Guam: Adequacy Determination of State Municipal Solid Waste Permit Program

AGENCY: Environmental Protection Agency.

ACTION: Notice; extension of comment period for tentative determination to fully approve the adequacy of the Guam Municipal Solid Waste Permitting Program.

SUMMARY: Section 4005(c)(1)(B) of the Resource Conservation and Recovery Act (RCRA), as amended by the Hazardous and Solid Waste Amendments (HSWA) of 1984, 42 U.S.C. 6945(1)(B), requires states to develop and implement permit programs to ensure that municipal solid waste landfills (MSWLFs), which may receive hazardous household waste or small quantity generator hazardous waste will comply with the revised Federal MSWLF Criteria (40 CFR part 258). RCRA section 4005(c)(1)(C), 42 U.S.C. 6945(c)(1)(C), requires the Environmental Protection Agency (EPA) to determine whether states have adequate "permit" programs for MSWLFs, but does not mandate issuance of a rule for such determinations. Approved State permit programs provide for interaction between the State and the Owner/Operator regarding site-specific permit conditions. Only those owners/operators located in States with approved permit programs can use the site specific flexibilities provided by 40 CFR part 258 to the extent the State permit program allows such flexibility. EPA notes that, regardless of the approval status of any facility, the federal landfill criteria shall apply to all permitted and unpermitted MSWLF facilities.

Guam is defined as a "State" in 40 CFR 258.2. Guam has applied for a determination of adequacy under section 4005(c)(1)(C) of RCRA, 42 U.S.C. 6945(c)(1)(C). EPA Region IX has reviewed Guam's MSWLF permit

program application and has made a tentative determination that all portions of Guam's MSWLF permit program are adequate to assure compliance with the revised MSWLF Criteria. Guam's application for program adequacy determination is available for public review and comment at the place(s) listed in the ADDRESSES section below during regular office hours.

RCRA does not require EPA to hold a public hearing on a determination to approve any State's MSWLF permit. However, if a sufficient number of persons express interest in participating in a hearing by writing to the Region IX Solid Waste Program or calling the contact given below by November 22, 1999 the Region will hold a hearing in Tiyan, Guam. The Region will notify all persons who submit comments on this notice if it appears that there is sufficient public interest to warrant a hearing. In addition, anyone who wishes to learn whether the hearing will be held may call the person listed in the FOR FURTHER INFORMATION CONTACT section below.

DATES: The Public Comment Period for Guam's application for a determination of adequacy has been extended to November 22, 1999. All comments on Guam's application for a determination of adequacy must be received by the close of business on November 22, 1999. If there is sufficient interest, a public hearing will be held in Tiyan, Guam at least 45 days from the date of notice that such a hearing will be held. Guam's Environmental Protection Agency will participate in the public hearing, if held by EPA on this subject.

ADDRESSES: Written comments should be sent to Ms. Heidi Hall, Chief, Solid Waste Program, mail code WST-7, EPA Region IX, 75 Hawthorne Street, San Francisco, California 94105. The public hearing, if held, will be held at the Guam Environmental Protection Agency's Main Conference Room, Building 15-6101 Mariner Avenue, Tiyan, Guam. Copies of Guam's application for adequacy determination are available at the following address for inspection and copying: Guam Environmental Protection Agency, Calibration Laboratory Building, 15-6101 Mariner Ave. Tiyan, Barrigada, Guam between the hours of 8:00 a.m. and 5:00 p.m.

FOR FURTHER INFORMATION CONTACT: EPA Region IX, 75 Hawthorne Street, San Francisco, California 94105 attention Ms. Beth Godfrey, mail code WST-7, telephone 415 744-2095.
