This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment and Training Administration (ETA) is soliciting comments concerning the proposed reinstatement, without change, collection of the Agricultural and Food Processing Clearance Order, Form ETA-790, Agricultural and Food Processing Clearance Memorandum, Form ETA-795, Migrant Worker Itinerary, Form ETA-785, and Job Service Manifest Record, Form ETA-785A.

A copy of the proposed information collection request can be obtained by contacting the employee or office listed below in the ADDRESSES section of this notice.

DATES: Written comments must be submitted to the office listed in the ADDRESSES section below on or before August 10, 1999.

ADDRESSES: Rogelio Valdez, U.S. Employment Service, Employment and Training Administration, Department of Labor, Room N-4470, 200 Constitution Avenue, N.W., Washington, D.C. 20210, 202-219-5257, extension 167 (this is not a toll-free number) and, Internet address: rvaldez@doleta.gov.

SUPPLEMENTARY INFORMATION:

I. Background

The Migrant and Seasonal Farm worker regulations at 20 CFR 653.500 established procedures for agricultural clearance to all local offices to use the interstate clearance forms as prescribed by ETA. Local and State Employment offices use the Agricultural and Food Processing Clearance Order to extend job orders beyond their jurisdictions. Applicant holding local offices use the Agricultural Clearance Memorandum to give notice of action on a clearance order, request additional information, report results, and to accept or reject the extended job order. State agencies use

the Migrant Worker Itinerary to transmit employment and supportive service information to labor-demand areas, and to assist migrant workers in obtaining employment. The Job Service Manifest Record shows names, addresses, and characteristics of all people named on the Migrant Worker Itinerary.

II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This is a request for OMB approval under the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)) of a reinstatement, without change, to an existing collection of information previously approved and assigned OMB Control No. 1205-0134.

SUPPLEMENTARY INFORMATION:

I. Background

The Office Labor-Management Standards administers the Labor-Management Reporting and Disclosure Act of 1959, as amended (LMRDA). The LMRDA provides for the disclosure of

information on the financial transactions and administrative practices of labor organizations, and under certain circumstances, reporting by labor organization officers and employees, employers, labor relations consultants, and surety companies. The reporting provisions implement a basic tenet of the LMRDA, the guarantee of democratic procedures and safeguards within labor organizations that are designed to protect the basic rights of union members

II. Current Actions

The Department of Labor is seeking extension of the approval of the collection of information to be used by union members to help self-govern their unions, by the general public, and as research material for both outside researchers and within the Department of Labor. The information is also used to assist DOL and other government agencies in detecting improper practices on the part of labor organizations, their officers and/or representatives, and is used by Congress in oversight and legislative functions.
