

return it to 1.4 MMcf per day of field deliverability would be approximately \$40,000 to \$100,000 depending on the severity of any unknown problems encountered. In contrast, the cost to plug and abandon the well and associated well-tie pipe is approximately \$12,500.

El Paso states that abandonment of Well No. 9 will yield a reduction of only 1.4 MMcf per day (approximately 1% reduction) in deliverability from the Washington Ranch Storage Facility. The loss of 1.4 MMcf per day, is negligible and will not materially affect El Paso's operations.

El Paso's environmental analysis supports the conclusion that permanently plugging Well No. 9 and associated well-tie pipe is not a major Federal action significantly affecting the human environment.

If there are any further questions regarding this project, the following individual may be contacted: Robert T. Tomlinson, Director, Tariff and Certificates Department, El Paso Natural Gas Company, 100 North Stanton, El Paso, Texas 79901, (915) 496-5959.

Additionally, copies of this application are located at the City of Carlsbad Municipal Library in Carlsbad, Eddy County, New Mexico.

Any person desiring to be heard or to make any protest with reference to said application should, on or before November 3, 1999 file with the Federal Energy Regulatory Commission, Washington, DC 20426, a protest or motion to intervene in accordance with the requirements of Rule 211 or 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 or 385.214) and the Regulations Under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this document if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that the requested abandonment is required by the public

convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for El Paso to appear or be represented at the hearing.
