

respondents from (1) entering into any agreement, express or implied, relating to the price for swimming pool contracting or subcontracting services and (2) requesting, proposing, threatening, urging, recommending, advocating, or attempting to persuade in any way anyone else to alter in any way their price and terms for such services. Paragraphs II.A.(1) and B.(1) These provisions will prevent future efforts, whether by agreement or through requests to others, to raise prices and alter terms for both swimming pool contracting and subcontracting services.

Paragraph II would also prohibit the proposed respondents from entering into any agreement to refuse to deal with owner-builders or home construction contractors or developers. Paragraph II.A.(2). It would bar them as well from requesting, proposing, threatening, urging, recommending, advocating, or attempting to persuade in any way any swimming pool contractor or subcontractor to refuse categorically to deal with owner-builders, home construction contractors or developers, or swimming pool contractors who act or wish to act as consultants for owner-builders. Paragraphs II.B.(2) and (3). Finally, Paragraph II would prohibit respondents from requesting, proposing, threatening, urging, recommending, advocating, or attempting to persuade in any way any subcontractor with respect to the terms of that subcontractor's dealings with owner-builders, home construction contractors or developers, or swimming pool contractors who act or wish to act as consultants for owner-builders. Paragraph II.B.(4).

Together, these provisions will bar respondents, collectively as well as individually, from seeking (1) to stop any subcontractor from working for owner-builders, home contractors or developers, and swimming contractors who act or desire to act as consultants for owner-builders; (2) to change the prices and terms subcontractors charge those homeowners and contractors; and (3) to stop other swimming pool contractors from working for those

homeowners and contractors. These provisions, by barring individual efforts as well as collective ones, fence in respondents from engaging in conduct similar or dangerously close to the unlawful activity they engaged in earlier.

A proviso to Paragraph II makes it clear that nothing in this Paragraph prohibits any respondents from discussing and/or entering into a specific proposed or actual business transaction or project in which those involved are or would be in a contractor/subcontractor or other joint or cooperative working relationship.

Paragraph III of the Order requires respondents, for a period of five years, to tape record all meetings and maintain copies of those tape recordings and all materials distributed at the meetings. This provision should have a prophylactic effect in ensuring that the respondents do not seek to engage in such anticompetitive conduct again.

The proposed Order also requires that, should the respondents turn the Association into a more formal organization, they must incorporate Paragraph II of this Order by reference in the by-laws of such organization and distribute a copy of the by-laws to each of the members of the organization. Paragraph IV. Finally, the Order contains reporting requirements (Paragraphs V. and VI.) and provisions guaranteeing Commission staff access should the need arise (Paragraph VII.).

Opportunity for Public Comment

The proposed consent Order has been placed on the public record for sixty (60) days for reception of comments by interested persons. Comments received during this period will become part of the public record. After sixty (60) days, the Commission will again review the agreement and the comments received and will decide whether it should withdraw from the agreement or make final the agreement's proposed Order.

The purpose of this analysis is to invite public comment on the proposed Order. This analysis is not intended to constitute an official interpretation of

the agreement and proposed Order or to modify their terms in any way.

By direction of Commission.

State Enforcement Notification—21 CFR 100.2(d) (OMB Control Number 0910-0275)—Extension

Section 310(b) of the Federal Food, Drug, and Cosmetic Act (the act) (21 U.S.C. 337(b)) authorizes States to enforce certain sections of the act in their own names, but provides that States must notify FDA before doing so. Section 100.2(d) (21 CFR 100.2(d)) sets forth the information that a State must provide to FDA in a letter of notification when it intends to take enforcement action under the act against a particular food located in the State. The information required under § 100.2(d) will enable FDA to identify the food against which the State intends to take action and advise the State whether Federal action has been taken against it. With certain narrow exceptions, Federal enforcement action precludes State action under the act.

In the **Federal Register** of June 8, 1999 (64 FR 30525), the agency requested comments on the proposed collections of information. No comments were received.

FDA estimates the burden of this collection of information as follows:
