Suspension Agreements	
None.	

In accordance with section 351.213 of the regulations, an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. The Department has changed its requirements for requesting reviews for countervailing duty orders. Pursuant to 771(9) of the Act, an interested party must specify the individual producers or exporters covered by the order or suspension agreement for which they are requesting a review (Department of Commerce Regulations, 62 FR 27295, 27494 (May 19, 1997)). Therefore, for both antidumping and countervailing duty reviews, the interested party must specify for which individual producers or exporters covered by an antidumping

finding or an antidumping or countervailing duty order it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters. If the interested party intends for the Secretary to review sales of merchandise by a exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Seven copies of the request should be submitted to the Assistant Secretary for

Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Enforcement, Attention: Shelia Forbes, in room 3065 of the main Commerce Building. Further, in accordance with section 351.303(f)(1)(i) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the Federal Register a notice of Initiation of

Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation for requests received by the last day of May 1999. If the Department does not receive, by the last day of May 1999, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct the Customs Service to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute but is published as a service to the international trading community.

Dated: May 13, 1999.

Bernard T. Carreau,

*Deputy Assistant Secretary for Group II, AD/
CVD Enforcement.*

Availability of a Final Supplemental Environmental Impact Statement on a Proposed Modification of Plum Creek Timber Company's Incidental Take Permit for Threatened and Endangered Species on portions of its lands in the Central Cascades, King, and Kittitas Counties, Washington

AGENCIES: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration, Commerce; Fish and Wildlife Service (FWS), Interior.

ACTION: Notice of availability of a final supplemental environmental impact statement.

SUMMARY: This notice advises the public that the Final Supplemental Environmental Impact Statement (Supplement) is available for review. Plum Creek Timber Company has requested modification of their incidental take permit (PRT-808398) (Permit) to accommodate the new land base expected as a result of a legislated land exchange with the U.S. Forest

Service. NMFS and FWS (Services) prepared the Supplement. The Final Environmental Impact Statement (Statement) associated with the original Habitat Conservation Plan (Plan) and Permit is not being re-opened or re-analyzed, and the decisions based on the original Statement are not being reconsidered. The Services herein announce the availability of the final Supplement for the proposed modification pursuant to the National Environmental Policy Act regulations (40 CFR 1506.6).

DATES: Publication of the Record of Decision will occur no sooner than June 18, 1999.

ADDRESSES: Individuals wishing copies of the final Supplement should contact William Vogel, FWS, or Dennis Carlson, NMFS, Pacific Northwest Habitat Conservation Plan Program, 510 Desmond Drive SE., Suite 102, Lacey, Washington 98503-1273; telephone (360) 753-9440 or (360) 753-5828 respectively. Copies may also be obtained by contacting Michael Collins, Project Leader, Plum Creek Timber Company, 999 Third Avenue, Suite 2300, Seattle, Washington 98104; or call (206) 467-3639. See **SUPPLEMENTARY INFORMATION** for other locations where the final Supplement and supporting documents may be obtained.

FOR FURTHER INFORMATION CONTACT: William Vogel, FWS, or Dennis Carlson, NMFS. Both are located at the office of the Pacific Northwest Habitat Conservation Plan Program, at the addresses and telephone numbers listed (see **ADDRESSES**).

The Plum Creek Plan for the central Cascades was accepted and the Permit was originally issued on June 27, 1996. Both apply to a 170,600-acre Project Area located within a 418,700-acre Planning Area. The Planning Area is located within east King County and west Kittitas County, Washington, and is bisected by U.S. Interstate-90. The Planning Area includes not only Plum Creek lands, but National Forest lands and lands of other ownerships.

The Permit allows Plum Creek to incidentally take threatened and endangered fish and wildlife while requiring implementation of a conservation plan with a habitat-based, prescriptive-management strategy designed to minimize and mitigate such incidental take. The Plan approved in 1996 contemplated that Plum Creek lands managed under the Plan and Permit would likely change as a result of future land exchanges with the United States. Consequently, the Plan and associated Implementation Agreement provide procedures and criteria for modification of the Plan to accommodate the exchange of lands. The Plan describes two scenarios for land exchanges with the United States whereby the biological integrity of the Plan would be either maintained or improved. One scenario exchanges Plum Creek-owned lands in the Planning Area for Government-owned lands outside of the Planning Area. Another scenario describes an exchange of Federal and Plum Creek lands so that within the Planning Area there is: (1) an increase in National Forest land managed as Late-Successional Reserves or Adaptive Management Areas under the Northwest Forest Plan; (2) reduced Federal ownership of lands managed as Matrix under the Forest Plan; and (3) there is a net decrease in harvestable area.

In October of 1998, House Resolution 4328 authorized and directed the consummation of the Interstate-90 Land Exchange. The potential land exchange would result in a transfer to the Forest Service of up to 50,000 acres of the 170,600-acre Project Area previously covered by Plum Creek's Permit and Plan, and the transfer of up to 10,200 acres of National Forest lands within the 418,700-acre Planning Area to Plum Creek. Plum Creek would also acquire additional lands outside the Planning Area which are not addressed in the final Supplement as these lands would not be included on the Permit. The authorized land exchange is a combination of the two scenarios
