#### Proposed Project: Project To Assess Ethnicity/Race and Services to Bi/Multilingual Populations in Community Health Centers—NEW

The Office of Minority and Women's Health (OMWH) in the Bureau of Primary Health Care (BPHC), Health Resources and Services Administration (HRSA), recognizes that full understanding of the ethnicity of clients and providers and the provision of language appropriate services are vital to guaranteeing full and effective health care. OMWH proposes to conduct a voluntary survey, the purpose of which will be two-fold: (1) To obtain detailed data on the ethnic/racial composition of health center users and providers, and (2) to collect information about the composition and provision of bimultilingual services. This information will be collected from a sample of approximately 128 health centers.

These data will provide HRSA with information which will be used to make resource and staffing decisions related to reducing barriers to health care often faced by ethnic/racial minorities and by non- or limited-English-speaking populations.

The burden estimate for this project is follows:

Form	Number of respondents	Responses per respondent	Total responses	Hours per response (minutes)	Total hour burden
Survey .....	128	1	128	20	42

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Wendy A. Taylor, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, D.C. 20503.
