Background

Chapter 4 of the NAFTA, which entered into force on January 1, 1994, contains the rules of origin for application of the tariff provisions of the NAFTA to trade in goods. Section 202(q) of the North American Free Trade Agreement Implementation Act (the Act) authorizes the President, subject to the consultation and layover requirements of section 103 of the Act, to proclaim such modifications to the rules as may from time to time be agreed to by the NAFTA countries. One of the requirements set out in section 103 of the Act is that the President obtain advice from the United States International Trade Commission.

The Commission was requested by the USTR, in a letter received on August 2, 1999, to provide advice on the probable effect on U.S. trade and domestic industries of the proposed modifications to the rules of origin. The modifications include changes to Annexes 401 and 403.1, which are part of chapter 4 of the NAFTA. The letter requested that the advice be forwarded to the USTR by September 10, 1999. A list of the proposed modifications, compiled by the Commission in consultation with the U.S. Department of Treasury, is
