

consistent with this subpart, after providing the covered attorney concerned written notice and an opportunity to be heard in writing, in those cases in which a covered attorney has been:

(1) Decertified or suspended from the practice of law or otherwise subjected to professional responsibility discipline by the Judge Advocate General of another Military Department;

(2) Disbarred or suspended from the practice of law or otherwise subjected to professional responsibility discipline by the Court of Appeals for the Armed Forces or by any Federal, State, or local bar; or

(3) Convicted of a felony (or any offense punishable by one year or more of imprisonment) in a civilian or military court which, in the opinion of the Rules Counsel, renders the attorney unqualified or incapable of properly or ethically representing the DON or a client when the Rules Counsel has determined that the attorney was afforded procedural protection equal to that provided by an ethics investigation under this instruction.

§ 776.86 Action by JAG.

(a) JAG is not bound by the recommendation rendered by the Rules Counsel, IO, PIO, or any other interested party, but will base any action on the record as a whole. Nothing in this instruction limits JAG authority to suspend from the practice of law in DON matters any covered attorney alleged or found to have committed professional misconduct or violated this part, either in DON or civilian proceedings.

(b) JAG may, but is not required to, refer any case to the Professional Responsibility Committee for an advisory opinion on interpretation of subpart B of this part or its application to the facts of a particular case.

(c) Upon receipt of the ethics investigation, and any requested advisory opinion, JAG will take such action as JAG considers appropriate in JAG's sole discretion. JAG may, for example:

(1) Direct further inquiry into specified areas.

(2) Where determining the allegations to be unfounded, or that no further action is warranted, direct the Rules Counsel to make appropriate file entries and to notify the complainant, covered attorney concerned, and all interested parties of such determination.

(3) Where determining the allegations to be supported by clear and convincing evidence, take appropriate corrective action including, but not limited to:

(i) Limiting the covered attorney to practice under direct supervision of a supervisory attorney;

(ii) Limiting the covered attorney to practice in certain areas or forbidding him or her from practice in certain areas;

(iii) Suspending or revoking, for a specified or indefinite period, the covered attorney's authority to provide legal assistance;

(iv) Where finding that the misconduct so adversely affects the covered attorney's continuing ability to practice law in the naval service or that the misconduct so prejudices the reputation of the DON legal community, the administration of military justice, the practice of law under the cognizance of JAG, or the armed services as a whole, that certification under Article 27(b), UCMJ (10 U.S.C. 827(b)), or R.C.M. 502(b)(3), should be suspended or is no longer appropriate, directing such certification to be suspended for a prescribed or indefinite period or to be removed permanently;

(v) In the case of a judge, where finding that the misconduct so prejudices the reputation of military trial and appellate judges that certification under Article 26(b), UCMJ (10 U.S.C. 826(b)), should be suspended or is no longer appropriate, directing such certification to be suspended for a prescribed or indefinite period or to be removed permanently; and

(vi) Directing the Rules Counsel to contact appropriate authorities such as the Chief of Naval Personnel or the Commandant of the Marine Corps so that pertinent entries in appropriate DON records may be made; notifying the complainant, covered attorney concerned, and any officials previously provided copies of the complaint; and notifying appropriate tribunals and authorities of any action taken to suspend, decertify, or limit the practice of a covered attorney as counsel before courts-martial or the U.S. Navy-Marine Corps Court of Appeals, administrative boards, as a legal assistance attorney, or in any other legal proceeding or matter conducted under JAG cognizance and supervision.

§ 776.87 Finality.

Any action taken by JAG is final, subject to any remedies afforded by Navy Regulations or any other regulation to the covered attorney concerned.

§ 776.88 Report to licensing authorities.

Upon determination by JAG that a violation of the Rules or the Code of Judicial Conduct has occurred, JAG may cause the Rules Counsel to report that

fact to the Federal, state, or local bar or other licensing authority of the covered attorney concerned. If so reported, notice to the covered attorney shall be provided by the Rules Counsel. The JAG's decision in no way diminishes a covered attorney's responsibility to report adverse professional disciplinary action as required by the attorney's Federal, state, and local bar or other licensing authority.

Approval and Promulgation of Maintenance Plan Revisions; Ohio

AGENCY: United States Environmental Protection Agency (USEPA).

ACTION: Proposed rule.

SUMMARY: USEPA is proposing to approve a June 1, 1999, request from Ohio for a State Implementation Plan (SIP) revision of the Dayton/Springfield, Ohio ozone maintenance plan. The maintenance plan revision reestimates the point source growth estimates and allocates 5.5 tons per day of VOC emissions to establish a new transportation conformity mobile source emissions budget for the year 2005. We are approving the allocation of the 5.5 tons per day volatile organic compounds (VOCs) growth estimate to the area's 2005 mobile source emissions budgets for transportation conformity purposes. This allocation will still maintain the total emissions for the area at or below the attainment level required by the transportation conformity regulations. We are also correcting a typographical error in the original maintenance plan approval for the point and area source VOC numbers for 2005. In the Final Rules section of this **Federal Register**, USEPA is approving the State's SIP revision, as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If we

receive no adverse comments in response to that direct final rule we plan to take no further activity in relation to this proposed rule. If USEPA receives significant adverse comments, in writing, which have not been addressed, we will withdraw the direct final rule and address all public comments received in a subsequent final rule based on this proposed rule. The USEPA will not institute a second comment period on this document.

DATES: We must receive comments by August 11, 1999.

ADDRESSES: Send written comments to: J. Elmer Bortzer, Chief, Regulation Development Section, Air Programs Branch, (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois, 60604.

What action is USEPA taking today?

Where can I find more information about this proposal and the corresponding direct final rule?

What Action Is USEPA Taking Today?

In this action, we are proposing to approve a revision to the ozone maintenance plan for Dayton/Springfield, Ohio. The revision will change the mobile source emission budget that is used for transportation conformity purposes. The revision will keep the total emissions for the area at or below the attainment level required by law. This action will allow State or local agencies to maintain air quality while providing for transportation growth. We are also correcting a typographical error in the original maintenance plan approval. The original **Federal Register** approval on May 5, 1995, (60 FR 22289) contained a typographical error in Table 1 showing the VOC emissions from the source

categories in the Dayton/Springfield area. The 2005 VOC emissions for point and area sources are incorrect in Table 1. The correct number for point source emissions in 2005 should be 98.0 and the correct number for area sources in 2005 should be 63.8 tons of VOC. These corrected numbers match the original submittal from the Ohio Environmental Protection Agency (OEPA) and are documented in the docket materials. This correction does not change the substance of the maintenance plan approval.

Implementation Plan and Redesignation Request for the Williamson County, Tennessee Lead Nonattainment Area

AGENCY: Environmental Protection Agency (EPA)

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) proposes to simultaneously approve the lead state implementation plan (SIP) and redesignation request for the Williamson County, Tennessee lead nonattainment area. Both plans, dated May 12, 1999, were submitted by the State of Tennessee for the purpose of demonstrating that the Williamson County area has attained the lead National Ambient Air Quality Standard (NAAQS). In the final rules section of this **Federal Register**, the EPA is approving the Tennessee's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to the direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct

final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: To be considered, comments must be received by August 11, 1999.

ADDRESSES: Written comments should be addressed to Kimberly Bingham, at the EPA Regional Office listed below. The interested persons wanting to examine these documents should make an appointment with the appropriate office at least 24 hours before the visiting day.
