[Docket No. CP99-615-000]

Petal Gas Storage Company; Notice of Application

September 16, 1999.

Take notice that on September 8, 1999, Petal Gas Storage Company (Petal), 229 Milam Street, Shreveport, Louisiana 71101, filed an application pursuant to Section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's Regulations to increase the storage capacity of its previously certificated underground, salt dome natural gas storage caverns in Forrest County, Mississippi. Specifically, Petal proposes to increase the working gas capacity of each of its two salt dome natural gas storage caverns from 3.2 Bcf to 5.0 Bcf all as more fully set forth in the application which is on file with the

Commission and open to public inspection. The application may be viewed on the web at www.ferc.fed.us/online/rims.htm (call (202) 208-2222 for assistance).

Petal states that it proposes to increase the working gas capacity of Cavern 6 and Cavern 7 which were previously certificated by the Commission in Dockets CP93-69-000 and CP99-25-000. Petal states that Cavern 7 is currently under development while Cavern 6 is in-service and providing storage service. In the instant application Petal proposes to continue leaching Cavern 7 to expand the working gas capacity from the currently certificated 3.2 Bcf to a capacity of 5 Bcf. Petal states that once Cavern 7 has been developed to a working gas capacity of 5 Bcf, the cavern will be dewatered and the gas currently stored in Cavern 6 will be transferred to Cavern 7. Petal says that after all the stored natural gas has been transferred to Cavern 7, Cavern 6 will be expanded to provide capacity for 5 Bcf of working gas. In this way, existing service would not be interrupted.

Petal proposes to charge market based rates for service from the expanded caverns and requests waivers of various Commission regulations related to rate design, costs, revenues, expenses and income, and depreciation and depletion.

Any questions regarding this application should be directed to David L. Hayden, Petal Gas Storage Company, 229 Milam Street, Shreveport, Louisiana 71101 at (318) 677-5512.

Any person desiring to be heard or to make any protest with reference to said application should on or before October 7, 1999, file with the Federal Energy Regulatory Commission, 888 First Street N.E., Washington, D.C. 20426, a motion to intervene or protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) and the regulations under the NGA (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party in any proceeding must file a motion to intervene in accordance with the Commission's rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents issued by the Commission, filed by the applicant, or filed by all other intervenors. An intervenor can file for rehearing of any Commission order and can petition for

court review of any such order. However, an intervenor must serve copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as filing an original and 14 copies with the Commission.

A person does not have to intervene, however, in order to have comments considered. A person, instead, may submit two copies of such comments to the Secretary of the Commission. Commenters will be placed on the Commission's environmental mailing list, will receive copies of environmental documents, and will be able to participate in meetings associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission, and will not have the right to seek rehearing or appeal the Commission's final order to a Federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by Section 7 of the NGA and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that the proposal is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure provide for, unless otherwise advised, it will be unnecessary for Petal to appear or to be represented at the hearing.
