COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Additions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Additions to the Procurement List.

SUMMARY: This action adds to the Procurement List services to be

furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

EFFECTIVE DATE: September 20, 1999.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Crystal Gateway 3, Suite 310, 1215 Jefferson Davis Highway, Arlington, Virginia 22202-4302.

SUPPLEMENTARY INFORMATION: On September 11, and December 11, 1998, January 29, May 28, June 18 and 25, and July 2, 1999, the Committee for Purchase From People Who Are Blind or Severely Disabled published notices (63 FR 48696 and 68427, and 64 FR 4638, 28972, 32844, 34187, 35987 and 35988) of proposed additions to the Procurement List.

Additions

The Following Comments Pertain to Food Service, Fort Lee, Virginia

Comments were received from a contractor under the 8(a) Program which is not the current contractor for this service. The commenting contractor objected to removal of this service from competitive procurement. The Committee does not consider loss of the opportunity to bid on a contract, without a showing of further economic impact or a demonstrated history of dependency on the contract, to be a severe adverse impact on a contractor.

The Following Comments Pertain to Mailroom and Warehouse Operation, U.S. Army Corps of Engineers, Construction Engineering Research Laboratory, Champaign, Illinois

Comments were received from the current contractor for these services. The commenter claimed to be a struggling small disadvantaged business. Loss of its contracts for these services, it claimed, would halt its expansion and could result in the end of the company. The commenter also questioned whether blind people would be able to safely perform the mailroom and warehouse operations involved in providing the services to the Government.

The percentage of the commenter's total sales which its contracts for these services represent is slightly higher than the percentage range which the Committee has historically considered not to constitute severe adverse impact on a current contractor. However, the Government contracting activity for these services has informed the Committee that the commenter's numerous failures to pay its employees performing the services properly has

raised concerns that performance could be impaired if some or all of the employees walk off the job. The Department of Labor is currently investigating the commenter for possible violations of the Service Contract Act related to these payment problems, and debarment of the commenter from Federal contracting is a possible result of the investigation. Because current Federal acquisition regulations permit contracting activities to place considerable weight on past performance as a factor in assessing the risk of poor performance on future contracts, the contracting activity believes that it would be unlikely to award future contracts for these services to the commenter if the payment problems are not corrected. In addition, these payment problems could lead to disqualification of the commenter for future contract awards on the grounds of financial nonresponsibility.

Under these circumstances, the Committee believes the commenter would likely not receive future contracts for these services whether or not the Committee added them to the Procurement List.

Any financial impact the commenter would experience would thus not necessarily be a direct result of the Committee's addition decision. Accordingly, the Committee has concluded that addition of these services to the Procurement List is not likely, in itself, to have a severe adverse impact on the commenter.

The Committee's determination that the nonprofit agency for the blind which will be performing these services is capable of doing so is based on an evaluation of the nonprofit agency's capability which took into account the ability of blind workers to perform the tasks involved in a safe manner. Accordingly, the Committee does not agree with the commenter's contention that blind people cannot safely perform these tasks.

The Following Material Pertains to All of the Services Being Added to the Procurement List

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the services and impact of the additions on the current or most recent contractors, the Committee has determined that the services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities.

The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the services to the Government.

2. The action will not have a severe economic impact on current contractors for the services.

3. The action will result in authorizing small entities to furnish the services to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the services proposed for addition to the Procurement List.

Accordingly, the following services are hereby added to the Procurement List:

Base Supply Center and Operation of Individual Equipment Element Store
Vandenberg Air Force Base, California

Commissary Shelf Stocking, Custodial and Warehousing
Kaneohe Bay, Hawaii

Food Service
Fort Lee, Virginia

Janitorial/Custodial

[A-489-602]

Continuation of Antidumping Duty Order: Aspirin From Turkey

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Continuation of Antidumping Duty Order: Aspirin from Turkey.

SUMMARY: On July 6, 1999, the Department of Commerce ("the Department"), pursuant to sections 751(c) and 752 of the Tariff Act from 1930, as amended ("the Act"), determined that revocation of the antidumping duty order on aspirin from Turkey would be likely to lead to continuation or recurrence of dumping (64 FR 36328 (July 6, 1999)). On August 4, 1999, the International Trade Commission ("the Commission"), pursuant to section 751(c) of the Act, determined that revocation of the antidumping duty order on aspirin from Turkey would likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (64 FR 42414 (August 4, 1999)). Therefore, pursuant to 19 CFR 351.218(f)(4), the Department is publishing notice of the continuation of the antidumping duty order on aspirin from Turkey.

FOR FURTHER INFORMATION CONTACT: Scott E. Smith or Melissa G. Skinner, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th and Constitution Ave., NW, Washington, DC 20230; telephone (202) 482-6397 or (202) 482-1560, respectively.

EFFECTIVE DATE: August 20, 1999.

Background

On March 1, 1999, the Department initiated, and the Commission instituted, a sunset review (64 FR 9970 and 64 FR 10012, respectively) of the antidumping duty order on aspirin from

Turkey pursuant to section 751(c) of the Act. As a result of this review, the Department found that revocation of the antidumping duty order would likely lead to continuation or recurrence of dumping and notified the Commission of the magnitude of the margin likely to prevail were the order to be revoked. (See *Final Results of Expedited Sunset Review: Aspirin from Turkey*, 64 FR 36328 (July 6, 1999)).

On August 4, 1999, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on aspirin from Turkey would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. (See *Aspirin from Turkey*, 64 FR 42414 (August 4, 1999), and USITC Pub. 3215, Inv. No. 731-TA-364 (Review) (July 1999)).

Scope

The merchandise covered by this antidumping duty order is acetylsalicylic acid (aspirin) from Turkey containing no additives, other than inactive substances (such as starch, lactose, cellulose, or coloring materials), and/or active substances in concentrations less than that specified for particular nonprescription drug combinations of aspirin and active substances as published in the Handbook of Nonprescription Drugs, eighth edition, American Pharmaceutical Association, and is not in tablet, capsule or similar forms for direct human consumption. This product is classified under the Harmonized Tariff Schedule (HTS) subheading 2918.22.10. The HTS number is provided for convenience and customs purposes. The written description remains dispositive.

Determination

As a result of the determinations by the Department and the Commission that revocation of this antidumping duty order would be likely to lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty order on aspirin from Turkey. The Department will instruct the U.S. Customs Service to continue to collect antidumping duty deposits at the rate in effect at the time of entry for all imports of subject merchandise. Pursuant to section 751(c)(6)(A)(iii) of the Act, any subsequent five-year review of this order will be initiated not later than the fifth anniversary of the

effective date of continuation of this order.

The effective date of continuation of a finding, order, or suspension agreement will be the date of publication in the **Federal Register** of the Notice of Continuation. As provided in 19 CFR 351.218(f)(4), the Department will issue its determination to continue a finding, order, or suspended investigation not later than seven days after the date of publication in the **Federal Register** of the Commission's determination concluding the sunset review and immediately thereafter will publish its notice of continuation in the **Federal Register**. As a result, pursuant to section 751(c)(2) and 751(c)(6)(A) of the Act, the Department intends to initiate the next five-year review of this order not later than thirty (30) days before the fifth anniversary of the effective date of this notice.

Dated: August 13, 1999.

Robert S. LaRussa,

Assistant Secretary for Import Administration.
