**Titan Oil, Incorporated, Baker, MT;  
Termination of Investigation**

Pursuant to Section 221 of the Trade Act of 1974, an investigation was initiated on March 15, 1999 in response to a worker petition which was filed on behalf of former workers at Titan Oil, Incorporated, located in Baker, Montana (TA-W-35, 853).

The Department of Labor has not been able to collect the necessary data and information from the company official of the subject firm to render a trade adjustment assistance determination. Consequently, the Department of Labor cannot conduct an investigation to make a determination as to whether the workers are eligible for adjustment assistance benefits under the Trade Act of 1974. Therefore, further investigation in this matter would serve no purpose, and the investigation has been terminated.

Signed at Washington, DC this 4th day of June, 1999.

Amended Certification Regarding  
Eligibility To Apply for NAFTA-  
Transitional Adjustment Assistance**

In accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974 as amended (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on November 24, 1998, applicable to all workers at Russell Corp., Marianna, Florida. The notice was published in the **Federal Register** on December 16, 1998 (63 FR 69314).

At the request of the company, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of men's and women's activewear (T-shirts, plackets, headwear and fleece). Findings show that Jerzees Activewear, Niceville, Florida is a division of Russell Corp. The workers are engaged in the production of knitted T-shirts and sweatwear. The company reports that worker separations will occur at Jerzees Activewear when it closes in July, 1999.

Accordingly, the Department is amending the certification to cover the workers of Jerzees Activewear, Niceville, Florida.

The intent of the Department's certification is to include all workers of

Russell Corp. adversely affected by increased imports from Mexico.

The amended notice applicable to NAFTA-02667 is hereby issued as follows:

All workers of Russell Corp., Marianna, Florida (NAFTA-02667) and Jerzees Activewear, Niceville, Florida (NAFTA-02667A) who became totally or partially separated from employment on or after September 8, 1997 through November 24, 2000 are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

The Agency is particularly interested in comments on the following:

- Whether the information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of the Agency's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden on employers who must comply, for example, by using automated, electronic, mechanical, and other technological information and transmission collection techniques.

**DATES:** Written comments must be submitted on or before August 23, 1999.

**ADDRESSES:** Comments are to be submitted to the Docket Office, Docket No. ICR-99-4, Occupational Safety and Health Administration, U.S. Department of Labor, Room N-2625, 200 Constitution Avenue, NW, Washington, DC 20210; telephone: (202) 693-2350. #### SUPPLEMENTARY INFORMATION:

##### I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and impact of information collection requirements on respondents can be properly assessed.

The Occupational Safety and Health Act of 1970 (the Act) authorizes information collection by employers as necessary or appropriate for enforcement of the Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents. (29 U.S.C. 657.) In this regard, the information collection requirements in the Process Safety Management of Highly Hazardous Chemicals Standard (29 CFR 1910.119) prevent or minimize the consequences of accidents involving highly hazardous chemicals.

##### II. Proposed Actions

OSHA proposes to reduce its earlier estimates of the burden hours for the

Process Safety Management Standard from 93,407,489 to 73,111,180 hours. The burden reduction resulted when the Agency reestimated the number of plants and processes that were in compliance with the standard before it was promulgated. Under ORA-95, the burden for activities that are a normal and customary business practice are not counted when calculating the burden associated with information collection requirements. OSHA will summarize the comments submitted in response to this notice, and will include this summary in the request to OMB to extend the approval of the information collection requirements contained in the PSM standard.

**Type of Review:** Extension of currently approved information collection requirements.

**Agency:** Occupational Safety and Health Administration.

**Title:** Process Safety Management of Highly Hazardous Chemicals (29 CFR 1910.119).

**OMB Number:** 1218-0200.

**Affected Public:** Business or other for-profit; Federal government; state, local or tribal government.

**Number of Respondents:** 192,865.

**Frequency:** Varies (on occasion, annually).

**Average Time per Response:** Varies from 5 minutes (.08 hr.) to 146.5 hours.

**Estimated Total Burden Hours:** 73,711,180.

##### III. Authority and Signature

Charles N. Jeffress, Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506), Secretary of Labor's Order No. 6-96 (62 FR 111), and 29 CFR part 11.

Signed at Washington, DC, this 24th day of May 1999.
