- k. Status of environmental analysis: This application is not ready for environmental analysis at this time.
- l. Description of the Project: The project consists of the following existing facilities: (1) a 78-foot-high, 382-footlong earth-faced rock fill dam; (2) a 4foot-wide by 4-foot-high horizontal intake structure, having a trashrack with 1.0-inch clear bar spacing; (3) a 6,250foot-long steel penstock leading to a concrete and steel powerhouse containing a single generating unit, having an installed capacity of 1,440 kW; (4) a 37-acre impoundment that extends approximately 0.7 miles upstream; and (5) appurtenant facilities. The applicant estimates the total average annual generation would be approximately 5,000 MWh.
- m. Locations of the application: A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE, Room 2A, Washington, DC 20246, or by calling (202) 208–1371. Notice of Application Accepted for Filing and Soliciting Motions To Intervene and Protests

October 18, 1999.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- a. *Type of Application:* Preliminary Permit.
 - b. Project No.: P-11812-200.
 - c. Date filed: September 2, 1999.
- d. *Applicant:* Universal Electric Power Corporation.
- e. *Name of Project:* Pueblo Dam Hydro Project.
- f. Location: At the existing U.S. Bureau of Reclamation's Pueblo Dam and Reservoir on the Arkansas River, near the Town of Pueblo, County, Colorado.
- g. *Filed Pursuant to:* Federal Power Act 16 U.S.C. 791 (a)–825(r).
- h. *Applicant Contact:* Mr. Ronald S. Feltenbeger, Universal Electric Power Corp., 1145 Highbrook Street, Akron, Ohio 44301, (330) 535–7115.
- i. *FERC Contact*: Ed Lee (202) 219–2809 or E-mail address at Ed.Lee@FERC.fed.us.
- j. *Deadline for filing motions to intervene and protest:* 60 days from the issuance date of this notice.

All documents (original and eight copies) should be filed with: David P. Boergers, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervene or files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

- k. This application is not ready for environmental analysis at this time.
- l. Description of Project: The proposed project would utilize the existing U.S. Bureau of Reclamation's Pueblo Dam and Reservoir, and would consist of the following facilities: (1) four new steel penstocks, each about 50-foot-long and 8-foot-in-diameter; (2) a new powerhouse to be constructed on the downstream side of the dam having an installed capacity of 3,000 kilowatts; (3)

a new .25-mile-long, 14.7-kilovolt transmission line; and (4) appurtenant facilities. The proposed average annual generation is estimated to be 18.4 gigawatthours. The cost of the studies under the permit will not exceed \$1,000,000.

m. Available Locations of Application: A copy of the application is available for inspection and reproduction at the Commission's Public Reference and Files Maintenance Branch, located at 888 First Street, NE, Room 2-A, Washington, DC 20426, or by calling (202) 219–1371. A copy is also available for inspection and reproduction at Universal Electric Power Corp., Mr. Ronald S. Feltenberger, 1145 Highbrook Street, Akron, Ohio 44301, (330) 535-7115. A copy of the application may also be viewed or printed by accessing the Commission's website on the Internet at http://www.ferc.fed.us/online/rims.htm or call (202) 208-2222 for assistance.

n. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

Preliminary Permit—Anyone desiring to file a competing application for preliminary permit for a proposed project must submit the competing application itself, or a notice of intent to file such an application, to the Commission on or before the specified comment date for the particular application (see 18 CFR 4.36). Submission of a timely notice of intent allows an interested person to file the competing preliminary permit application no later than 30 days after the specified comment date for the particular application. A competing preliminary permit application must conform with 18 CFR 4.30(b) and 4.36.

Preliminary Permit—Any qualified development applicant desiring to file a competing development application must submit to the Commission, on or before a specified comment date for the particular application, either a competing development application or a notice of intent to file such an application. Submission of a timely notice of intent to file a development application allows an interested person to file the competing application no later than 120 days after the specified comment date for the particular application. A competing license application must conform with 18 CFR 4.30(b) and 4.36.

Notice of intent—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

Proposed Scope of Studies under Permit—A preliminary permit, if issued, does not authorize construction. The term of the proposed preliminary permit would be 36 months. The work proposed under the preliminary permit would include economic analysis, preparation of preliminary engineering plans, and a study of environmental impacts. Based on the results of these studies, the Applicant would decide whether to proceed with the preparation of a development application to construct and operate the project.

Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

Filing and Service or Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS", "NOTICE OF INTENT TO FILE COMPETING APPLICATION", "COMPETING APPLICATION", "PROTEST", "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. An additional copy must be sent to Director, Division of Project Review, Federal Energy Regulatory Commission, at the abovementioned address. A copy of any notice of intent, competing application or motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file

comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

David P. Boergers,

Secretary.
