FDA regrets that it was unable to publish this notice 15 days prior to the November 19, 1999, Gastroenterology and Urology Devices Panel of the Medical Devices Advisory Committee meeting. Because the agency believes there is some urgency to bring this issue to public discussion and qualified members of the Gastroenterology and Urology Devices Panel of the Medical Devices Advisory Committee were available at this time, the Commissioner concluded that it was in the public interest to hold this meeting even if there was not sufficient time for the customary 15-day public notice.

Notice of this meeting is given under the Federal Advisory Committee Act (5 U.S.C. app. 2).

Dated: October 29, 1999.

Notice of Exchange Proposal/Notice of Intent To Prepare Two Environmental Impact Statements for the Proposed Santo Domingo and San Felipe Land Exchanges

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of exchange proposal; notice of intent.

SUMMARY: Notice is hereby given that the Bureau of Land Management (BLM)

is considering two proposals to exchange lands pursuant to Section 206 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1716), as amended by the Federal Land Exchange Facilitation Act of August 20, 1988. This also serves as a Notice of Intent to prepare two Environmental Impact Statements (EIS's). The proposals are two separate land exchanges involving the BLM, the Pueblo of San Felipe and the Pueblo of Santo Domingo. These proposals supersede the three-way exchange proposal between the BLM, the State of New Mexico, and the two pueblos.

Under Section 102(2)(c) of the National Environmental Policy Act of 1969, the BLM Albuquerque Field Office will be directing the EIS preparation by a third-party contractor. The proposal is to exchange approximately 7,376.34 acres of federal surface and subsurface to the Santo Domingo Pueblo and approximately 9,459.03 acres to the San Felipe Pueblo. The lands are contiguous and located east of San Felipe and south of the Santo Domingo Reservations. The San Felipe and Santo Domingo Pueblos would then acquire, or cause to be acquired, BLM high-priority acquisition lands adding up to the fair market value of the federal lands. An escrow account may be used to purchase private or other lands of equal value, from a list of lands to be acquired for the BLM.

The lands to be acquired by the pueblos will be selected from the BLM's high-priority acquisition zones and may be within and adjacent to Wilderness Study Areas (WSAs), Areas of Critical Environmental Concern (ACECs), riparian areas and/or other Special Management Areas (SMAs) for the benefit of the BLM.

The following described public lands are being considered for disposal to the San Felipe Pueblo by the United States:
