d. *Applicant:* City of Bountiful, Utah.

e. *Name of Projects:* Echo and East Canyon Projects.

f. *Location:* The Echo Project is on the Weber River in Summit County, Utah. The East Canyon Project is authorized to be on East Canyon Creek, a tributary of the Weber River, in Morgan County, Utah. Both projects utilize a U.S. Bureau of Reclamation dam and reservoir.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. § 791(a)-825(r).

h. *Applicant Contact:* Mr. Clifford Michaelis, City of Bountiful Light & Power, 198 South 200 West, Bountiful, UT 84010, (801) 298-6072.

i. *FERC Contact:* Any questions on this notice should be addressed to Paul Shannon at (202) 219-2866 or by e-mail at paul.shannon@ferc.fed.us.

j. *Deadline for filing comments and/or motions:* June 17, 1999.

All documents (original and eight copies) should be filed with: David P. Boergers, Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426.

Please include the project numbers (3755-011 and 3756-012) on any comments or motions filed.

k. *Description of Filing:* The City of Bountiful, Utah, (City) applied to amend the license of the Echo Project to include within the project boundary an existing 18-mile-long transmission line extending from the East Canyon Dam to Bountiful. The transmission line was originally licensed as part of the East Canyon Project and was the only feature of the East Canyon Project constructed. The 18-mile-long transmission line is a part of the existing 30.5-mile-long transmission line between the Echo Project and Bountiful.

The City also proposes not to construct the remaining project features of the East Canyon Project and surrender the license. The East Canyon Project is licensed to use the existing U.S. Bureau of Reclamation's (Bureau) East Canyon Dam and Reservoir. The City reports that in May 1988, the Bureau notified the City it would not permit the construction of the hydroelectric project until certain dam safety issues were resolved. The City states the Bureau has not fully resolved the dam safety issues, to date. The City maintains that uncertainties regarding the dam's stability make it difficult or impossible to secure adequate financing to develop the project.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6341-7]

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit the following proposed Information Collection Request (ICR) to the Office of Management and Budget (OMB): 1999 EPCRA Implementation Status Questionnaire for State Emergency

Response Commissions (SERCs), Local Emergency Planning Committees (LEPCs) and California Certified Unified Program Agencies (CUPAs), EPA ICR No. 1905.01. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before July 13, 1999.

ADDRESSES: United States Environmental Protection Agency, Region IX, ATTN: Lauren Volpini, EPCRA Enforcement and Compliance Program Manager, 75 Hawthorne Street, Mailstop: SFD-1-2, San Francisco, CA 94105.

FOR FURTHER INFORMATION CONTACT: Lauren Volpini, (415) 744-2333 or via electronic mail at volpini.lauren@epa.gov.

SUPPLEMENTARY INFORMATION: Affected entities: Entities potentially affected by this action are state and local emergency planning organizations, each of which could be considered a "small entity." Therefore, establishing differing requirements and/or exemptions from coverage is not practicable. However, Region IX will make every effort to minimize "the burden on persons who shall provide information." This will be accomplished by ensuring that the questionnaire is as concise as practicable, the instructions clarify the respondent's burden, and the survey questions are simple to answer with information that is readily available to the respondent.

The perception of burden is inherently reduced by the fact that participation in this information collection is voluntary, which will be clearly stated at the beginning of the survey.
