SUPPLEMENTARY INFORMATION:

Background

On July 2, 1999, the Commission determined that both the domestic interested party group response and respondent interested party group response to its notice of institution (64 F.R. 15788, April 1, 1999) of the subject five-year review were inadequate. The Commission did not find any other circumstances that would warrant conducting a full review.¹ Accordingly, the Commission determined that it would conduct an expedited review pursuant to section 751(c)(3) of the Act.

Staff Report

A staff report containing information concerning the subject matter of the review will be placed in the nonpublic record on August 9, 1999, and made available to persons on the Administrative Protective Order service list for this review. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission's rules.

Written Submissions

As provided in section 207.62(d) of the Commission's rules, interested parties that are parties to the review and that have provided individually adequate responses to the notice of institution,² and any party other than an interested party to the review may file written comments with the Secretary on what determination the Commission should reach in the review. Comments are due on or before August 12, 1999, and may not contain new factual information. Any person that is neither a party to the five-year review nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the review by August 12, 1999. If comments contain business proprietary information (BPI), they must conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means.

¹ A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements will be available from the Office of the Secretary and at the Commission's web site.

² The Commission, with Chairman Bragg and Commissioners Crawford and Askey dissenting, has found the response submitted by Zeon Chemicals L.P. to be individually adequate. Comments from other interested parties will not be accepted (see 19 CFR 207.62(d)(2)).

In accordance with sections 201.16(c) and 207.3 of the rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Determination

The Commission has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. § 1675(c)(5)(B).

Authority: This review is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.

By order of the Commission.

Issued: July 8, 1999.

Industrial users and (if the merchandise under investigation is sold at the retail level) representative consumer organizations have the right to appear as parties in Commission countervailing duty and antidumping investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to these investigations upon the expiration of the period for filing entries of appearance.

These products include, but are not limited to, wide-flange beams, H-piles, standard I-beams, and M-sections. Excluded from the imported products subject to these investigations are (1) structural steel beams greater than 181.44 kilograms (400 pounds) per linear foot or with a section height over 101.6 centimeters (40 inches); (2) structural steel beams specially manufactured for use in forklift truck masts that consist of forklift mast section I-beams, quality C1027M, with a flange of no more than 12.7 centimeters (5 inches) and a length of a maximum of 6.5 meters (21.33 feet), which have been produced according to a specific drawing or blueprint for use as forklift mast sections in the manufacture of forklift trucks; and (3) structural steel beams processed sufficiently in a North American Free Trade Agreement (NAFTA) or non-NAFTA country, which if processed in a NAFTA country, would be deemed "goods originating in the territory of a NAFTA party" after processing.

Fiscal Year 1999 Missing and Exploited Children's Program Plan

AGENCY: Office of Justice Programs, Office of Juvenile Justice and Delinquency Prevention, Justice.

ACTION: Announcement of Fiscal Year 1999 Missing and Exploited Children's Program Plan.

SUMMARY: Notice is hereby given that the Office of Juvenile Justice and Delinquency Prevention (OJJDP) is issuing its Missing and Exploited Children's Program Final Program Plan for Fiscal Year 1999.

DATES: Not applicable.

ADDRESSES: Not applicable.

FOR FURTHER INFORMATION CONTACT:

Ronald C. Laney, Director, Missing and Exploited Children's Program, 202-616-3637. [This is not a toll-free number.]

SUPPLEMENTARY INFORMATION: On March 8, 1999 at 64 FR 11366, OJJDP published the Fiscal Year 1999 Missing and Exploited Children's Program Proposed Program Plan and Announcement of Discretionary Competitive Grant and requested public comments. Three individuals wrote to comment on the Proposed Plan. Two of them expressed support for the plan, specifically mentioning the proposal to prevent computer-related sexual exploitation of children. The third writer provided comments on two specific topics. These comments and the Office of Juvenile Justice and Delinquency Prevention's (OJJDP's) responses are summarized below.

Comment: The writer asked that funds "be earmarked for research into the number of child support payors who abduct children because visitation is being refused."

Response: All fiscal year 1999 Missing and Exploited Children's Program (MECP) research funds are needed to support the ongoing National Incidence Studies of Missing, Abducted, Runaway, and Thrownaway Children and the Federal Bureau of Investigation's Child

Abduction and Serial Killer Unit (CASKU) research project. However, the writer's suggestion will be included for consideration in future MECP research planning.

Comment: The writer objected to funding for CASKU, indicating that an "independent research project in academia would provide much more scientific data."

Response: Because it involves interviews of convicted sex offenders and the need to make appraisals regarding the truthfulness of those being interviewed, this project requires unrestricted access to law enforcement records not normally available to academia. CASKU has such access and will be able to build on previous research efforts through this project.

Based on consideration of these three public comments, OJJDP has determined that the Proposed Program Plan does not need to be modified in any way. Accordingly, the Proposed Plan as published on March 8, 1999 at 64 FR 11366 is now the Final Program Plan for Fiscal Year 1999.

Dated: July 9, 1999.
