**Cobre Mining Company; Hanover, NM;
Notice of Revised Determination on
Reconsideration**

On July 7, 1999, the Department issued a Notice of Affirmative Determination Regarding Application for Reconsideration regarding the petition for workers of the subject firm.

The initial investigation resulted in a negative determination issued on June 11, 1999, based on the finding that an unforeseen environmental mishap which rendered the continued mining and concentrating of copper impractical and unprofitable. Also, a survey conducted by the Department, revealed that major customers of the subject firm have not increased their purchases of imported copper concentrate, while reducing purchases from the subject firm. The denial notice was published in the **Federal Register** on June 30, 1999 (64 FR 35183).

On reconsideration, further information provided by the company revealed that the environmental mishap during March 1999, although a contributing factor, was not the only factor contributing to layoffs at the subject facility. The company during October 1998 revealed their intentions to close the Cobre mine by mid 1999. The investigation further revealed that the parent company increased their imports of copper concentrate during the relevant period. A group of workers at an affiliated mine of Phelps Dodge Corporation, located at Chino Mine, Santa Rita, New Mexico were certified on May 11, 1999 for Trade Adjustment Assistance under TA-W-35,806, based on increasing corporate imports of copper concentrate.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with copper concentrate contributed importantly to the declines in sales or production and to the total or partial separation of workers of Cobre Mining Company, Hanover, New Mexico. In accordance with the provisions of the Act, I make the following certification:

All workers of Cobre Mining Company, Hanover, New Mexico who became totally or partially separated from employment on or after April 1, 1998 through two years from the date of this certification are eligible to

apply for adjustment assistance under section 223 of the Trade Act of 1974.

Signed in Washington, D.C., this 20th day of July 1999.
