

alternative. Those modifications are described in the DN/FONSI and will be incorporated in the Final Restoration Plan and Environmental Assessment.

The preferred alternative contains both primary and compensatory restoration actions. Natural recovery is the primary restoration action selected to return injured natural resources to their baseline conditions. A package of multiple compensatory restoration actions, including various wildlife habitat and recreational use enhancement projects, was selected to replace the interim loss of natural resource services. The goal of primary and compensatory restoration is to make the environment and the public whole for injuries to, or loss of, natural resources and services resulting from the oil spill.

SUPPLEMENTARY INFORMATION: Requests for copies of the DN/FONSI, or for any additional information, should be directed to Daniel Hamson, National Park Service, Environmental Quality Division, 1849 C Street, NW (Mail Stop 2749), Washington, DC 20240, Telephone: (202) 208-7504.

Dated: July 14, 1999.

Mike Soukup,

Associate Director, Natural Resource Stewardship and Science, National Park Service.

National Park Service

Notice of Intent to Prepare an Environmental Impact Statement for a Roads and Trails Management Plan for Big Fork National River and Recreation Area, Kentucky and Tennessee

SUMMARY: Road and trail uses are among the most serious and volatile issues facing Big South Fork National River and Recreation Area (BISO) personnel. Therefore, the National Park Service (NPS) has decided to prepare a Roads and Trails Management Plan (RTMP) which will include an Environmental Impact Statement (EIS). While roads and trails provide appropriate access to resources and recreational opportunities, their use often involves resource impacts, user conflicts, and carrying capacity concerns. Strong pressures exist to develop additional trails, and there are strongly held positions of various user groups concerning the amounts, locations, and types of roads and trails that are needed. Road and trail standards are needed. The RTMP will address these concerns

and needs and provide guidance to BISO personnel. The EIS will provide an environmental evaluation of system options. The RTMP is considered a follow-up implementation effort to BISO's General Management Plan (GMP) which is nearing completion.

DATES: The NPS currently estimates formulating and evaluating alternatives by December 31, 1999, and comments would be most helpful prior to that date. Comments concerning roads and trails that were furnished by the public during the GMP process will be fully considered for development of the draft RTMP/EIS and need not be resubmitted. The public will be furnished an opportunity to review the draft RTMP/EIS and submit comments. Written comments and suggestions on the RTMP/EIS will be accepted anytime during the process.

FOR FURTHER INFORMATION CONTACT: Superintendent, Big South Fork National River and Recreation Area, 4564 Leatherwood Road, Onieda, Tennessee 37841, Telephone (423) 569-2404.

Dated: July 9, 1999.

W. Thomas Brown,

Regional Director, Southeast Region.

BILLING CODE 4310-70-P

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

Notice of Proposed Information Collection

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSM) is announcing its intention to request approval for the collections of information for 30 CFR part 780, Surface Mining Permit Applications—Minimum Requirements for Reclamation and Operation Plans; and 30 CFR part 887, Subsistence Insurance Program Grants. These collection requests have been forwarded to the Office of Management and Budget (OMB) for review and comment. The information collection requests describe the nature of the information collections and the expected burden and cost.

DATES: OMB has up to 60 days to approve or disapprove the information collections but may respond after 30 days. Therefore, public comments should be submitted to OMB by August 19, 1999 in order to be assured of consideration.

FOR FURTHER INFORMATION CONTACT: To request a copy of either information collection request, explanatory information and related forms, contact John A. Trelease at (202) 208-2783, or electronically to jtreleas@osmre.gov.

SUPPLEMENTARY INFORMATION: The Office of Management and Budget (OMB) regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities
