SUPPLEMENTARY INFORMATION:

Background

On April 24, 1998, the Commission
received a request to review its
affirmative determination as it applied
to imports of ferrosilicon from Brazil
(the request)¹ in light of changed
circumstances, pursuant to section
751(b) of the Act. The request was filed
by counsel on behalf of Associação
Brasileira dos Produtores de Ferroligas
e de Silicio Metalico (ABRAFE),
Companhia Brasileira Carbureto de
Calcio (CBCC), Companhia de Ferroligas
de Bahia (FERBASA), Nova Era Silicon
S/A, Italmagnesio S/A-Industria e
Comercio, Rima Industrial S/A, and
Companhia Ferroligas Minas Gerais
(Minasligas).

Pursuant to section 207.45(b) of the
Commission's Rules of Practice and
Procedure (19 CFR 207.45(b)), the
Commission published a notice in the
Federal Register on May 20, 1998 (63
FR 27747), requesting comments as to
whether the alleged changed
circumstances warranted the institution
of review investigations. The
Commission received comments in
support of the request from C.V.G.
Venezolana de Ferrosilicio C.A.
(Fesilven), a Venezuelan producer of
ferrosilicon; General Motors Corp., a
purchaser of ferrosilicon; and the
Governments of Brazil and Kazakhstan.
Comments in opposition to the request
were received from counsel on behalf of
AIMCOR, American Alloys, Inc., Elkem
Metals Co., and SKW Metals & Alloys,
Inc., U.S. producers of ferrosilicon.
After reviewing these comments, the
Commission determined on July 28,
1998, that certain of the alleged changed
circumstances were sufficient to warrant
review investigations. See 63 FR 40314-
15. Among the issues that were briefed
by the parties to the investigations was
the fact that, between 1995 and 1997,
two members of the domestic industry
pleaded guilty to conspiring to fix prices
of commodity ferrosilicon products
during the periods of the Commission's
original investigations, and a third
member, and an officer of that member,
were convicted of conspiring to fix
prices of commodity ferrosilicon
products during the periods of the
Commission's original investigations.
The Commission has now decided to
suspend the section 751(b) reviews and
reconsider the original determinations.

*Participation in the reconsideration
and public service list:* Parties who have

¹ The request concerned only imports from Brazil.
However, as the alleged changed circumstances
predominantly relate to the domestic industry, the
Commission solicited comments on the possibility
of self-initiating reviews of the outstanding orders
on imports from China, Kazakhstan, Russia,
Ukraine, and Venezuela.

entered appearances in the section 751(b) reviews do not have to enter new appearances in this reconsideration in order to participate. Other persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the reconsideration proceedings as parties must file an entry of appearance with the Secretary to the Commission no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the reconsideration proceedings.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list: Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in these reconsideration proceedings available to authorized applicants under the APO issued in these reconsideration proceedings, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9). A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO. Individuals subject to the APO in the section 751(b) reviews need not submit new applications for access to BPI in the reconsideration proceedings.

Written submissions: The record of the section 751(b) reviews will be incorporated into the record of these reconsideration proceedings. Each party can submit comments, including new factual information, to the Commission. Comments must be limited to the issues of (a) the price-fixing conspiracy, or other anticompetitive conduct relating to the original periods of investigation, and (b) any possible material misrepresentations or material omissions, by any entity that provided information or argument in the original investigations, concerning: (1) the conspiracy or other anticompetitive conduct or (2) any other matter. Comments must conform with the relevant provisions of section 207.23 of the Commission's rules and the deadline for filing is June 23, 1999. Parties may submit rebuttal comments, which may include new factual information, by July 7, 1999. Rebuttal comments shall be limited to the same issues as the opening comments. In addition, any person who has not entered an appearance as a party to the reconsideration proceedings may submit

a brief written statement of information pertinent to the subject of the reconsideration proceedings on or before June 23, 1999. On July 12, 1999, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before July 16, 1999, but such final comments must not contain new factual information and must otherwise comply with the requirements stated in section 207.30 of the Commission's rules. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the reconsideration proceedings must be served on all other parties to the reconsideration proceedings (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Authority: These reconsideration proceedings are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to sections 201.10 and 207.45 of the Commission's rules.

Issued: May 21, 1999.

By order of the Commission.

Donna R. Koehnke,
Secretary.

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

Manufacturer of Controlled Substances; Notice of Registration

By Notice dated January 27, 1999, and published in the **Federal Register** on February 4, 1999, (64 FR 6682), Lonza Riverside, 900 River Road, Conshohocken, Pennsylvania 19428, made application by renewal to the Drug Enforcement Administration (DEA) to be registered as a bulk manufacturer of the basic classes of controlled substances listed below:

Drug	Schedule
Amphetamine (1100)	II
Phenylacetone (8501)	II

The firm plans to manufacture in bulk for distribution to its customers.

DEA has considered the factors in 21 U.S.C. 823(a) and determined that the registration of Lonza Riverside to manufacture the listed controlled substances is consistent with the public interest at this time. DEA has investigated Lonza Riverside on a regular basis to ensure that the company's continued registration is consistent with the public interest. These investigations have included inspection and testing of the company's physical security systems, audits of the company's records, verification of the company's compliance with state and local laws, and a review of the company's background and history. Therefore, pursuant to 21 U.S.C. 823 and 28 CFR 0.100 and 0.104, the Deputy Assistant Administrator, Office of Diversion Control, hereby orders that the application submitted by the above firm for registration as a bulk manufacturer of the basic classes of
