#### National Fuel Gas Supply Corporation; Notice of Proposed Changes in FERC Gas Tariff

November 1, 1999.

Take notice that on October 21, 1999, National Fuel Gas Supply Corporation (National Fuel), tendered for filing as part of its FERC Gas Tariff, Fourth Revised Volume No. 1, Original Sheet No. 13, with a proposed effective date of November 1, 1999.

National Fuel states that the filing is made to implement firm storage agreements between National Fuel and National Fuel Resources, Inc. (NFR), TXU Energy Trading Company (TXU), and Engage U.S., L.P. (Engage). National Fuel states that each of these agreements provides for negotiated rates pursuant to GT&C Section 17.2 of National Fuel's tariff and the Commission's policy regarding negotiated rates. National Fuel states that under its agreements with NFR, TXU and Engage, firm storage service would be provided under its FSS Rate Schedule at a formula rate based upon the difference between the price of gas at Niagara, as published by Gas Daily, applicable at the time of injection, and such price applicable at the time of withdrawal. The specific formula is set forth in the amendments to the agreements, which accompany National Fuel's tariff filing.

National Fuel states that copies of this filing were served upon its customers and interested state commissions.

#### Transcontinental Gas Pipe Line Corporation; Notice of Filing

November 1, 1999.

Take notice that Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing in the referenced docket on October 21, 1999 a revised tariff sheet to its FERC Gas Tariff, Third Revised Volume No. 1. The effective date for the revised tariff sheet is December 1, 1999.

Transco states that its Cash Out Modification filing of October 13, 1999 in Docket No. RP00-24 (October 13 Filing) inadvertently left out part of a phrase in the General Terms and Conditions Section 37.1(b) that describes how the imbalance percentage for a shipper is calculated. The imbalance percentage calculation process is currently in Transco's tariff and not among the cash out provisions that Transco proposes to modify in its October 13 filing. The purpose of the filing is to supplement the October 13 Filing to reflect the correct imbalance percentage calculation.

In accordance with the provisions of Section 154.2(d) of the Commission's Regulations, copies of this filing are available for public inspection, during regular business hours, in a convenient form and place at Transco's main office at 2800 Post Oak Boulevard in Houston, Texas. In addition, Transco is serving copies of the instant filing to its affected customers and interested State Commissions.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC

20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
