### **COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED**

#### **Procurement List; Additions and Deletion**

**AGENCY:** Committee for Purchase From People Who Are Blind or Severely Disabled.

**ACTION:** Additions to and deletion from the Procurement List.

**SUMMARY:** This action adds to the Procurement List a commodity and services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities, and deletes from the Procurement List a commodity previously furnished by such agencies.

**EFFECTIVE DATE:** November 22, 1999.

**ADDRESSES:** Committee for Purchase From People Who Are Blind or Severely Disabled, Crystal Gateway 3, Suite 310, 1215 Jefferson Davis Highway, Arlington, Virginia 22202-4302.

**FOR FURTHER INFORMATION CONTACT:** Beverly Milkman (703) 603-7740.

**SUPPLEMENTARY INFORMATION:** On July 23, and September 3, and 10, 1999, the Committee for Purchase From People Who Are Blind or Severely Disabled published notices (64 FR 39968, 48345 and 49147) of proposed additions to and deletion from the Procurement List:

#### **Additions**

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the commodity and services and impact of the additions on the current or most recent contractors, the Committee has determined that the commodity and services listed below are suitable for

procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the commodity and services to the Government.

2. The action will not have a severe economic impact on current contractors for the commodity and services.

3. The action will result in authorizing small entities to furnish the commodity and services to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the commodity and services proposed for addition to the Procurement List.

Accordingly, the following commodity and services are hereby added to the Procurement List:

#### *Commodity*

Portfolio, Canvas, Imprintable  
8105-00-NIB-1079

#### *Services*

Administrative Services  
National Advocacy Center, 1620 Pendleton Street, Columbia, South Carolina

#### *Furniture Rehabilitation*

GSA National Furniture Center, Arlington, Virginia  
(50% of the Government requirement)

#### *Janitorial/Custodial*

Naval Reserve Center, Fort Harrison, South Avenue, Helena, Montana

#### *Mailroom Operation*

U.S. Army Space and Missile Defense Command (SMDC), 106 Wynn Drive, Huntsville, Alabama

#### *Switchboard Operation*

Ellsworth Air Force Base, South Dakota

This action does not affect current contracts awarded prior to the effective date of this addition or options that may be exercised under those contracts.

#### **Deletion**

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action may not result in any additional reporting, recordkeeping or

other compliance requirements for small entities.

2. The action will not have a severe economic impact on future contractors for the commodity.

3. The action may result in authorizing small entities to furnish the commodity to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the commodity deleted from the Procurement List.

After consideration of the relevant matter presented, the Committee has determined that the commodity listed below is no longer suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

Accordingly, the following commodity is hereby deleted from the Procurement List:

#### **Certain Corrosion-Resistant Carbon Steel Flat Products From Japan: Final Results of Changed Circumstances Antidumping Duty Review, and Revocation in Part of Antidumping Duty Order**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of final results of changed circumstances antidumping duty review, and revocation in part of antidumping duty order.

**SUMMARY:** On September 7, 1999, the Department of Commerce (the Department) published a notice of initiation of a changed circumstances antidumping review and preliminary results of review with intent to revoke, in part, the antidumping duty order on certain corrosion-resistant carbon steel flat products from Japan. We are now revoking this order in part, with regard to two products: (1) Steel coil with an aluminum alloy lining, and (2) steel coil with a polytetrafluorethylene (PTFE)/lead-based lining, as described in the "Scope" section of this notice, based on the fact that domestic parties have

expressed no further interest in the relief provided by the order with respect to the importation or sale of this steel coil lined with an aluminum alloy or with a PTFE/lead-based lining, as so described.

**EFFECTIVE DATE:** October 22, 1999.

#### *The Applicable Statute*

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations at 19 CFR part 351 (1999).

#### **SUPPLEMENTARY INFORMATION:**

#### **Background**

On August 27, 1999, Taiho Corporation of America (Taiho America) requested that the Department revoke in part the antidumping duty order on certain corrosion-resistant carbon steel flat products from Japan with respect to steel coil with an aluminum alloy lining and steel coil with a PTFE/lead-based lining, used in the manufacture of plain sleeve bushings. Taiho America stated in its request that it had contacted the counsel for petitioners and they expressed no objection to the changed circumstances request and further stated that they had no interest in the merchandise. (See *Request for Changed Circumstances Review from Taiho Corporation of America; Certain Corrosion-Resistant Carbon Steel Flat Products from Japan*, August 27, 1999, (*Request for Changed Circumstance Review*)). The following domestic producers of corrosion-resistant steel products also filed a statement on August 27, 1999: Bethlehem Steel Corporation; Ispat Inland Steel; LTV Steel Company, Inc.; National Steel Corporation; and U.S. Steel Group, a unit of USX Corporation. In this statement, domestic producers expressed no objection to the initiation of the changed circumstances review, nor any interest in the importation or sale of steel from Japan with respect to the products described in the request submitted by Taiho America. (See Letter from Skadden, Arps, Slate, Meagher &

Flom, LLP; *Certain Corrosion-Resistant Carbon Steel Flat Products from Japan: Changed Circumstances Review*, August 27, 1999.)

We preliminarily determined that the petitioner's affirmative statement of no interest constituted changed circumstances sufficient to warrant a review and partial revocation of the order. Consequently, on September 7, 1999, the Department published a notice of initiation and preliminary results of changed circumstance antidumping duty review with an intent to revoke the order, in part (64 FR 48579).

The merchandise under review is currently classifiable under subheading 7212.50.00 of the *Harmonized Tariff Schedule of the United States* (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope is dispositive.

#### **Scope of Changed Circumstances Review**

The merchandise covered by the antidumping duty order is certain corrosion-resistant carbon steel flat products from Japan. This changed circumstances review covers: (1) Carbon steel flat products measuring 1.84 mm in thickness and 43.6 mm or 16.1 mm in width consisting of carbon steel coil (SAE 1008) clad with an aluminum alloy that is balance aluminum, 20% tin, 1% copper, 0.3% silicon, 0.15% nickel, less than 1% other materials and meeting the requirements of SAE standard 783 for Bearing and Bushing Alloys; and (2) carbon steel flat products measuring 0.97 mm in thickness and 20 mm in width consisting of carbon steel coil (SAE 1008) with a two-layer lining, the first layer consisting of a copper-lead alloy powder that is balance copper, 9% to 11% tin, 9% to 11% lead, less than 1% zinc, less than 1% other materials and meeting the requirements of SAE standard 792 for Bearing and Bushing Alloys, the second layer consisting of 45% to 55% lead, 38% to 50% PTFE, 3% to 5% molybdenum disulfide and less than 2% other materials.<sup>1</sup>

#### **Comments**

*Comment:* In the preliminary determination we provided parties the opportunity to comment. We received one comment from domestic producers. Domestic producers claim that the Department's description of the merchandise to be excluded from the

order in the substantive portion of its preliminary results differed in several important respects from the description of the merchandise in Taiho America's August 26, 1999 *Request for Changed Circumstances Review*. The domestic producers claim that their statement of no interest was based on the description of the products in Taiho America's request, and argue that the final results should specifically cover only those products as detailed in this document.

*Department's Position:* We agree with the domestic producers. The products for which we are revoking the antidumping duty order, which we describe above, are exactly those described in Taiho America's *Request for Changed Circumstances Review* of August 27, 1999.

#### **Final Results of Review and Partial Revocation of the Antidumping Duty Order**

The affirmative statement of no interest by the petitioner concerning the steel coil with an aluminum alloy lining and the steel coil with a PTFE/lead-based lining and the fact that no interested parties objected to or otherwise commented on our preliminary results of review, except as noted above, constitutes changed circumstances sufficient to warrant partial revocation of the order. Therefore, the Department is partially revoking the order on certain corrosion-resistant carbon steel flat products in reference to the two types of products described above, in accordance with sections 751(b) and (d) and 782(h) of the Act and 19 CFR 351.222(g)(i). This partial revocation applies to all unliquidated entries of the above-described merchandise not subject to final results of administrative review as of the date of publication in the **Federal Register** of these final results of changed circumstances review.

The Department will instruct the Customs Service (Customs) to proceed with liquidation, without regard to antidumping duties, of all unliquidated entries of steel coil with an aluminum alloy lining and steel coil with a PTFE/lead-based lining, as specifically described in the "Scope of Review" section above, and entered, or withdrawn from the warehouse, for consumption on or after August 1, 1997, i.e., all unliquidated entries of this merchandise not subject to final results of administrative review as of the date of publication in the **Federal Register** of these final results of changed circumstances review. The Department will further instruct Customs to refund with interest any estimated duties collected with respect to unliquidated

<sup>1</sup> The Department described the products covered by this review incorrectly in one section of its initiation notice of September 7, 1999 (64 FR 48579). The specifications listed in this notice are the specifications of the products under review.

entries of steel coil with an aluminum alloy lining and steel coil with a PTFE/lead-based lining entered or withdrawn from the warehouse for consumption on or after the publication date of the final results of this changed circumstances review, in accordance with section 778 of the Act.

This notice also serves as a final reminder to parties subject to administrative protection orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.34(d)(1997). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This changed circumstances review, partial revocation of the antidumping duty order, and notice are in accordance with sections 751(b) and (d) and 782(h) of the Act and sections 351.216, 351.221(c)(3), and 351.222(g) of the Department's regulations.

Dated: October 14, 1999.

Assistant Secretary for Import  
Administration.

#### Preliminary Results of Full Sunset Review: Tapered Roller Bearings From the People's Republic of China

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of preliminary results of full sunset review: tapered roller bearings from the People's Republic of China.

**SUMMARY:** On April 1, 1999, the Department of Commerce ("the Department") initiated a sunset review of the antidumping duty order on tapered roller bearings (64 FR 15727) pursuant to section 751(c) of the Tariff

Act of 1930, as amended ("the Act"). On the basis of a notice of intent to participate and adequate substantive comments filed on behalf of domestic and respondent interested parties, the Department determined to conduct a full (240-day) review. As a result of this review, the Department preliminarily finds that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping at the levels indicated in the Preliminary Results of Review section of this notice.

**FOR FURTHER INFORMATION CONTACT:** Kathryn B. McCormick or Melissa G. Skinner, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-1698 or (202) 482-1560, respectively.

**EFFECTIVE DATE:** October 22, 1999.

#### Statute and Regulations

This review is being conducted pursuant to sections 751(c) and 752 of the Act. The Department's procedures for the conduct of sunset reviews are set forth in *Procedures for Conducting Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders*, 63 FR 13516 (March 20, 1998) ("Sunset Regulations") and in CFR part 351 (1999) in general. Guidance on methodological or analytical issues relevant to the Department's conduct of sunset reviews is set forth in the Department's Policy Bulletin 98.3—*Policies Regarding the Conduct of Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders*; Policy Bulletin, 63 FR 18871 (April 16, 1998) ("Sunset Policy Bulletin").

#### Scope

The merchandise covered by this antidumping duty order (52 FR 22667, June 15, 1987) includes tapered roller bearings ("TRBs") and parts thereof, finished and unfinished, from the People's Republic of China ("PRC"); flange, take up cartridge, and hanger units incorporating tapered roller bearings; and tapered roller housings (except pillow blocks) incorporating tapered rollers, with or without

spindles, whether or not for automotive use. The subject merchandise was originally classified under item numbers 680.30, 680.39, 681.10, 692.32 of the Tariff Schedules of the United States Annotated ("TSUSA"); currently, according to the U.S. Customs Service, they are classifiable under item numbers 8482.20.00.10, 8482.20.00.20, 8482.20.00.30, 8482.20.00.40, 8482.20.00.50, 8482.20.00.60, 8482.20.00.70, 8482.20.00.80, 8482.91.00.50, 8482.99.15.00, 8482.99.15.40, 8482.99.15.80, 8483.20.40.80, 8483.20.80.80, 8483.30.80.20, 8708.99.80.15 and 8708.99.80.80 of the Harmonized Tariff Schedule of the United States ("HTSUS") (see June 8, 1999, Memorandum to File: HTSUS Numbers for Tapered Roller Bearings). Although the above HTSUS and TSUSA subheadings are provided for convenience and customs purposes, the written description remains dispositive.

In the ninth administrative review (62 FR 61276, 61289, November 17, 1997), the Department clarified the scope of the order when it added two additional HTSUS numbers (8708.99.90.15 and 8708.99.80.80) applicable to imports of the subject merchandise which previously had not been included in the order. In addition, the Department clarified under the HTSUS numbers that should correspond to subject merchandise previously classified under TSUSA item number 692.32 in the original antidumping order. We note that scope rulings are made on an order-wide basis.

#### History of the Order

In the original investigation, covering the period September 1, 1985 through August 31, 1986 (55 FR 6669, February 26, 1990), the Department determined a margin of 0.97 for Premier Bearing & Equipment, Ltd. ("Premier"); 4.69 percent for China National Machinery & Equipment Import & Export Corporation ("CMEC") and 2.96 percent for "all others."

There have been ten administrative reviews for the subject antidumping duty order. A summary of these reviews follows:
