils from Belgium, Canada, Italy, Korea, South Africa, and Taiwan that have been found by Commerce to be sold in the United States at less than fair value (LTFV);⁵

(3) Pursuant to section 705(b) of the Act (19 U.S.C. § 1671d(b)), that an industry in the United States is not materially injured or threatened with material injury, and the establishment of an industry in the United States is not materially retarded, by reason of imports from Belgium of certain cold-rolled stainless steel plate in coils that have been found by Commerce to be subsidized by the Government of Belgium;⁶

(4) Pursuant to section 735(b) of the Act (19 U.S.C. § 1673d(b)), that an industry in the United States is not materially injured or threatened with material injury, and the establishment of an industry in the United States is not materially retarded, by reason of imports from Belgium and Canada of certain cold-rolled stainless steel plate in coils that have been found by

plate in coils and voting in the negative or finding imports to be negligible with respect to certain cold-rolled stainless steel plate in coils. Chairman Lynn M. Bragg and Commissioner Stephen Koplan find one domestic like product encompassing both certain hot-rolled stainless steel plate in coils and certain cold-rolled stainless steel plate in coils, and vote in the affirmative.

³ Imports of certain stainless steel plate in coils, both hot-rolled and cold-rolled, are provided for in subheadings 7219.11.00, 7219.12.00, 7219.31.00, 7219.90.00, 7220.11.00, 7220.20.10, 7220.20.60, and 7220.90.00 of the Harmonized Tariff Schedule of the United States. For purposes of these investigations, the Commission defines certain hot-rolled stainless plate in coils as all domestic product corresponding to the scope of the investigations except for certain cold-rolled stainless steel plate in coils. The Commission defines certain cold-rolled stainless steel plate in coils as all domestic product corresponding to the scope of the investigations that has undergone a cold-reduction process that reduced the thickness of the steel by 25 percent or more, and has been annealed and pickled after cold reduction.

⁴ Chairman Bragg and Commissioner Koplan made affirmative determinations on a single domestic like product encompassing both certain hot-rolled stainless steel plate in coils and certain cold-rolled stainless steel plate in coils.

Commerce to be sold in the United States at LTFV;⁷ and

(5) Pursuant to section 771(24)(A) of the Act (19 U.S.C. § 1677(24)(A)), that imports of certain cold-rolled stainless steel plate in coils from Italy, Korea, South Africa, and Taiwan that have been found by Commerce to be subsidized and/or sold in the United States at LTFV are negligible.^{8,9}
