If the Committee approves the proposed additions, all entities of the Federal Government (except as otherwise indicated) will be required to procure the commodities and services listed below from nonprofit agencies employing persons who are blind or have other severe disabilities. 1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the commodities and services to the Government.

2. The action will result in authorizing small entities to furnish the commodities and services to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the commodities and services proposed for addition to the Procurement List. Comments on this certification are invited. Commenters should identify the statement(s) underlying the certification on which they are providing additional information.

Bureau of the Census

[Docket No. 990831240-9240-01]

Service Annual Survey

AGENCY: Bureau of the Census, Commerce.

ACTION: Notice of consideration.

SUMMARY: The U.S. Census Bureau is considering a proposal to conduct the 1999 Service Annual Survey (SAS). The results of the service annual program currently are published on a Standard Industrial Classification basis. Beginning with the survey year 1999, we will publish data using the new North American Industry Classification System (NAICS). With NAICS implementation, SAS will incorporate the previous Transportation Annual Survey and the Annual Survey of Communication Services into one service program. There will be an additional 149 new and emerging industries added to the Service Annual Survey, including Air Couriers, Publishing, Sound Recording, Waste Management and Remediation Services, and selected Financial Services. An Information Sector also will be added to the survey.

DATES: Written comments must be submitted on or before October 25, 1999.

ADDRESSES: Direct all written comments to the Director, U.S. Census Bureau, Room 2049, Federal Building 3, Washington, DC 20233.

FOR FURTHER INFORMATION CONTACT:

Ruth Bramblett, Chief, Current Services Branch, Service Sector Statistics Division, on (301) 457-2766.

SUPPLEMENTARY INFORMATION: The Census Bureau is authorized to conduct surveys necessary to furnish current data on subjects covered by the major censuses authorized by Title 13, United States Code, Sections 182, 224, and 225. The SAS will provide continuing and timely national statistical data for the period between the economic censuses. The next Economic Census will occur in the year 2002. Data collected in this survey will be within the general scope, type, and character of those inquiries covered in the Economic Census.

Beginning with the survey year 1999, we will publish SAS data using NAICS. The structure of NAICS was developed in a series of meetings between the United States, Canada, and Mexico in the early to mid-1990s. NAICS recognizes the rapid changes in both the U.S. and world economies by providing a means to classify new and emerging

industries. The system was constructed on a production-oriented, or supply-based, conceptual framework.

Effective with the 1999 survey, the Census Bureau proposes to change the SAS survey questionnaires to reflect the many changes brought about by NAICS. We are expanding the number of form types and are developing these forms to be more tailored to the industries they survey. The goal is to maximize industry coverage within our available resources.

The revision to the SAS will increase industry coverage. Previously, a single summary report was produced for each of the three surveys. We will now produce multiple data products and reports by various sectors.

The SAS will produce estimates of total receipts for all industries covered and source of receipts and other expanded data items for the following sectors:

- Trucking (484).
- Information (51).
- Selected industries in Finance and Insurance (52).
- Computer Systems Design and Related Services Industry (5415).
- Health and Social Assistance Sector (62) except subsector 624 (Social Assistance).

The SAS will provide dollar volume estimates for specific industries in the following NAICS sectors:

- Transportation and Warehousing (48-49).
- Information (51).
- Finance and Insurance (52).
- Real Estate and Rental and Leasing (53).
- Professional Scientific and Technical Services (54).
- Administrative and Support, Waste Management and Remediation Services (56).
- Educational Services (61).
- Health and Social Assistance (62).
- Arts, Entertainment and Recreation (71).
- Other Services (81).

The Census Bureau need report only from a limited sample of service sector firms in the United States. The probability of a firm's selection is based on its revenue size (estimated from payroll). We will mail report forms to the firms covered by this survey and require their submission within thirty days after receipt.

Preliminary information and recommendations received by the Census Bureau indicate that the data have significant application to the informational needs of government agencies, the public, and the service, transportation, information, finance, and other service industries. The data

are not publicly available from nongovernmental or other governmental sources on a timely and continuing basis.

This survey will be submitted to the Office of Management and Budget for approval in accordance with the Paperwork Reduction Act of 1995, Public Law 104-13. Copies of the proposed forms are available upon request to the Director of the Census Bureau (see ADDRESSES section).

Dated: August 27, 1999.

Kenneth Prewitt,

Director, Bureau of the Census.

National Oceanic and Atmospheric Administration

[I.D. 083199B]

Fisheries Off West Coast States and in the Western Pacific; Availability of a Limited Access Permit

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Availability of a limited access permit.

SUMMARY: The Acting Regional Administrator (Regional Administrator), Southwest Region, notifies all potential applicants that one permit is available for the Ho'omalulu Zone limited access bottomfish fishery in the Northwestern Hawaiian Islands (NWHI). Applications are being accepted and NMFS will issue a Ho'omalulu permit to a qualifying vessel owner in accordance with the Fishery Management Plan for Bottomfish and Seamount Groundfish Fisheries of the Western Pacific Region (FMP).

DATES: Applications must be filed no later than November 8, 1999.

ADDRESSES: Applications may be obtained from, and completed applications must be sent to, the Pacific Islands Area Office, Southwest Region, NMFS, 1601 Kapiolani Blvd., Suite 1110, Honolulu, HI 96814.

FOR FURTHER INFORMATION CONTACT: Alvin Katekaru, NMFS, (808) 973-2935 ext 207.

SUPPLEMENTARY INFORMATION: At the Western Pacific Fishery Management Council (Council) meeting held on July 15 - 18, 1999, the Administrator of the Pacific Islands Area Office, NMFS, (PIAO Administrator) informed the Council that a Ho'omalulu Zone permit holder was determined to be ineligible for permit renewal during calendar year 1999. The permit was lost under the Ho'omalulu Zone's limited access program "use it or lose it" requirement when the permit holder's vessel failed to make the minimum number of annual bottomfish landings to be eligible for permit renewal. The Regional Administrator, in consultation with the Council, has determined that the Ho'omalulu Zone fishery can still support seven bottomfishing vessels at this time.
