This Draft EIS analyzes the environmental impacts associated with the proposed action, three action alternatives, and the no action alternative.

To assist the BLM and Navy in identifying and considering issues and concerns regarding the proposed action and alternatives, comments on the Draft EIS should be as specific as possible. It is also helpful if comments refer to specific pages or chapters in the document. Comments may address the adequacy of the Draft EIS and/or the merits of the alternatives formulated and discussed in the document.

After the extended comment period ends for the Draft EIS, comments will be analyzed and considered jointly by the BLM and the Navy in preparing the Final EIS.
