Koch Gateway Pipeline Company; Notice of Request Under Blanket Authorization

August 23, 1999.

Take notice that on August 19, 1999, Koch Gateway Pipeline Company (Koch Gateway), P.O. Box 1478, Houston, Texas 77251-1478, filed in Docket No. CP99-605-000 a request pursuant to sections 157.205, and 157.216, of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.216) for authorization to abandon in place certain delivery facilities located in Jasper County, Texas under Koch Gateway's blanket certificate issued in Docket No. CP82-430-000 pursuant to section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (please call (202) 208-0400 for assistance).

Koch Gateway utilizes these facilities to provide natural gas service on behalf of Reliant Energy Entex, a Division of Reliant Energy Resources Corporation (Entex), a local distribution company. Entex has agreed to connect the tap to its local distribution system and no longer requires natural gas service from these facilities.

Any questions regarding this application should be directed to Kyle Stephens at (713) 544-7309, Koch Gateway Pipeline Company, P.O. Box 1478, Houston, Texas, 77251-1478.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the Natural Gas Act.

Midwestern Gas Transmission Company; Notice of Compliance Filing

August 23, 1999.

Take notice that on August 18, 1999, Midwestern Gas Transmission Company (Midwestern), P.O. Box 2511, Houston, Texas 77252, tendered for filing Second Substitute Sixth Revised Sheet No. 110(A) for inclusion in Midwestern's FERC Gas Tariff, Second Revised Volume No. 1. Midwestern requests that the revised tariff sheet be made effective August 1, 1999.

Midwestern states the revised tariff sheet is an errata correction for a sheet submitted on August 4, 1999, in compliance with the Commission's July 20, 1999 Letter Order issued in Docket No. RP99-429 (July 20 Order). Midwestern states that in the July 20 Order as corrected, the Commission required Midwestern to file a revised tariff sheet which separately identifies as GISB Version 1.2 certain existing data sets. Midwestern further states that in the August 4, 1999 compliance filing, two of the twenty-three data sets were not correctly shown as GISB Version 1.2, and that the revised tariff sheet reflects the proper changes.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. [Docket No. CP99-600-000]

National Fuel Gas Distribution Corporation; Notice of Petition for Declaratory Order

August 23, 1999.

Take notice that on August 13, 1999, as supplemented on August 16, and August 19, 1999, National Fuel Gas Distribution Corporation (Distribution) 10 Lafayette Square, Buffalo, New York 14203, filed in Docket No. CP99-600-000, a petition pursuant to Section 207 of the Commission's Rules of Practice and Procedure (18 CFR 385.207) for a declaratory order regarding the jurisdictional status and regulatory compliance of Norse Pipeline, LLC (Norse) and its affiliate, Nornew Energy Supply, Inc. (Nornew), all as more fully set forth in the application on file with the Commission and open to public inspection. This filing may be viewed on a web at www.ferc.fed.us/online/rims.htm (call 202-208-2222 for assistance).

Distribution explains that the Commission previously found Norse to be a non-jurisdictional gathering company, but noted that certain changes in Norse's operations could alter that status. *Columbia Gas Transmission Corporation, Norse Pipeline, LLC*, 85 FERC 61,191 (1998), *reh'g denied*, 86 FERC 61,137 (1999). Distribution asserts that recent business transactions may have alerted Norse's status. Distribution believes that the public commitment of

Nornew, Norse's affiliate, to provide service to the Jamestown Board of Public Utilities (JBPU) using newly constructed facilities and the Norse system appears to be interstate natural gas transportation service.

Distribution contends that Norse was put on notice by the Commission that future flows of interstate gas onto its system would obviate Norse's non-jurisdictional status and require Norse to apply for Section 7 authorization. Nornew, its affiliate, has entered business commitments different from that described in the order, above. Because of Norse's gathering system status. Distribution says Norse appears to have entered into affiliated entity transactions that would strictly be prohibited for a jurisdictional pipeline. Distribution states that Norse's affiliate, Nornew is committing to construct a pipeline through which interstate gas will flow, which may require either certification under the NGA or state regulations as a "Hinshaw" pipeline.

Therefore, Distribution submits that Norse is offering to operate as an unregulated but jurisdictional interstate pipeline by providing transportation for a supplier (its affiliate, Nornew) to a newly-connected power station and that such operation have placed Distribution at a significant disadvantage in the New York marketplace. Both Distribution and Nornew bid for the transportation contract for JBPU. Distribution says Nornew won by using Norse's transportation service.

Distribution wants the Commission to answer the following questions:

1. Would Norse's transportation to JBPU of interstate natural gas supplies delivered from an interstate pipeline (such as Tennessee at Mayville) trigger the requirement that Norse obtain a certificate under Section 7 of the NGA?

2. Would Norse be required to obtain its Section 7 certificate before providing interstate service as contemplated under the JBPU service proposal?

3. Would Nornew become an interstate natural gas pipeline by building and operating a pipeline that is engaged in the transportation of interstate natural gas supplies, as contemplated by the JBPU proposal? and,

4. If Norse or Nornew were to become an interstate pipeline as a consequence of the JBPU transaction, would the Commission's regulations and standards applicable to interstate pipelines (including affiliated marketer restrictions) apply to contracts executed before the commencement of interstate service but which would require interstate transportation?

Distribution wants the Commission to act quickly on these questions as it will guide all the parties in the development of service to the power plant.

Distribution believes Norse and Nornew show no signs of complying with any NGA jurisdictional regulations and that there is a significant possibility that affiliate preferences are being granted in ways completely contrary to the policies of the Commission.

Any questions regarding this petition may be directed to Christopher J. Barr, Esq., Morgan, Lewis & Bockius, LLP, 1800 M Street, NW, Washington, DC 20036 (202) 467-7142 or Alice A. Curtiss, Senior Regulatory Attorney, National Fuel Gas Distribution Corporation, 10 Lafayette Square, Buffalo, New York 14203 (716) 857-7951.

Any person desiring to be heard or to make any protest with reference to said petition should on or before September 13, 1999, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.
